FORWARD-LOOKING STATEMENTS

In this Annual Report, we have disclosed forward looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements written and oral - that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried, wherever possible, to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievements of results are subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise.

CDSL AT A GLANCE

Central Depository Services (India) Limited (hereafter referred to as CDSL / the Company) was initially promoted by the BSE Ltd. which thereafter divested its stake to leading banks. CDSL received the certificate of commencement of business from the Securities and Exchange Board of India (SEBI) in February 1999. All leading stock exchanges like the BSE Ltd., National Stock Exchange and Metropolitan Stock Exchange of India have established connectivity with our Company. Our constant endeavour is to provide convenient, dependable and secure depository services at affordable cost to all market participants.

To ensure proper functioning and the efficient discharge of our responsibilities, some of our activities have been organised in subsidiary companies.

CDSL SUBSIDIARIES

CDSL Ventures Limited (CVL)

CVL is registered with SEBI and the Unique Identification Authority of India (UIDAI) and MHRD.

Undertakes 'Know Your Client (KYC)' services for investors in the capital markets operates National Academic Depository.

CDSL Insurance Repository Limited

The subsidiary has arrangements with several life insurance companies and three general insurance companies for holding policies in electronic form.

The arrangement enables policy holders to hold and monitor insurance policies with ease.

CDSL Commodity Repository Limited (CCRL)

CCRL is operating a Commodity Repository on the lines of a Securities Depository under the jurisdiction of Warehousing Development and Regulatory Authority (WDRA).

OUR CLIENT PORTFOLIO AND THE SERVICES THAT WE OFFER TO THEM ARE ENUMERATED BELOW:

Depository Participants (DPs) and other capital market intermediaries

The DPs act as our agent and offer depository services to the beneficial owner (BO) of the securities. The Registrar and Transfer Agents ("RTAs") and Clearing Members ("CMs") are the other intermediaries involved in the process of issue and transfer of securities on our electronic platform.

Corporates

We offer facilities to issuers to credit securities to a shareholder's or applicant's demat accounts to

give effect to a range of non-cash corporate actions such as bonus issue, subdivision of holdings and conversion of securities in a merger, amalgamation or in an initial public offering.

Capital market intermediaries

We provide KYC services in respect of investors in Indian capital markets to all capital market intermediaries.

Insurance Companies

We facilitate holding of insurance policies in electronic form to the holders of these policies.

Commodity Exchanges and Warehouse Service Providers

We facilitate holding and transacting in electronic negotiable warehouse receipts (eNWRs). The eNWRs can be pledged or transferred in off market or market mode.

Others

We extend online services such as e-Voting, e-Locker, National Academy Depository, easi (Electronic Access to Security Information), easiest (Electronic Access to Security Information and Execution of Secured Transaction) and mobile application (MyEasi, M-Voting). We also regularly conduct investor meetings and other awareness programmes.

KEY STRENGTHS

1. India's leading securities depository with the highest share of incremental growth of BO accounts and largest network of DPs

- ☉ As of March 31, 2019, we had 597 DPs servicing across 29 states and 7 union territories including one overseas centres
- ☉ The number of service centres grew from 16,764 in FY 2015-16 to 19,460 in FY 2018-19
- ☉ Our BO accounts grew at a CAGR of 19% from 1.08 crore in FY 2015-16 to 1.74 crore in FY 2018-19

2. Convenient and dependable depository services at competitive prices for a wide range of securities

- ☉ We are directly connected to our DPs (operating from over 17,000 centres across India) through our centralised database systems which ensure relatively low initial set-up costs and minimal incremental costs. This allows our DPs to offer depository services on a real-time basis to our investors at competitive prices

3. Stable revenue base due to repeat business in multiple offerings in the Indian securities and financial services market

- ☉ As of March 31, 2019, we held over 1.88 crore capital market investor records under CVL, the first KYC Registration Agency (KRA)
- ☉ As of March 31, 2019, we had opened approximately 5 lakhs active e-Insurance accounts, holding more than 2,36,000 insurance policies in electronic form

4. State-of-the-art technology and robust infrastructure and IT systems

- ☉ We are one of the few depositories globally to be awarded ISO 22301:2012 certification for our Business Continuity Management System ("BCMS")
- ☉ Our Information Security Management System ("ISMS") complies with ISO 27001 standard

5. High economies of scale leading to steady growth in profitability

- ☉ Our stable business and steady revenue growth with control on costs has allowed us to consistently enhance investor's value

6. Led by an experienced senior management team

- ☉ The senior members of our management team have an average work experience of over 25 years
- ☉ We believe in continuous employee development and are continually investing in them through regular training programmes to improve skills and service standards, enhance loyalty, reduce attrition rates and increase productivity.

Events & Milestones

1999

- The Union Finance Minister of India, Mr. Yashwant Sinha flagged off the Company operations
- Commenced the settlement of trades in demat mode through BOI Shareholding Limited, the clearing house of BSE

2002

Surplus carried to Balance Sheet	42,708.42	38,679.60

The income from Operations comprising of Transaction charges, Annual Issuers Charges, Account Maintenance Charges, Settlement Charges, Corporate Action Charges, etc. during the year 2018-19 increased from ₹ 15,083.17 Lakhs to ₹ 15,234.12 Lakhs, recording an increase of 1% over the year 2017-18. Pursuant to regulation 73 of the SEBI (Depositories & Participants) Regulations, 2018, transfer of ₹ 367.65 Lakhs is made to Investor Protection Fund (IPF). After contribution to Investor Protection Fund, Profit before Tax (PBT) for the year ended 31st March, 2019 is ₹ 10,965.95 Lakhs as against ₹ 10,638.14 Lakhs of previous year. Similarly, Profit after Tax (PAT) is at ₹ 8,437.73 Lakhs as against ₹ 7,768.70 Lakhs. Thus, Profit before Tax & Profit after Tax for the year ended 31st March, 2019 has increased by 3% and 9% respectively over the previous year.

Highlights of performance of subsidiaries, associates and joint venture companies and their contribution to the overall performance of the Company during the financial year 2018-19

Financial performance of CDSL subsidiaries for the year ended March 31, 2019

₹ in Lakhs

	CDSL Ventures Limited	CDSL Insurance Repository Limited	CDSL Commodity Repository Limited
Total Income	4,999.01	275.87	455.94
Total Expenses	1,426.92	88.42	360.73
PBT	3,572.09	187.45	95.21
PAT	2,733.29	199.31	112.30
Contribution to Overall CDSL PAT %	24%	1%	1%

Dividend

Considering the performance of the Company for the year under review, your Directors have recommended a dividend of ₹ 4/- (Rupees Four only) per share (40%) for the year ended 31st March, 2019.

Share Capital and Shareholding

As on 31st March, 2019 the Share Capital of the Company is as given hereunder:

Authorised Share Capital: 150,00,00,000 divided into 15,00,00,000 equity shares of Rs 10 each.

Issued and Paid Up Share Capital: 104,50,00,000 divided into 10,45,00,000 equity shares of Rs 10 each.

Demat holding of Shareholders

As of 31st March, 2019, out of 10,45,00,000 shares, 10,44,99,590 shares are in demat mode and 410 shares are in physical mode.

The Capital Market Environment

During FY 2018-19, BSE-30 Sensex opened at 33,255 on 2nd April, 2018 and touched a high of 38,896 in August 2018 and thereafter closed at 38,672 on 29th March, 2019.

According to International Monetary Fund, India's growth forecast for FY 2019-20 is projected at 7.5% based on strengthening of investment and robust private consumption. India's economy is poised to pick up in 2019, benefiting from lower oil prices and a slower pace of monetary tightening than previously expected, as inflation pressures ease. India's GDP is expected to grow at 7.3 per cent in the fiscal year 2018-19, and 7.5 per cent in the following two years, the World Bank has forecast, attributing it to an upswing in consumption and

investment. The bank said India will continue to be the fastest growing major economy in the world.

As per Prime Database, 42 public issues have raised ₹ 36,405 crores in FY 2018-19 as compared to 81 public issues mobilizing ₹ 98,984 crores in FY 2017-18. In contrast to the sluggish sentiment in the equity markets, public bonds saw renewed momentum, with 26 issues raising Rs 36,715 crore — marking a five year high. The amount mobilised in FY 2018-19 was seven times higher than the Rs 5,167 crore raised FY 2017-18.

Operational Highlights

The markets witnessed diverse magnitude of volatility and growth levels based on global and domestic scenario and investor participation. Despite several challenges including the liquidity crisis in the domestic non-banking financial companies (NBFCs), global trade tensions and high international crude oil prices, the Indian markets have performed reasonably well during the financial year 2018-19. The digitization of various processes has helped to have easier access to stock markets and depository services. This has resulted in record increase in opening of demat accounts. In order to sustain the growth in its depository business, your Company continues to focus on enhancement of operational efficiency, upgradation of technology, service quality and enhanced emphasis on investor education through seminars / workshops.

Securities admitted

Securities like equity shares, preference shares, mutual fund units, debt instruments, government securities, certificates of deposit, commercial papers and a host of other instruments are available for dematerialization by the investors.

Investor Awareness / Education Seminars

CDSL regularly conducts Investor Awareness Programs in association with various market intermediaries, MIIs and SEBI. Capital Market Awareness for retail investors through such programs has been a major focus area. We believe investor education can become a significant key to achieving financial inclusion in the Capital market. To this end, CDSL Investor Protection Fund (IPF) has conducted more than 450 Investor Awareness Programs (IAPs) in this year. Out of these more than 330 programs were conducted in tier 2 & tier 3 cities and towns. This initiative allowed investors across geographies, professions and age groups including students, corporate employees, government servants to come together and learn

● STATUTORY REPORTS-BOARD OF DIRECTOR'S REPORT

the basics of Capital Markets, advantages of holding securities in demat form, importance of Financial Planning, Investment avenues available, etc. CDSL IPF has also conducted IAPs in association with financial institutions, ICSI, AMCs and regional Seminars & IAPs with SEBI in various cities. We have also conducted webinar to reach investors digitally. Although, these IAPs reach out to investors in major metros, we have focussed to reach the investors in tier-2 and tier-3 cities to inculcate the habit of investment in securities. CDSL IPF has tied up with various regional newspapers to attract large number of investors to attend these IAPs. During the IAPs, informative booklets in English, Hindi and other regional languages were distributed for the benefit of investors.

New Initiatives

Consolidated Account Statement (CAS)

Your Company provides to a demat account holder holding mutual fund units in Statement of Account (SOA) form the CAS with information about transactions and securities held across multiple demat accounts with various Depository Participants-across depositories along with mutual fund units held in SOA form. The CAS also provides additional information with respect to mutual fund investments like total purchase value / cost of investment in each scheme of mutual fund in monthly transaction CAS and information like the amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme, the scheme's average Total Expense Ratio (in percentage terms) for the half-year period, etc. CDSL also provides a facility to its demat account holders to access its website and download CAS after providing certain security information. The demat account holders can also update/ modify the email ID and opt for receipt of electronic CAS using CDSL's website.

System Enhancements

During the year your Company released a number of system enhancements for increasing the efficacy of processes

- Transfer in favor of demat account of the Investor Education and Protection fund Authority of securities in respect of which dividend has not been paid or claimed for a period of seven consecutive years or more. CDSL maintains the details of shareholders whose securities have been transferred and the subsequent corporate actions thereon. CDSL also released online facility to IEPF Authority to process requests received for Refund of shares to the Holder of the shares whose shares were earlier transferred to IEPF Authority Account. Various MIS reports are being provided to the IEPF Authority and the RTAs.
- A system for monitoring of foreign investment limits in listed companies.
- To bring more flexibility in the existing process, CDSL in coordination with NSCCL developed and released a functionality wherein NSE CMs can now create a pledge in favor of NSCCL for Collateral and / or Margin purpose from their designated 'Collateral Account(s)' maintained with any DP of CDSL to the designated account of NSCCL as a pledgee maintained with NSCCL. This facility is in addition to the existing mechanism to pledge the securities through demat account maintained with the approved custodians.

d. Development of CDSL Online Application System for admission of unlisted companies wherein Issuers and also Registrar and Transfer Agents (RTAs) can log in and facilitate the admission process of unlisted companies in CDSL. The Online Application System provides a convenient, dependable and secure mode of admission of unlisted companies in CDSL. Through this system, unlisted companies and RTAs who wish to admit securities for dematerialization in CDSL can electronically provide all the required information to CDSL and also upload digitally signed documents in the system. On submission of digitally signed documents, the Issuer / RTA need not submit physical documents to CDSL

Transaction Cum Holding Statements

As of 31st March, 2019 210 Depository Participants (DPs) have availed of the service of dispatch of transaction cum holding statements (DOTS and e-DOTS). In 2018-19, CDSL has processed 19.77 Lakh statements.

Corporate Bond database

The Corporate Bond database maintained by your Company as mandated by SEBI vide its Circular No. CIR/IMD/DF/17/2013 dated October 22, 2013, contains information of over 23,888 bonds issued in demat form by over 2,806 Issuers. The database provides comprehensive information on the corporate debt instruments including details of Issuers, Instruments issued along with the listing status, Redemption details, Names of Debenture Trustees and Credit Ratings along with the names of the Rating Agencies.

The credit rating agencies CRISIL, CARE, ICRA and India Rating are accessing your Company's corporate bond database through the secure login and are verifying the credit rating displayed and also updating subsequent rating migrations. The comprehensive and updated information disseminated by your Company at a single place provides valuable information to the investors and assists them in taking a more informed investment decision.

Trade Repository of Corporate Bonds

Your Company has data of about 9,172 ISINs for primary market issuances and about 9,379 ISINs pertaining to secondary market being traded in the stock exchanges.

Technology Initiatives:

As a part of continual upgradation process,

CDSL has migrated its interface provided to BO/CM(easi/Easiest) to latest .net technology and now is in the process of migration DP /RTA interface to .net platform. CDSL has also upgraded its database version to latest one. Further considering growth over next 5 years, CDSL has procured and deployed new reporting servers at Main and DR site. CDSL always benchmarks its practices against ISO standards and accordingly has undergone periodic audit for ISO 27001 conducted by DNV and is recommended for continuity of certificate. Further CDSL has also undergone recertification audit for ISO 22301:2012 (Business Continuity Management System) and has been recommended for Certification with validity of 3 years. CDSL's e-Voting services has also undergone recertification audit for ISO 9001:2015 certification and has been recertified for period of 3 years.

Continuing Professional Education (CPE) Programs - Depository Operations Certification Examination (DOCE)

National Institute of Securities Markets (NISM) has been offering Continuing Professional Education (CPE) Programs for Associated Persons in the Securities Market Intermediaries.

CDSL, as a NISM Accredited CPE Provider for conducting CPE Programs, has successfully carried out 47 programs for 778 participants during the year.

CVL's National Academic Depository(C-NAD)

National Academic Depository (NAD) is a Digital Depository of Academic Awards (X & XII Certificates, Diplomas, Degrees, Marksheets, Transcripts, etc.). The Government of India, Ministry of Human Resources Department (MHRD) has designated University Grants Commission (UGC) as the authorised body for implementation of NAD.

As on 31st March, 2019 NAD has over 521 Academic Institutions (Universities/Boards, etc.), 1,04,88,960 Academic Awards, 2,70,000 plus Students and 114 Verifying entities as compared to 277 Academic Institutions, 29,08,721 Academic Awards, 23,000 plus Students and 100 Verifying entities in last financial year.

e-Voting

As on 31st March, 2019, 5,441 companies have signed agreements with CDSL to conduct e-Voting. So far the e-Voting system recorded 21,380 instances of voting carried out by 4,757 Companies.

e-Notices

In the light of Green Initiative in the Corporate Governance by Ministry of Corporate Affairs, CDSL has started offering the services to companies for sending documents to its shareholders electronically. As on 31st March, 2019, a total of 349 companies have signed for availing this services.

Corporate Social Responsibility (CSR)

The Board has framed a CSR Policy in compliance with the requirements of Section 135 of the Companies Act, 2013 read with the Companies (Corporate Social Responsibility Policy) Rules, 2014. In accordance with its CSR philosophy and the specified activities under the Act, the CSR activities of the Company has thrust areas including eradicating extreme hunger and poverty; promotion of education; promoting gender equality and empowering women; reducing child mortality and improving maternal health; combating human immuno deficiency virus, acquired immune deficiency syndrome, malaria and other diseases; ensuring environmental sustainability; employment enhancing vocational skills; social business projects; contribution to the Prime Minister's National Relief Fund or any other fund set up by the Central Government or the State Governments for socio-economic development and relief and funds for the welfare of the Scheduled Castes, the Scheduled Tribes, other backward classes, minorities and women. Your Company has constituted a robust and transparent governance structure to oversee the implementation of its CSR Policy.

The Corporate Social Responsibility Policy can be accessed on website of the Company www.cdslindia.com.

The Company has been actively associated with various NGOs in providing various facilities involving Capital expenditure for a sustainable impact of CSR activities. During the FY 2018-19, your Company has sponsored various projects and the report on CSR activities pursuant to section 135 and Schedule VII of the Companies Act, 2013 read with Companies (Corporate Social Responsibility Policy) Rules, 2014 is given in (\ **(Annexure A)**

Risk Management Policy

The risk management policy identifying the various elements of risk is explained in detail in the Management Discussion and Analysis Report attached as **(Annexure G)**. The Risk Management

Policy of your Company can be accessed on the website of the Company www.cdslindia.com.

Change in the Nature of Business

The Company has not undergone any changes in the nature of the business during the Financial Year 2018-19.

Material changes affecting the financial position which have occurred between the end of the financial year and the date of the report.

No material changes affecting the financial position have occurred between the end of the financial year and the date of the report.

Prevention of Money Laundering Act

The Prevention of Money Laundering Act, 2002 (PMLA) has been brought into force with effect from 1st July, 2005. Subsequent amendments were made to the PMLA Act 2002 and Prevention of Money-laundering (Maintenance of Records) Rules 2005 vide SEBI circular CIR/MIRSD/1/2014 dated 12th March, 2014. CDSL and its depository participants fall under the category of 'intermediaries' under section 12 of the SEBI Act and hence, PMLA and the policy guidelines issued by the regulators to combat money laundering are applicable to depository operations.

As required under the guidelines, CDSL has designated Principal Officer, Alternate Officer and Designated Director to ensure compliance with these guidelines. CDSL has prepared policy guidelines for implementation of PMLA and the same is reviewed periodically.

CDSL conducted training programs across the country and updated depository participants and their internal auditors on compliance with PMLA provisions and filing of Suspicious Transaction Reports

ANNEXURE F

REPORT ON CORPORATE GOVERNANCE

I. Company’s Philosophy on Code of Corporate Governance

Corporate governance practices based on fairness, equity, accountability, transparency and commitment to ethical values have driven Company’s business. The Company has prescribed Code of Conduct and Ethics for its Directors and Key Management Personnel. It has also framed a policy which is applicable for all employees of the Company preventing them from dealing with any price sensitive capital market related information whether authenticated or otherwise. The policies and business strategies of the Company aim at providing secure and efficient depository services to investors within the prescribed legal framework. Business strategies are framed and implemented within compliance requirements.

The Company has disclosed the requirements stipulated under Regulations 17 to 27 read with para C and D of Schedule V and clauses (b) to (i) of sub-regulation (2) of Regulation 46 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (SEBI (LODR) Regulations, 2015) as applicable, with regard to Corporate Governance. The Company endeavors to ensure that highest standards of ethical and responsible conduct are met throughout the organization.

II. Board of Directors

a) Composition and category of directors

The Company has an active, experienced and a well-informed Board. The Board along with its Committees undertakes its fiduciary duties keeping in mind the interests of all its stakeholders and the Company’s corporate governance philosophy

The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 (SEBI (D & P) Regulations 2018) stipulates that the governing board of the Company shall include Shareholder Directors, Public Interest Directors and managing director. The number of Public Interest Directors shall not be less than the number of Shareholder Directors on the governing board of the Company. A Public

Interest Director is defined as an Independent Director representing the interest of investors in securities market and who is not having any association directly or indirectly, which in the opinion of SEBI, is in conflict with the role. Shareholder director means a director who represents the interest of shareholders, and elected or nominated by such shareholders who are not depository participants, or their associates and agents.

All Directors of the Company are “fit and proper person” in terms of regulation 23 SEBI (D & P) Regulations 2018.

During the year under review, the Board of Directors of the Company had an optimum combination of both executive and non-executive Directors with at least one Independent Woman Director and not less than fifty per cent of the board of directors comprised of non-executive directors in conformity with regulation 17 of the SEBI (LODR) Regulations, 2015.

As on 31st March, 2019, the governing Board of the Company comprised of seven Directors, out of which four were Public Interest Directors, two were Shareholder Directors and a managing director in compliance with Regulation 24 (1) of the SEBI (D & P) Regulations 2018.

3. Smt. Usha Narayanan
4. Shri Nehal Naleen Vora

Changes in the Corporate Social Responsibility Committee during the year:

Shri Taruvai Subbayya Krishna Murthy ceased to be the member of the Corporate Social Responsibility Committee w.e.f. 29.03.2019.

Brief Terms of Reference of Corporate Social Responsibility Committee

The Committee is responsible for identifying eligible CSR projects/activities and recommend to the Board expenditure to be incurred in this behalf and supervises the end use of funds.

Number of Corporate Social Responsibility Committee Meeting held

The Committee met three times in the year 2018-2019 on 20th April, 2018, 27th July, 2018 and 25th January, 2019.

VIII. Meeting of Independent Directors (Public Interest Directors) :

In compliance with regulation 27 of the Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018, during the financial year 2018-19, the Public Interest Directors met two times i.e. on 27th October, 2018 and 26th March, 2019 to review the performance of the Company and

to exchange the views on critical issues. All the Independent Directors were present at the meeting at their meetings held on 27th October, 2018 and 26th March, 2019.

In conformity with Regulation 17 of the SEBI (LODR) Regulations, 2015 and Schedule IV of the Companies Act, 2013, the Independent Directors/Public Interest Directors at its meeting held on 26th March, 2019 carried out evaluation of the performance of non-independent Directors, Board as a whole and its Committee and the Chairperson of the Company.

IX. Directors with materially significant, pecuniary or business relationship with the Company:

Notes to Financial Statements furnish the transactions with related parties, as stipulated under Indian Accounting Standards. Apart from the related party transactions mentioned in the notes, there are no transactions of material nature with the Directors which may have conflict of interest with the Company. There is no pecuniary or business relationship between the Non-executive Directors and the Company.

X. Annual Evaluation by the Board of its own performance and that of its Committees and Individual Directors:

As required under section 178(2) of the Companies Act, 2013 and under Schedule IV to the Companies Act, 2013 on Code of conduct for Independent Directors, a comprehensive exercise for evaluation of the performances of every individual Director, the Board as a whole, its Committees and the Chairperson of the Company has been carried by your Company during the year under review as per the evaluation criteria approved by the Board and based on guidelines given in Schedule IV to the Companies Act, 2013.

For the purpose of carrying out performance evaluation exercise, five types of Evaluation forms were devised in which the evaluating authority has allotted appropriate ratings to the individual Director (Independent Directors and shareholder Directors), the Board as a whole, its Committees and the Chairperson. Having regard to the industry, size and nature of business your Company is engaged in, the evaluation methodology adopted is, in the opinion of the Board, sufficient, appropriate and is found to be serving the purpose.

The evaluation of independent directors has been done by the entire board of directors including performance of the directors and fulfillment of the independence criteria as specified in SEBI (LODR) Regulations, 2015 and their independence from the management. The independent directors who were subject to evaluation shall not participate.

Disclosures on Board Evaluation:

1.	Observations of board evaluation carried out for the year.	No observations.
2.	Previous year's observations and actions taken.	Since no observations were received, no actions were taken.
3.	Proposed actions based on current year observations	Since no observations were received, no actions were required.

XI. Disclosures as per SEBI (Depository & Participants) Regulations, 2018

● STATUTORY REPORTS-REPORT ON CORPORATE GOVERNANCE

Public Interest Directors (PIDs) shall be subjected to internal evaluation as well as external evaluation, carrying equal weightage. All the governing board members shall evaluate the performance of each PID, on an annual basis at the end of every financial year. PIDs shall also be subject to external evaluation during their last year of the term in the Company, by a management or a human resources consulting firm. The criteria for performance review of PIDs for both internal evaluation and external evaluation shall include quantitative assessment along with an option to provide qualitative annotations.

The Performance evaluation Policy for Public Interest Directors of the Company is also available on the web-site of the Company www.cdslindia.com.

h) Share Transfer System:

Transfer of shares in physical form has been prohibited from April 1, 2019. SEBI has recently amended relevant provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 to disallow listed Companies from accepting request for transfer of securities which are held in physical form, with effect from April 1, 2019. The shareholders who continue to hold shares and other types of securities of listed Companies in physical form even after this date, will not be able to lodge the shares with the Company / its RTA for further transfer. They will need to convert them to demat form compulsorily if they wish to effect any transfer. Only the requests for transmission and transposition of securities in physical form, will be accepted by the Company / its RTA. All the investors who are holding shares etc. in physical form, should consider opening a demat account at the earliest and submit request for dematerialization of their shares in order to protect the liquidity of the shares.

The Company has Stakeholders Relationship Committee which look after Demat, Remat, Transfer/ Transmission/ Name Change/ Deletion/ Modification of any Securities and its review. It has authorized MD & CEO and one Director to authorize transfer for speedy processing.

CERTIFICATE ON CORPORATE GOVERNANCE

Certificate on compliance with the conditions of Corporate Governance under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

To,

The Members of

Central Depository Services (India) Limited

We have examined the Compliance of conditions of Corporate Governance by Central Depository Services (India) Limited ("the Company") for the year ended 31st March, 2019 as stipulated in Regulations 17 to 27 & 46 and para C & D of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The Compliance of conditions of Corporate Governance is the responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure compliance with the condition of the Corporate Governance stipulated in the Listing Regulations. Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us and the representations made by the Directors and the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in SEBI Listing Regulations as mentioned above.

We state that such Compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

ANNEXURE G

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDIAN ECONOMY

Over the period FY 2014-15 to FY 2018-19, India has witnessed close to 7.3% GDP growth, which is the highest amongst the major world economies. The growth was achieved in an environment of low inflation, improved current account balance and notable reduction in the fiscal deficit-to-GDP ratio, making the growth more creditable.

Various reforms undertaken by the Government of India have led to increase in India's ranking in the World Bank's Ease of Doing Business Index from 100 in 2017 to 77 in 2018. As a result of the continued efforts by the Government, India has improved its ranking by 53 positions in last two years and 65 positions in last four years.

According to the World Bank's report, India's GDP is forecast to grow by 7.3% in FY 2018-19 and 7.5% thereafter, in line with June forecasts. Private consumption is projected to remain robust and investment growth is expected to continue as the benefits of recent policy reforms begin to materialise and credit rebounds. Recent policy reforms have helped India improve the business environment, ease of inflow of foreign direct investment and improve credit behaviour.

(Source: IMF, CSO, World Bank.)

INDUSTRY STRUCTURE AND DEVELOPMENTS

Indian Capital markets

In Capital market, business enterprises or government entities raise long term funds by issuing equity or debt securities. Securities market facilitates transfer of surplus resources from those with idle resources to others who have a productive need for them. Securities markets provide channels for allocation of savings to investments and thereby decouple these two activities. As a result, the savers and investors are not constrained by their individual abilities, but by the economy's abilities to invest and save respectively, which inevitably enhances savings and investment in the economy. This market has two inter-dependent and inseparable segments; the primary (new issues) and secondary (stock) markets. The primary market is concerned with the floatation of new issues of shares or bonds.

The firms issue new securities to raise funds for investment/expansion plans or to reduce any obligations. The types of issues in the primary market include: an initial public offer (IPO); follow-on public offer (FPO); a rights offer where securities are offered to existing shareholders; preferential issue/bonus issue/qualified institutional buyer placement; or a composite issue (comprising a mixture of a rights and public offer, or an offer for sale).

The secondary market is to facilitate dealing in existing securities. This market provides both liquidity and marketability to such securities. It implies that it is a market where a security can be bought or sold at small transaction cost. Spot market, futures market and options market are also a part of the secondary market. During FY 2018-19, the S&P BSE Sensex opened at 33,030 and hit a high of 38,989 on 29th August 2018 and thereafter closed at 38,672 on March 29, 2019. During same period Nifty opened at 10,151 and hit a high of 11,760 on 28th August 2018 and thereafter closed at 11,623 on March 29, 2019. As per Prime Database, 42 public issues have raised ₹ 36,405 crores in FY 2018-19 as compared to 81 public issues mobilizing ₹ 98,984 crores in FY 2017-18.

Depository Industry in India

Depository is an institution registered with SEBI for holding custody of securities in electronic form and facilitates transfer based on the instructions from the account holders. With growth in Indian Capital market, it became difficult to handle the growing volume of paper. This caused problems like delay in transfers, long settlement period, high levels of failed trade and bad deliveries, high-risk exposure etc. To remove these bottlenecks, The Depositories Act was legislated in August 1996. Subsequently three years later in 1999, Central Depository Services (India) Limited (CDSL) was established following the implementation of compulsory trading in dematerialised securities for all investors.

In terms of market share of demat accounts, CDSL has experienced a growth in market share from 40% in FY 2013-14 to 48% in FY 2018-19.

Chart: Number of demat accounts opened in lakhs

The presence of depositories supports the Capital market growth in a variety of ways including substantial reduction in bad deliveries, enhanced liquidity of securities, reduction in transaction cost, eliminates problems relating to change of address of investors, transmission etc, makes faster disbursement of non-cash corporate benefits like rights, bonus, etc. possible, faster settlement cycle, no stamp duty on transfer of shares.

Factors driving growth of depositories

Business of depositories grows in direct proportion to growth in Capital markets. The past three-to-four years have witnessed a steady structural shift of savings from physical assets such as real-estate and gold into financial assets. The prevailing positive real interest rates should enable this trend to continue. Within financial assets, the allocation towards equities has been increasing steadily due to the relatively low base; given the retail investor has traditionally been under-invested in equities.

Equity market: In the financial market segment, the BSE Sensex has increased from 22,386 in FY 2013-14 to 35,749 in FY2018-19. In the business segment, India’s ranking in World Bank’s EODB rankings has improved from 142nd in 2014 to 77th in 2019. Whereas, inflation has come down from 9.4% in FY 2013-14 to 4.8% in FY 2018-19. India’s stock market is 7th biggest in the world with market-cap of \$2.1 trillion. According to the IMF, India is a bright spot in the global ecosystem and India’s growth is looking very lucrative in the coming years. India’s growth has surpassed many emerging and developing economies. Recent IMF data suggests that India is the fastest growing economy in the world and this trend will continue in 2019 and 2020 also. Further, NITI Aayog expects India to grow at 9-10% by 2022-23 which would raise the size of the economy in real terms from USD2.7 trillion in 2017-18 to nearly USD4 trillion by 2022-23.

Initial Public Offerings: According to Prime

Database, total equity Capital raised during FY 2018-19 was ₹ 36,405 crores as against ₹ 98,984 crores raised during FY 2017-18. After a slowdown in the FY 2018-19, analysts expect the tide to turn in the FY 2019-20, as the bulls have returned to Dalal Street on prospects of improvement in economic fundamentals. An increase in risk appetite among investors is now a big driving force for the companies looking to hit Dalal Street with initial public offerings (IPOs). The IPO pipeline has been very strong. Some 65 companies are said to be sitting with Sebi approvals and another 8 awaiting it.

Increase in trading volumes and retail participation:

CDSL has experienced a substantial growth in the number of companies admitted in demat from 541 in FY 1999-00 to 13,104 in FY 2018-19, a growth of 21% CAGR. The active participation of retail investors was demonstrated with the increase in the turnover of shares traded on the BSE rising from 5.21 lakh crores in FY 2013-14, to 7.76 lakh crore in FY 2018-19, while trading on the NSE increased from 28.08 lakh crore in FY 2013-14, to 79.48 lakh crore in FY 2018-19.

BUSINESS OVERVIEW

CDSL was initially promoted by BSE Ltd, which had thereafter divested its stake to leading banks. CDSL received the certificate of commencement of business from SEBI in February, 1999. All leading stock exchanges like the BSE Ltd, National Stock Exchange (NSE) and Metropolitan Stock Exchange of India (MSEI) have established connectivity with CDSL. The Company strives to provide convenient, dependable and secure depository services at affordable cost to all market participants.

The Company’s subsidiary, CDSL Ventures Limited (CVL) is registered with SEBI and a KYC Registration Agency (KRA) for investors in the Capital markets including the mutual fund industry.

CDSL through its subsidiary, CDSL Insurance Repository Limited, has arrangements with several life insurance companies and eighteen general insurance companies for holding insurance policies in electronic form and seamlessly enables the policy holders to undertake changes, modifications and revisions to insurance policies.

CDSL’s subsidiary, CDSL Commodity Repository Limited (CCRL), was setup to establish and run a Commodity Repository on the lines of a Securities Depository. In this regard, Warehousing Development and Regulatory Authority (WDRA) has shortlisted CCRL as one of the two Repositories for undertaking the Commodity Repository activity.

Clientele

CDSL's clientele can be broadly classified into six main categories namely:

- **Depository Participants (DPs):** An investor opens an account through the agent of depository known as Depository Participant. After opening the account, the investor can convert the physical shares issued by issuers companies into electronic mode through the DP. An investor can transfer securities from his account to any account by submitting the delivery instruction slip to the DP.
- **Issuer companies:** A wide range of securities including equity shares, preference shares, mutual fund units, debt instruments, government securities, etc. are available for dematerialization in CDSL. CDSL enables issuer companies to credit securities including non-cash corporate benefits to a shareholder's or applicants demat account.
- **Capital market intermediaries:** CVL is SEBI registered KRA which offers KYC services to investors in Indian Capital markets.
- **Insurance Companies:** Through its subsidiary, CDSL Insurance Repository Limited, the Company offers facilities for holding of insurance policies in electronic form.
- **Through its subsidiary, CDSL Commodity Repository Limited,** the Company offers facilities for holding and transacting of warehouse receipts in electronic form.
- **Others:** CDSL offers other online services such as e-voting, e-Locker, National Academic Depository (NAD), easi (Electronic Access to Security Information), easiest (Electronic Access to Securities Information and Execution of Secured Transaction) and mobile application (Myeasi, m-Voting).

MEDIUM-TERM AND LONG-TERM STRATEGY OF THE COMPANY:

Continue to focus on developing new DPs relationships and leveraging our existing DP network

We will continue to build on our existing DP relationships and leverage their extensive network all over India to take our offering to new investors. We will aim to strengthen our virtual DP network under which the broker only needs to submit his Power of Attorney ("PoA") and is no longer required to contact the DP and authorise each and every trade.

We also aim to strategically expanding our network of DPs and service centres to reach potential investors. We will evaluate each opportunity on the basis of several factors including expected investment and financial returns, catchment area served and current levels of depository services available in the area. We currently expect that a significant portion of our new DP relationships will include DPs present in tier II and tier III cities due to relatively lower scale of DP services currently available in these cities.

Continue to introduce new offerings and scale up recently started businesses

We endeavour to provide our investors with a comprehensive range of services at competitive prices and to maintain optimal service standards. In order to maintain and enhance our competitive position, we will continue to offer our services at low prices achieved through our low operational costs driven by operational efficiency, high economies of scale and innovative service implementation. We plan to further improve our operating efficiency through:

- Offering single demat account to our investors which will hold all financial assets including fixed deposits across regulators (SEBI, RBI, IRDAI, PFRDA, etc). subject to all regulatory approvals;
- Enhancement of a centralised billing system to increase automation and move towards migration of all payments receivables through electronic channel (Internet banking, NEFT, RTGS, etc);
- Enabling electronic submission and receipt of documents by DPs and other intermediaries;
- Focus on eliminating all paper based processes and workflows to become a fully digital organization;
- Improve customer experience by enhancing self-service channels for efficiently and effectively serving routine requirements; and
- Develop more and more API based services in collaboration with our Depository participants to facilitate seamless interoperability and straight through processing with their systems.

We will continue to diversify our product and service offerings depending on investors' needs. We believe a continuous review of our services according to our evolving understanding of investor preferences and market behaviour will

help us better cater to our investors’ needs, enhance their user experience and maximise our account volumes and revenues.

Continue to invest and upgrade our IT infrastructure and systems leading to Enhancement of operational efficiency and service quality

We believe that maintaining and improving our technology is critical to our business. We intend to regularly allocate optimal resources towards upgrading our IT infrastructure and systems, with the goal of improving market efficiency and transparency, enhancing user access and providing flexibility for future business growth and market needs.

We prioritize the improvement in our cyber-security framework and information security management systems. We were identified as a National Critical Information Infrastructure by National Critical Information Infrastructure Protection Centre and we will prioritise further improvements in our cyber-security framework and ISMS in the future.

Our Standing Committee on Technology (formerly IT Strategy committee) consists of external IT experts and professionals advises our board in relation to improving and maintaining our IT infrastructure on an ongoing basis. We also plan to invest further in our IT and data management systems to improve productivity and time savings thereby increasing our operating efficiency.

Targeting and focusing on Unlisted and Private Limited Companies

In our country, there are a large number of unlisted public and private limited companies who have not dematerialized their securities as yet. Ministry of Corporate Affairs has issued

Companies (Prospectus and Allotment of Securities) Third Amendment Rules, 2018 which inter alia mandates an unlisted public Company to issue securities only in dematerialised form. The said rules also mandates transfer of securities in dematerialised form. We intend to pursue with these companies and get their securities admitted in our Company. We will also explain benefits of demat to private limited companies and try to get their securities admitted in our Company. This has dual benefits of increase in Issuer Charges as well as opening of more number of Corporate Promoter Demat accounts.

Continue investor education initiatives to foster a rise in the number of potential new investors and deepening of the Indian securities market

We intend to continue to focus on financial inclusion through retail participation. We believe investor education is a significant key to achieving financial inclusion in the Indian securities market. We have conducted over 450 investor awareness programs in FY 2018-19, allowing investors across geographies, professions and age groups to come together and learn about the advantages of holding securities in dematerialised form and the investment opportunities available to them.

We plan to, and have initiated steps to, further these programs by targeting the general public in tier-2 and tier-3 cities in India to introduce and explain the benefits of investing in securities. We are and will continue to work with various regional newspapers to attract a large number of potential new investors to these events, where we intend to distribute informative booklets in English, Hindi and other regional languages.

Long-term metrics as per Company’s long term strategy for measurement of progress:

<p>Developing new DPs relationship & Leveraging our existing DP network.</p>	<p>We aim to strategically expand our network of DPs and service centres to reach potential investors. We will evaluate each opportunity on the basis of several factors including expected investment and financial returns, catchment area served and current levels of depository services available in the area.</p>
----------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Introduce new offerings and scale up recently started businesses.	We will continue to diversify our product and service offerings depending on investors' needs. We believe a continuous review of our services according to our evolving understanding of investor preferences and market behaviour will help us better cater to our investors' needs, enhance their user experience and maximise our account volumes and revenues.
Upgrade our IT infrastructure and systems.	We also plan to invest further in our IT and data management systems to improve productivity and time savings thereby increasing our operating efficiency.
Targeting Unlisted and Private Limited Companies.	We will explain benefits of demat to unlisted public and private limited companies and endeavour to get their securities admitted in our Company. This has dual benefits of increase in Issuer Charges as well as opening of more number of Corporate Promoter Demat accounts.
Investor Education Initiatives	We plan to, and have initiated steps to, further these programs by targeting the general public in tier-2 and tier-3 cities in India to introduce and explain the benefits of investing in securities. We plan to conduct approximately 450 programs in financial year 2019-20.

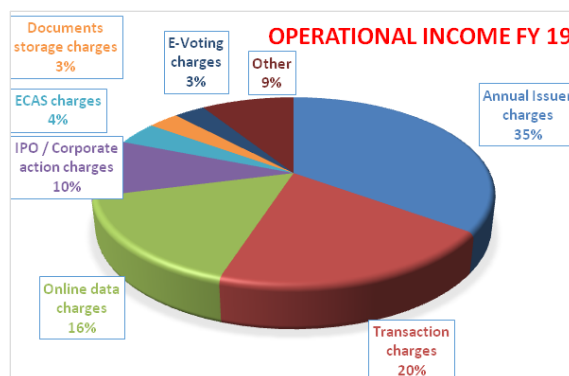

PRODUCT-WISE PERFORMANCE

Revenue streams

The Company offers services to several sub-sectors of the Indian securities and financial services market including Capital Markets, Mutual Funds and Insurance companies. The Company has high stability of operating income from the fixed annual charges collected from the registered Issuer companies and transaction-based fees collected from Depository Participants. The Company offers dematerialisation for a wide spectrum of securities including equity shares, preference shares and bonds of public (listed and unlisted) and private companies, units of mutual funds, government securities, commercial papers and certificates of deposits. The Company also charges account maintenance charges to corporate account holders and monthly maintenance charges to clearing members for maintenance of settlement accounts.

Other consistent revenue-generating services offered by the Company include e-voting and e-notice services to the registered companies enabling their shareholders to receive notices in electronic form and to allow shareholders to cast their votes electronically, remotely or at the meeting venue.

Chart: Distribution of revenue sources:

Source: Company

Depository Participant Network:

The Company is the leading securities depository in India by incremental growth of Beneficial Owner (BO) accounts of over 77.76 lakhs from FY 2015-16 to FY 2018-19. Further, the total number of registered Depository Participants (DPs) is 597 at the end of FY 2018-19. As on March 31, 2019 CDSL had over 17.3 million investor accounts (excluding closed accounts).

The Company has a wide network of DPs, who act as points of service. CDSL had 597 registered

DPs with over 19,400 service centres across India. The DPs are spread across 29 states and 7 union territories.

As on March 31, 2019, CDSL had over 36,203 crores securities representing a total value of ₹ 20,79,693 crores.

OPPORTUNITIES

Growth Drivers

Buoyant markets

The evolution of Indian Capital markets has made it one of the most preferred investment destination for domestic as well as overseas investors. The steps taken by Central Government, confidence in growth potential and business environment, stable political climate are some of the favourable factors. As per latest World Bank report, India's GDP has grown at 7.3 per cent in 2018-19. This is expected to further climb up to 7.5 per cent in the next two financial years. In India, the growth has accelerated, driven by an upswing in consumption and investment growth. However, rising interest rates and currency volatility are weighing on activity. The World Bank said that in the financial year 2018-19, India's growth accelerated to an estimated 7.3 per cent from 6.7 per cent the previous year. This was because the economic activity continued to recover with strong domestic demand. "While investment continued to strengthen amid the GST harmonization and a rebound of credit growth, consumption remained the major contributor to growth." India's growth outlook is still robust. India is still the fastest growing major economy as compared to other developing countries.

Increase in Capital market participation by retail investors

After conceding its position as the fastest growing major economy to China for a year in 2018, India is likely to reclaim the position in 2019. In all likelihood, India is going to register higher growth rate than other major emerging market economies in the next decade. India's demographic dividend, growth in per capita income and savings, along with government initiatives will give a boost to retail participation in the Capital markets. India also has the largest population of youth population with more than 50% of current population below the age of 25 and over 65% below the age of 35. This youth and larger working class with higher rate of savings are expected to start investing in Capital markets which augurs well for depositories.

THREATS

Monsoon risk:

According to CRISIL India Outlook FY20 report, they expect fourth consecutive year of normal monsoon. In the past 15 years, they have seen two such periods of four consecutive normal rainfall years – 2005 to 2008 and 2010 to 2013 – that yielded healthy average agriculture growth of 3.6% and 5.5%, respectively. The National Oceanic Atmospheric Administration of United States (US) is, however, forecasting an El Nino event in 2019. The country has faced two consecutive El Nino events in 2014 and 2015 with agriculture GDP growth dropping to near zero. With farmer incomes dropping, a weak rainfall, if manifests, could add to the rural pain.

Political risk:

If the general elections this year were to yield a fractured mandate and derail/delay the process of reforms, the implications on sentiments, investments and growth could be adverse.

Oil prices:

According to CRISIL, in the base case, global crude oil prices are expected to soften to settle around \$60-65 average per barrel in fiscal 2020 compared with \$68-72 average per barrel in fiscal 2019 as overall global demand slows. However, some price pressure could be felt in response to the recently announced supply cuts by the Organisation of Petroleum Exporting Countries (OPEC). If oil prices were to spike and stay high through the fiscal, India's manufacturers could face input price pressures. And with consumption seeing only a gradual revival, pass-through of these higher costs on to prices would be difficult therefore squeezing margins.

Much weaker global outlook:

For now, the deceleration in global growth is gradual. However, if the slowdown is much faster and deeper than is being currently expected, global demand and trade growth could severely slow down, thereby creating adverse consequences for our exports.

OUTLOOK

Globally, financial markets continue to remain buoyant with expectations of tariff war resolution as well as end of tightening by US Fed. These two actions, remains a critical event for outlook on global economic growth. The crude oil prices on the other hand have resumed uptrend during the Q1CY19 and a decisive move would be known

once US announces the decision regarding whether it will extend the temporary waiver of embargo on Iranian oil. Crude oil prices remain a critical monitorable for India as oil above 65\$-70\$ range starts impacting both fiscal and current account deficits as well as currency.

The domestic equity markets joined the global rally with a good up move led by a sharp improvement in market sentiments. The change in the market sentiments is a combination of strong FPI inflows, comfort of attractive valuations post sharp correction in small and mid-cap stocks, as well as favourable election outcome expectation. RBI too is expected to remain on growth supportive mode partly by reducing rates and partly by removing some PSU banks from the PCA framework.

While the near-term volatility in Indian equity markets are driven by sentiments associated with elections and hence difficult to anticipate, the medium to long term, growth prospects for India remains strong and equity markets offer investors an opportunity to participate in the economic growth. Indian investors should remain focussed on this opportunity that is offered by India's growth story.

According to Prime Database, Over the past six to nine months, the IPO pipeline has been very strong. Some 65 companies are said to be sitting with Sebi approvals and another eight awaiting it, as we have seen in the past, this pipeline may quickly vanish if the volatility and negative sentiment continues.

VALUE ADDED SERVICE OFFERINGS

The Company has ventured into value added businesses in the form of GST Suvidha provider, the national academic depository and e-sign. These offerings are expected to increase revenues in a gradual manner. In addition, the Company is looking to add newer services to contribute to the future growth. Single demat account for all financial assets where an investor can access all the details of their investments on a common platform if implemented will result in improved prospects. This is envisaged as a one-stop account for all financial investments including pension funds, fixed deposits, life insurance policies, etc.

INFORMATION TECHNOLOGY

CDSL has deployed state-of-the-art IT systems with global accreditation. The Company's core depository system is based on a centralised architecture which helps to provide real-time updated information to users. The system can

be accessed over the internet and the intranet though a secure channel using multi-factor user authentication. The Company has deployed state-of-the-art server hardware, enterprise flash storages and highly resilient network infrastructure.

CDSL has been certified for ISO27001 for its Information Security Management System. It protects information throughout the life span, from its initial creation to its final disposal. CDSL infrastructure has multiple back-up levels which includes a redundant fail-over cluster and a seamless switchover to the Disaster Recovery System (DRS). The DRS is located at a different seismic zone. The Company has been awarded ISO 22301:2012 certification for its Business Continuity Management System.

FINANCIAL PERFORMANCE (Standalone)

(The Company clocked Operational Revenue of ₹ 15234.12 lakhs in FY 2018-19 as against ₹ 15083.17 lakhs in FY 2017-18, up 1%. Other Income increased by 29% to ₹ 3612.88 lakhs in FY 2018-19 as against ₹ 2803.95 in FY 2017-18 due to appreciation in value of investments. CDSL's main costs are Employee Wages and Benefits, Computer Technology Related Expenses which are largely fixed in nature. Total expenditure in FY 2018-19 stood at ₹ 7881.05 lakhs against ₹ 7248.98 in FY 2017-18, up 9% as compared to the previous year. Other Expense declined marginally by 0.06% as compared to previous year. EBITDA improved to ₹ 11791.46 lakhs in FY 2018-19 as against ₹ 11284.56 lakhs in FY 2017-18. PAT improved to ₹ 8437.73 lakhs, up 9% over the previous year. The Net Worth of the Company stood at ₹ 54253 lakhs as on March 31, 2019 as compared to ₹ 50225 lakhs as on March 31, 2018. The Cash Generated from operations stood at ₹ 9823.42 lakhs during FY19. There is net cash generated from Operating Activities of ₹ 7308.54 lakhs as on March 31, 2019.)

FINANCIAL PERFORMANCE (Consolidated)

Revenue from operations includes transaction charges, account maintenance charges and settlement charges paid by DPs and annual fees, corporate action charges and e-voting charges paid by companies and KYC charges paid by intermediaries. The Company clocked Operational Revenue of ₹ 19465.19 lakhs in FY 2018-19 as against ₹ 18768.82 lakhs in FY 2017-18, up 4%. As compared to the previous year Annual Issuer Charges increased by 21%, Transaction Charges decreased by 11%, IPO Corporate Action Charges

● STATUTORY REPORTS-MANAGEMENT DISCUSSION AND ANALYSIS REPORT

decreased by 33% and Online Data Charges that is income from KYC increased by 9%. The modest increase in revenues is attributable to volatile financial market conditions with drop in stock prices of several mid- cap and small cap stocks negatively impacting investor sentiment and reduction in the number of companies coming out with IPOs/FPOs.

Other Income increased by 29% to ₹ 4919.38 lakhs in FY 2018-19 as against ₹ 3798.77 lakhs in FY 2017-18 due to appreciation in value of investments.

CDSL's main costs are Employee Wages and Benefits, Computer Technology Related Expenses which are largely fixed in nature. Total expenditure

in FY 2018-19 stood at ₹ 9563.84 lakhs against ₹ 8425.81 in FY 2017-18, up 14% as compared to the previous year. Other Expense is up 10% as compared to previous year.

EBITDA improved to ₹ 15812.26 lakhs in FY 2018-19 as against ₹ 14836.34 lakhs in FY 2017-18. PAT improved to ₹ 11482.66 lakhs, up 11% over the previous year.

The Net Worth of the Company stood at ₹ 70943 lakhs as on March 31, 2019 as compared to ₹ 61470 lakhs as on March 31, 2018. The Cash Generated from operations stood at ₹ 11904.92 lakhs during FY19. There is net cash from Operating Activities of ₹ 8543.63 lakhs as on March 31, 2019.

Name of the entity in the Group	For the year ended March 31, 2019		For the year ended March 31, 2018

RISKS AND CONCERNS

The Company's securities depository business competes closely with its competitor for DPs, investor accounts and number of instruments on its systems.

The Company's inability to effectively manage its growing DP network or any disruptions in its supply or distribution infrastructure may have an adverse effect on its business, results of operations and financial condition.

Bulk of the accounts are presently being opened by the online account opening mechanism, which primarily depends on the Aadhaar number and online feed from the UIDAI. Any changes to the mode of exchange of information from / to UIDAI enforced due to regulatory directions from UIDAI, could adversely impact account opening.

Any interruptions or malfunctions in the operation of the Company's IT systems could damage its reputation and cause loss for the business.

If there is a shift in consumer preferences away from investing and trading in securities to other products and services, it could significantly reduce demand for the Company's services and adversely affect its business, financial condition and results of operations.

Fraud due to unauthorized transfer of securities or service deficiency could result in losses. Further,

if account data disseminated by the Company contains undetected errors, this could have a material adverse effect on its business, financial condition or results of operations.

Broad market trends, economic and market conditions and other factors beyond the Company's control could significantly reduce demand for its services and harm its business, financial condition and results of operations.

Insufficient systems capacity and systems failures could materially and adversely affect the Company's business.

The Company must adapt to significant and rapid technological changes in the industry in order to compete successfully.

The Company works in a tightly regulated environment hence any changes brought about due to changes in the processes and procedure to be followed due to issuance of instructions by the regulator could slow down its growth trajectory.

RISK MANAGEMENT

Strict internal processes and controls enable the Company to effectively manage the business risks it encounters on daily basis. The Company's risk management framework includes risk management policy as devised by the Risk Management Committee (RMC). The Committee monitors and identifies risks at regular intervals to improve standard operating procedures and to set appropriate risk limits and controls. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and business activities, with any new activity or deviation from existing procedure referred to the RMC. The Company's risk management system covers various aspects of the business. The Company also has in place a special contingency insurance policy to cover risks associated with depository operations which covers the Company and registered DPs.

The Company also ensures that its clients comply with applicable regulatory provisions. The Company conducts regular inspections of both DPs and RTAs and provides compliance training across the country for DPs. In addition to the bi-annual internal audits, the Company has made it mandatory for all registered DPs to appoint independent chartered accountant firms to conduct concurrent audits of risk prone areas.

Internal Financial Control Systems and Their Adequacy:

Internal financial controls means the policies

and procedures adopted by the Company for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information.

The Company had already developed and implemented a framework for ensuring internal controls over financial reporting. This framework includes entity level policies, process and operating level standard operating procedures.

Some significant features of our Internal Financial Control System are:

- 1) Adequate documentation and maintenance of the records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- 2) The policies and procedures are designed to provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statement in accordance with generally accepted accounting principles and Indian Accounting Standards (IAS), and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and director of the Company and
- 3) Company has aligned its current systems with the requirement of the Companies Act ,2013 on the lines of the globally accepted risk based framework as issued by the Committee of Sponsoring Organizations (COSO) of the Treadway Commission, so as to provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effects of the financial statement

During the year, such internal controls over financial reporting were tested by management, internal auditors and statutory auditors. No reportable material weakness in design and effectiveness was observed.

Material developments in Human Resources / Industrial Relations front, including number of people employed.

There were no material developments in Human Resources front during the financial year 2018-19. 22 employees were hired and

● STATUTORY REPORTS-MANAGEMENT DISCUSSION AND ANALYSIS REPORT

14 employees left the Company during the financial year 2018-19. There were 213 employees on the payrolls of the Company as on 31st March, 2019.

Change in key financial ratios

Sr.	Ratios	FY 2018-19	FY 2017-18	% Change
(i)	Debtors Turnover	10.17	9.95	2.21%
(ii)	Inventory Turnover	N.A.	N.A.	N.A.
(iii)	Interest Coverage Ratio	N.A.	N.A.	N.A.
(iv)	Current Ratio	2.86	3.05	(6.22%)
(v)	Debt Equity Ratio	N.A.	N.A.	N.A.
(vi)	Operating Profit Margin (%)	60.78%	62.66%	(3.00)
(vii)	Net Profit Margin (%)	46.55%	45.72%	1.81%
(viii)	Sector-specific equivalent ratios, as applicable.	-	-	-

There are no significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios.

Change in Return on Net-worth (RONW) as compared to the immediately previous financial year

Ratio	FY 2018-19	FY 2017-18
RONW	16.99%	17.23%

The RONW is marginally down due to lower incremental growth in the Profit as compared to the growth in the Net-Worth.

ANNEXURE H

Details pertaining to remuneration as required under section 197(12) of the Companies Act 2013 read with the Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and SEBI (Depositories and Participants)(Amendment) Regulations 2012

- The ratio of the remuneration of MD & CEO to the median remuneration of the employees of the Company for FY 2018-19 is 25.34 :1
- The remuneration of MD & CEO and CFO was increased by 63.68% (Due to Full & Final settlement) and 14.94% respectively during the financial year. Shri Amol Purandare, AVP-Legal and Company Secretary resigned w.e.f. 26th June, 2018 and Shri Lalit Sharma, Vice-President- Legal and Company Secretary was appointed w.e.f 27th October, 2018. As such, increase in remuneration of these officials could not be provided. In the financial year, there was an increase of 5.39% in the median remuneration of employees.
- There were 213 employees on the rolls of the Company as on 31st March, 2019.
- There has been 8.35 percentile increase in the salaries of employees other than the managerial remuneration in the last financial year and there has been 39.31percentile increase in the managerial remuneration in the last financial year. Percentile increase in managerial remuneration is more than percentile increase in the salaries of other employees because Managerial Personnel's remuneration includes performance linked bonus which is a major component.
- It is hereby affirmed that the remuneration paid is as per the Remuneration Policy for Directors, Key Managerial Personnel and other employees.
- Information as per section 197 of the Companies Act, 2013 read with Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014:

Name	Age in years	Qualification	Designation	Remuneration received (₹)	Experience (No. of years)	Date of commencement of employment	Last employment & designation
Shri P.S. Reddy	56	M.A.	MD & CEO	₹2,33,42,519 As a part of full and final settlement	31	8th November, 2006	BSE Chief General Manager – Surveillance & Inspection
Shri. Joydeep Dutta	59	MS (Computer Science), B.E	Executive Director and Group CTO	₹1,19,15,022	37	7th July, 2014	CIO Advisory & IT Consultant

Notes:

- Remuneration includes basic salary, performance linked incentive, other allowances, Company's contribution to provident fund and taxable value of perquisites.
- Nature of employment in all cases is contractual in accordance with their respective employment terms and Company's Service Rules.
- None of the above is covered under Rule 5(3)(viii) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014
- None of the above is a relative of any Director or manager of the Company.

This is our first BR report for the FY 2018-19. The BR performance will be reviewed annually.

- b. Does the Company publish a BR or a Sustainability Report? What is the hyperlink for viewing this report? How frequently it is published?**

We are publishing our BR report along with our annual report which is published annually.

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1 (P1): Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

- 1. Does the policy relating to ethics, bribery and corruption cover only the company? Yes/ No. Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/NGOs /Others?**

Yes. Our company's code of conduct and ethics complies with all the governed laws and regulations; including mechanisms to resolve ethical issues & unethical conduct, legitimate handling of conflicts of interest and fostering culture of transparency, honesty and accountability.

Our corporate governance practices and policies extends beyond our employees, to cover 595 Depository participants and 12110 issuer companies.

- 2. How many stakeholders' complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.**

For the reporting year, we have received 29 complaints, of which all the complaints were resolved.

Principle 2 (P2): Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle

- 1. List up to 3 products or services whose design has incorporated social or environmental concerns, risks, and/or opportunities.**

Our principle nature of service is to hold various securities like stocks, shares, money, etc. in an electronic form. The customers are provided with a DEMAT account where several certificates are accessed digitally. These varied certificates and documents can be shared via e-mail and are stored in an electronic locations called E-locker. Numerous data files are quantified in our data centers. Considering increasing concerns and risks for the environment; we replaced our existing high powered data center system with latest low powered data center system which reduced power consumption by 20KW. We also provide consolidated account statement in electronic form called E-CAS. This helps us save 85% paper utility and maintain all the physical records in a digital format.

India is a developing and diversified country for which we provide service information in multiple

● STATUTORY REPORTS-BUSINESS RESPONSIBILITY REPORT

regional languages; this led several customers to connect with us on a digital scale. Lately, digitization movement and a new set of regulations has also mandated unlisted companies to dematerialize which will allow easy accessibility and transformation of all their physical documents and storage of the same into digital format.

2. Does the company have procedures in place for sustainable sourcing (including transportation)?

We being a service provider company, have no specific procedure for sustainable sourcing.

3. Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

As our company's service is totally based on a digital platform, there is negligible need of other goods and services procurement in relation to our business.

4. Does the Company have mechanism to recycle products and waste? If yes, what is the percentage of recycling waste and products?

Our primary waste products are data storage devices which are digitally degaussed to destroy the data. Later these devices are disposed through a reputed and certified disposers. Secondary waste generated by us is handed over to premises manager, which in turn have processes to recycle, wherever

possible like sewage treatment plant, organic waste converter, bottle crushers, etc.

Principle 3 (P3): Businesses should promote the wellbeing of all employees

1. Please indicate the total number of employees.

213

2. Please indicate the total number of employees hired on temporary/contractual/casual basis.

Nil

3. Please indicate the number of permanent women employees.

48

4. Please indicate the number of permanent employees with disability.

2

5. Do you have an employee association that is recognized by management?

No

6. What percentage of your permanent employees are a member of this recognized employee association?

Not Applicable

7. Please indicate the Number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

Category	No. of complaints during financial year	No. of complaints pending at the end of the financial year
Child Labour	-	-
Forced Labour/Involuntary Labour	-	-
Sexual Harassment	-	-

8. What percentage of your under mentioned employees were given safety & skill up-gradation training in the last year?

Employee category	ISMS Training	
	Male	Female
Number of permanent employees	28	11
Number of employees with disabilities	1	-
Employees at Management level	6	1
Employees at Non-Management level	22	10

Principle 4 (P4): Businesses should respect the interests of, and be responsive to the needs of all stakeholders, especially those who are disadvantage vulnerable, and marginalized.

1. Has the company mapped its internal and external stakeholders?

Yes we have identified our internal and external stakeholders which are listed below:

- a. Internal:
 - i. Employees
- b. External:
 - i. Depository participants
 - ii. Issuers, Registrar and Transfer Agents (RTAs)
 - iii. Shareholders
 - iv. Advertising Agencies
 - v. Beneficial Owners
 - vi. Exchanges
 - vii. NSDL
 - viii. Data centres(contractors)
 - ix. SEBI
 - x. MCA
 - xi. Practicing Company Secretary
 - xii. Internal and Statutory Auditors
 - xiii. Farmers
 - xiv. Repository participants
 - xv. Warehouses
 - xvi. Local Communities
 - xvii. NGOs

2. Out of the above, has the company identified the disadvantaged, vulnerable & marginalized stakeholders?

Yes, we have focused and identified our vulnerable, disadvantaged and marginalised stakeholders. We have identified them as

● STATUTORY REPORTS-BUSINESS RESPONSIBILITY REPORT

- a. Physically challenged employees
- b. Mentally retarded children
- c. Underprivileged and destitute children & women
- d. Senior citizens and rural population (Farmers)

3. Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable, and marginalized stakeholders? If so, provide details thereof, in about 50 words or so.

Yes. We put in an extra effort to engage with disadvantaged, vulnerable, and marginalized stakeholders. As part of our CSR policy we have identified the following focus areas:

- Eradicating extreme hunger and poverty
- Promotion of education
- Promoting gender equality and empowering women
- Reducing child mortality and improving maternal health
- combating human immunodeficiency virus, acquired immune deficiency syndrome, malaria and other diseases
- Ensuring environmental sustainability
- Employment enhancing vocational skills
- Social business projects
- Contribution to the Prime Minister's National Relief Fund or any other fund set up by the Central Government or the State Governments for socio-economic development and relief and funds for the welfare of the Scheduled Castes, the Scheduled Tribes, other backward classes, minorities and women.

The above areas are reached through our CSR activities by donating to trusts, associations, NGOs like ADHAR (Association of Parents of Mentally Retarded Children), Varasidhi Visual Vidhyashram (VVV) Trust, The Nest India Foundation, etc.

Principle 5 (P5): Businesses should respect and promote human rights.

1. Does the policy of the company on human rights cover only the company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?

Yes, our company policies and practices related to protection of human rights i.e sexual harassment, child labor, etc. extends to all the stakeholders.

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?

For the reporting year, no complaints were received.

Principle 6 (P6): Business should respect, protect, and make efforts to restore the environment

1. Does the policy related to Principle 6 cover only the company or extends to the Group/ Joint Ventures/Suppliers/Contractors/ NGOs/others.

Yes, the policy related to principle 6 extends to all our stakeholders.

2. Does the company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc.?

Increasing energy demand and improper waste management have a major role and take part in climate change and global warming. Our services of demat securities enables the reduction in issuance of physical share certificates by companies as they are transformed to online shares. IPO and Corporate Action (CA) are being processed electronically which reduces the re-printing of share certificates. Various online initiatives have been facilitated through electronic means viz. online demat account opening, online account modification, online DIS (Online Delivery Instruction Slips), online pledge, online destatementization etc. This has largely reduced the cost of printing and storing the physical documents for the stakeholders associated with us. Also we have upgraded our data center system which consumes 11 KW (earlier 31 KW). Our head office has an efficient waste management system comprising sewage treatment plant and organic waste converter.

3. Does the company identify and assess potential environmental risks?

No, but we are prepared with a business continuity plan if any unfortunate climatic phenomena or a disaster takes place.

4. Does the company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if Yes, whether any environmental compliance report is filed?

No

5. Has the company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc.? Y/N.

Please refer to Principle 2.1 and Principle 6.2 for insights on the company initiatives.

6. Are the Emissions/Waste generated by the company within the permissible limits given by CPCB/SPCB for the financial year being reported?

Please refer to Principle 2.4 for our waste disposal.

7. Number of show cause/ legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.

Nil

Principle 7 (P7): Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner

1. Is your company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:

Yes, the major trade bodies and associations are listed below through which we actively participate in overall development of our company:

- a. ACG-Asia Pacific Central Securities Depository Group
- b. Groningen Declaration Network (GDN)
- c. Association of Eurasian Central Securities Depositories (AECSD)

2. Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes specify the broad areas (dropdown: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)

Yes, we have received several suggestions from trade bodies and associations for our

stakeholder's and company's growth. Some of them are listed below:

- a. eVoting
- b. National Academic depository
- c. Go green movements
- d. Single demat account for all financial assets

Principle 8 (P8): Businesses should support inclusive growth and equitable development

1. Does the company have specified programs/initiatives/projects in pursuit of the policy related to Principle 8? If yes details thereof.

Yes, our corporate social responsibility supports inclusive growth of not only communities where we have our operations, but also encompasses the overall development of societies and human capabilities. We have taken 5 major initiatives in the areas of education and commutation.

2. Are the programs/projects undertaken through in-house team/own foundation/ external NGO/government structures/any other organization?

The projects/programs are undertaken primarily through our CSR committee and associated organizations/trusts.

3. Have you done any impact assessment of your initiative?

The CSR official periodically visits and checks the progress of the CSR initiatives and provides inputs to the CSR committee about its assessment.

4. What is your company's direct contribution to community development projects- Amount in INR and the details of the projects undertaken.

Our responsibility towards contributing into the sectors of economic, environmental and social development allows us to have a positive impact on the society.

Project AADHAR Dormitory benefits around 50 differently abled individuals on a daily basis. Also the Multipurpose hall benefits 150-200 individuals. The project has enhanced the mode of accommodation of differently abled individuals and multipurpose hall is used for socialization of the residents and various activities like morning prayers, yoga classes,

● STATUTORY REPORTS-BUSINESS RESPONSIBILITY REPORT

parents meeting, health camps, etc.

We have also contributed towards the relief funds to Government for the devastation which flood had caused in Kerala and Tamil Nadu.

Multipurpose Hall

Male Dormitory

Chief Minister of Tamil Nadu, Edappadi Palaniswami felicitating CDSL for making contributions towards relief providing relief to victims of cyclone Gaja.

Initiatives/programmes/projects undertaken by the Company for Supporting Inclusive Development	Inhouse team/ Own Foundation/ External NGO/ Government Structures/ Any other organization	Amount contributed directly in the initiative by the Company in INR
Final payment of Construction of New Male Dormitory and Multipurpose Hall.	Adhar, Badlapur, Thane (Dt.), Maharashtra.	Rs. 12,57,986
Project "Gadadhar Sishu Vikas Kendra's (non-formal School from KG (kindergarten) to IV (fourth) standard 262 students	Ramakrishna Math, Belur Math, Howrah, West Bengal.	Rs. 35,37,000
Rainwater Harvesting project under "Akash Ganga" at Sanwlod village Rajasthan	Sustainable Innovation Trust of India	Rs. 5,00,000
Flood caused by hurricane	Kerala Chief Minister Distress Relief Fund	Rs. 5,00,000
Flood caused by hurricane	Tamil Nadu Chief Minister's Public relief Fund	Rs. 5,00,000

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community?

As mentioned above and in the CSR policy, we ensure that the amount donated is as per the requirement of the NGO. After a thorough due diligence, the CSR committee and Board of Directors, gives a go ahead to the NGO to procure the required equipment/s or carry out construction of the required building or revenue expenditure. The amount so spent are thoroughly verified by the CSR officials and upon verification, the funds for the same handed over to the NGO.

Principle 9 (P9): Businesses should engage with and provide value to their customers and consumers in a responsible manner

1. What percentage of customer complaints/consumer cases are pending as on the end of financial year.

We have received zero complaints or cases for the reporting year.

2. Does the company display product information on the product label, over and above what is mandated as per local laws?

The above question is not applicable to us, as we are not a manufacturing company. We are a service body and the service information is regulated by our governing body SEBI.

3. Is there any case filed by any stakeholder against the company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behavior during the last five years and pending as on end of financial year.

There were no cases filed by any of our stakeholders.

4. Did your company carry out any consumer survey/ consumer satisfaction trends?

On a regular basis, we measure the satisfaction levels of customers using our services across various touch points. As part of this exercise, we also conduct programs referred as Investor Awareness Programs (IAPs) across the country. During the IAPs, we cover in detail various services provided by us and also collect feedback from investors. Statistically we found that most of the investors have expressed that they are satisfied with the IAPs conducted by us.

INDEPENDENT AUDITOR'S REPORT

To the Members of

CENTRAL DEPOSITORY SERVICES (INDIA) LIMITED

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of Central Depository Services (India) Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, its profit including other comprehensive income its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We

are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements for the financial year ended March 31, 2019. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Ind AS financial statements.

Key audit matters	How our audit addressed the key audit matter
<p>IT systems and controls</p> <p>As a Depository, the reliability of IT systems plays a key role in the business operations. Since large volume of transactions are processed, the IT controls are required to ensure that systems process data as expected and that changes are made in an appropriate manner.</p>	<p>Our audit procedures focused on the IT infrastructure and applications relevant to financial reporting including:</p> <ul style="list-style-type: none"> Assessing the information systems used by the Company for IT General Controls (ITGC) and Application controls;

Key audit matters	How our audit addressed the key audit matter
<p>The IT infrastructure is critical for smooth functioning of the Company's business operations as well as for timely and accurate financial accounting and reporting.</p> <p>Due to the pervasive nature and complexity of the IT environment and large volume of transactions we have considered IT systems and controls as a key audit matter.</p> <p>Our audit procedures focused on testing of IT systems, IT general controls and specific application controls.</p>	<ul style="list-style-type: none"> • The aspects covered in the IT systems General Control audit were (i) User Access Management (ii) Program Change Management (iii) Other related ITGCs; - to understand the design and test the operating effectiveness of such controls in the system; • Understanding of the changes that were made to the IT landscape during the audit period and assessing changes that have impact on financial reporting; Performing tests of controls (including other compensatory controls wherever applicable) on the IT application controls and IT dependent manual controls in the system. • Testing the design and operating effectiveness of compensating controls, in case deficiencies were identified and, where necessary, extended the scope of our substantive audit procedures. <p>In addition, we understood, where relevant, changes were made to the IT landscape during the audit period and tested those changes that had a significant impact on financial reporting.</p>
<p>Valuation of investments and its impairment (as described in note 28 of the Ind AS financial statements)</p>	
<p>Quoted investments, other equity and fund investments and unquoted equity investments, represents the most significant amount on the balance sheet. The total of these aggregating to ₹. 48,584 Lakhs represented 79% of total assets of the Company at March 31, 2019.</p> <p>There is a risk that the fair value of investments is not determined appropriately. Accordingly, the valuation of investments and its impairment is considered as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • We assessed the design and implementation of controls over valuation and existence of investments. • For the fair valuation models, we understood and assessed the methodology used. We tested the underlying data and assumptions used in the determination of the fair value. Performed sensitivity analysis wherever necessary. • We traced the quantity held from the confirmation provided by Custodian and Fund houses. • We tested the valuation of the quoted and unquoted investments to independent pricing sources or valuation models, as required. • Based on the fair value of investments, we assessed identification of impairment of investments made by the management.
<p>Provisions for litigation and claims</p>	
<p>There are certain demands raised by regulatory authorities and others. The Company has disputed such demands by appealing them to relevant statutory forums or has denied the claims.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • We obtained and evaluated the Company accounting policy in relation to accounting, assessing and disclosure of claims against the Company. • We understood the design and tested key controls related to identification and monitoring claims against the Company.

Key audit matters	How our audit addressed the key audit matter
<p>For various pending litigations against the Company, management judgement is needed to determine whether an obligation exists and a provision should be recorded or disclosure if any, required in the financial statements in accordance with the criteria set under IND AS 37.</p> <p>The measurement of the provision is based on the best estimate of the expenditure required to settle the present obligation.</p> <p>Considering the judgment and estimate involved, matter is considered as a key audit matter.</p>	<ul style="list-style-type: none"> • We understood the design and tested the operating effectiveness of the Company’s key controls over the identification, estimation, monitoring and disclosure of provisions for litigations and claims. • We examined the relevant correspondence with regulators to assess developments in key cases and litigation reports to identify potentially material cases. • For key cases, we considered the regulatory developments and management’s interaction with the Regulators and assessed the assumptions used by management in determining provision requirements. We also read historical data and to understand whether they supported current estimates. • We read the Board and other committee meeting minutes to conclude on the effectiveness of management’s review controls and conclusions reached. • For the significant provisions made, we understood, and assessed the provisioning methodology. We tested the underlying data and assumptions used in the determination of the provisions recorded, including expected claim rates and the timing of settlement. • For cases where a provision was not recognised, we evaluated the disclosure made in the financial statements.

Information Other than the Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Ind AS financial statements and our auditor’s report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Ind AS Financial Statements

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were

operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design

audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements for the financial year ended March 31, 2019 and are therefore the key audit matters. We describe these matters in our

auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The comparative Ind AS financial information for the Ind AS financial statements of the Company for the year ended March 31, 2018, were audited by predecessor auditor who expressed an unmodified opinion on that financial information on April 21, 2018.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in Annexure 1 a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors as on March

31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act;

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in Annexure 2 to this report;
- (g) In our opinion, the managerial remuneration for the year ended March 31, 2019 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements – Refer Note 32 to the Ind AS financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts during the year ended March 31, 2019;
 - iii. During the year, there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Re: CENTRAL DEPOSITORY SERVICES (INDIA) LIMITED

Annexure 1 referred to in paragraph 1 under the heading “Report on other legal and regulatory requirements” of our report of even date

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) Certain Fixed assets have been physically verified by the management during the year based on a phased programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given by the management, the title deeds of immovable properties included in property, plant and equipment are held in the name of the Company.
- (ii) The Company’s business does not involve inventories and, accordingly, the requirements under paragraph 3(ii) of the Order are not applicable to the Company.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii)(a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees and securities given in respect of which provisions of section 185 of the Companies Act 2013 are applicable. According to the information and explanations given to us, the Company has complied with the provisions of 186 of the Companies Act, 2013 in respect investments made by the Company.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under Section 148(1) of the Companies Act, 2013, for the services rendered by the Company.
- (vii) (a) Undisputed statutory dues including provident fund, income-tax, service tax, goods and service tax, cess and other statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases. The provisions relating to employees’ state insurance, sales-tax, duty of custom, duty of excise and value added tax are not applicable to the Company.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, income-tax, service tax, goods and service tax, cess and other statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable. The provisions relating to employees’ state insurance, sales-tax, duty of custom, duty of excise and value added tax are not applicable to the Company.
- (c) According to the records of the Company, the dues of income-tax, service tax, value added tax and cess on account of any dispute, are as follows.

Name of Statute	Nature of dues	Forum where dispute is pending	Period to which the amount relates	Amount involved (Rs. in lakh)	Amount unpaid (Rs. in lakh)
Service Tax	Service Tax	Customs, Excise & Service Tax Appellate Tribunal, West Zonal Bench	FY 2004-05 to FY 2008-09	3,293.70	3,293.70
Service Tax	Service Tax	Customs, Excise & Service Tax Appellate Tribunal, West Zonal Bench	FY 2009-10	512.02	512.02

Name of Statute	Nature of dues	Forum where dispute is pending	Period to which the amount relates	Amount involved (Rs. in lakh)	Amount unpaid (Rs. in lakh)
Service Tax	Service Tax	Customs, Excise & Service Tax Appellate Tribunal , West Zonal Bench	FY 2010-11	86.81	86.81
Service Tax	Service Tax	Customs, Excise & Service Tax Appellate Tribunal , West Zonal Bench	FY 2011-12	86.28	86.28
Income Tax	Income Tax	The Commissioner of Income Tax (Appeals), Mumbai	FY 2010-11	4.92	4.92

The provisions relating to employees' state insurance, sales-tax, duty of custom, duty of excise and value added tax are not applicable to the Company

(viii) The Company did not have any outstanding loans or borrowings from financial institution or bank or government or has any debentures outstanding during the year.

(ix) According to the information and explanations given by the management, the Company has not raised any money way of initial public offer or further public offer or debt instruments or term loans hence, reporting under clause (ix) is not applicable to the Company and hence not commented upon.

(x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud by the Company or on the Company by the officers and employees of the Company has been noticed or reported during the year.

(xi) According to the information and explanations given by the management, the managerial remuneration has been paid / provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.

(xii) In our opinion, the Company is not a nidhi company. Therefore, the provisions of clause 3(xii) of the order are not applicable to the Company and hence not commented upon.

(xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.

(xiv) According to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) are not applicable to the Company and, not commented upon.

(xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of Companies Act, 2013.

(xvi) According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

Re: CENTRAL DEPOSITORY SERVICES (INDIA) LIMITED

ANNEXURE 2 referred to in paragraph 2 (f) under the heading “Report on other legal and regulatory requirements” of our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of Central Depository Services (India) Limited (“the Company”) as of March 31, 2019 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting with reference to these Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and

perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to these Ind AS financial statements.

Meaning of Internal Financial Controls Over Financial Reporting With Reference to these Financial Statements

A company’s internal financial control over financial reporting with reference to these Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting with reference to these Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use,

● FINANCIAL STATEMENTS - STANDALONE

or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting With Reference to these Ind AS Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these Ind AS financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these Ind AS financial statements may become

inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting with reference to these Ind AS financial statements and such internal financial controls over financial reporting with reference to these Ind AS financial statements were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES FORMING PART OF THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2019

1. Company Overview

Central Depository Services (India) Limited (“CDSL”) herein after referred to as “the Company” is a limited company incorporated in India. The registered office of the Company is at 2501, A-Wing, Marathon Futurex, N. M. Joshi Marg, Lower Parel, Mumbai- 400013. CDSL was set up with the objective of providing convenient, dependable and secure depository services at affordable cost to all market participants. A depository facilitates holding of securities in the electronic form and enables securities transactions to be processed by book entry by a Depository Participant (DP) who acts as an agent of the depository, offers depository services to investors.

The equity shares of the Company are listed on the National Stock Exchange of India Limited.

The financial statements were authorized for issue by the Company’s Board of Directors on May 3, 2019.

2. Significant Accounting Policies

2.1 Basis of preparation and presentation

a) Statement of compliance

The financial statements as at and for the year ended March 31, 2019 have been prepared in accordance with Indian Accounting Standards (“Ind AS”) notified under section 133 of the Companies Act 2013, read together with the companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 as amended time to time and the financials also complies with presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III).

b) Basis of measurement

The financial statements have been

prepared and presented under the historical cost convention, except for certain items that have been measured at fair values at the end of each reporting period as required by the relevant Ind AS:

- (i) Financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).
- (ii) Employee benefits (Gratuity and Compensated absences).

c) Functional and presentation currency

The financial statements of the Company are presented in Indian rupees, the national currency of India, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates. All financial information presented in Indian rupees has been rounded to the nearest lakh except share and per share data in terms of Schedule III unless otherwise stated.

d) Use of estimates and judgment

The preparation of financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, disclosure of contingent assets and disclosure of contingent liabilities. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical

judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

- (i). **Income taxes:** The Company's tax jurisdiction is in India. Significant judgments are involved in determining the provision for income taxes, differed tax assets and liabilities including the amount expected to be paid or recovered in connection with uncertain tax positions.
- (ii). **Employee Benefits:** Defined employee benefit assets / liabilities determined based on the present value of future obligations using assumptions determined by the Company with advice from an independent qualified actuary.
- (iii). **Property plant and equipment and Intangible assets:** The charge in respect of periodic depreciation / amortization is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of the Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.
- (iv). **Impairment of trade receivables:** The Company estimates the probability of collection of accounts receivable by analyzing historical payment patterns, customer status, customer credit-worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances may be required.
- (v). **Fair value measurement of financial instruments:** The Company estimates fair values of the unquoted equity shares using

discounted cash flow model. The valuation requires management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility, the probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for these unquoted equity investments (refer note 28).

2.2 Summary of significant accounting policies

i) Foreign currency transactions and balances

Transactions in foreign currency are translated into the respective functional currencies using the exchange rates prevailing at the dates of the respective transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Profit and Loss and reported within foreign exchange gains/ (losses).

ii) Investments in subsidiaries

Investments in subsidiaries are measured at cost. Dividend income if any from subsidiaries is recognised when its right to receive the dividend is established.

iii) Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

All financial instruments are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately

in profit or loss.

Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trade) are recognised on trade date.

For the purpose of subsequent measurement, financial instruments of the Company are classified in the following categories: financial assets (debt instrument) amortised cost, financial assets (debt instrument) at Fair Value Through Other Comprehensive Income ("FVTOCI"), (equity instruments) and FVTOCI at Fair value Through Profit and Loss account ("FVTPL") and financial liabilities at amortised cost or FVTPL.

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

The classification of financial instruments depends on the objective of the business model for which it is held. Management determines the classification of its financial instruments at initial recognition.

Financial assets

a) Financial assets (debt instruments) at amortised cost

A financial asset shall be measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding (SPPI).

They are presented as current assets, except for those maturing later than 12

months after the reporting date which are presented as non-current assets. Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortized cost using the effective interest method, less any impairment loss.

Amortised cost are represented by investment in interest bearing debt instruments, trade receivables, security deposits, cash and cash equivalents, employee and other advances and eligible current and non-current assets.

Cash and cash equivalents comprise cash on hand and in banks and demand deposits with banks with original maturity less than 3 months which can be withdrawn at any time without prior notice or penalty on the principal.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand, book overdraft and are considered part of the Company's cash management system.

b) Financial assets (debt instruments) at FVTOCI

A debt instrument shall be measured at fair value through other comprehensive income if both of the following conditions are met:

- The objective of the business model is achieved by both collecting contractual cash flows and selling financial assets and
- The asset's contractual cash flow represent SPPI. Debt instruments included within FVTOCI category are measured initially as well as at each reporting period at fair value plus transaction costs.

Fair value movements are recognised in other comprehensive income (OCI). However, the Company recognises interest income, impairment losses and reversals and foreign exchange gain or loss in profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to profit and

loss. Interest earned is recognised under the effective interest rate (EIR) model.

Currently the Company has not classified any interest bearing debt instruments under this category.

c) Equity instruments at FVTOCI and FVTPL

All equity instruments are measured at fair value other than investments in unquoted equity shares including investment in subsidiaries. Equity instruments held for trading is classified as FVTPL. For all other equity instruments, the Company may make an irrevocable election to present subsequent changes in the fair value in OCI. The Company makes such election on an instrument-by-instrument basis.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividend are recognised in OCI which is not subsequently reclassified to profit or loss.

Currently the Company has not classified any equity instrument at FVTOCI.

If the Company decides to classify an equity instrument as at FVTPL, then all fair value changes on the instrument and dividend are recognised in Profit or Loss.

d) Financial assets at FVTPL

FVTPL is a residual category for financial assets. Any financial asset which does not meet the criteria for categorization as at amortised cost or as FVTOCI, is classified as FVTPL. In addition the Company may elect to designate the financial asset, which otherwise meets amortised cost or FVTOCI criteria, as FVTPL if doing so eliminates or significantly reduces a measurement or recognition inconsistency.

Earmarked Funds

Earmarked Funds represent bonus payable to Managing Director of the Company, held for specific purposes as per the SEBI letter viz. MRD/DP/OW/31553/2013 dated December 05, 2013. These amounts are invested in mutual fund units / bank fixed deposits and the same are earmarked in the

Balance Sheet. Investment income earned on financial instrument is credited to respective earmarked liabilities and not credited to the Statement of Profit or Loss. The Gain / (Loss) on changes in fair value of mutual fund units of such investments are shown as liabilities / assets and are not routed through the Profit or Loss.

Financial liabilities

a) Financial liabilities at amortised cost

Financial liabilities at amortised cost represented by trade and other payables are initially recognized at fair value, and subsequently carried at amortized cost using the effective interest method.

b) Financial liabilities at FVTPL

Financial liabilities at FVTPL represented by contingent consideration are measured at fair value with all changes recognised in the profit or loss.

Fair value of Financial Instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

Equity Instruments

Ordinary shares: Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are recognised as a deduction from equity, net of any tax effect (if any).

iv) Property, plant and equipment (PPE)

Recognition and measurement:

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset.

The Company had elected to consider the carrying value of all its property, plant and equipment appearing in the financial statements prepared in accordance with Accounting Standards notified under the section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 and used the same as deemed cost in opening Ind AS Balance sheet prepared on 1st April, 2016.

Derecognition of PPE:

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

v) Intangible assets

Intangible assets purchased are measured at cost as of the date of acquisition less accumulated amortization and accumulated impairment, if any.

Amortisation has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013

Intangible assets consists of computer software.

Amortisation methods, useful lives and residual values are reviewed at each reporting date, with the effect of any changes in estimate accounted for on a prospective basis.

Derecognition of intangible assets:

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognised in profit or loss when the asset is derecognised.

vi) Depreciation:

Depreciation has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of

the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.:

Description of asset	Useful life (in years)
Building (leasehold)	10
Building (Freehold)	60
Civil and Interior work	10
Computer Hardware/Software	2
Office Equipment	2-5
Furniture and Fixtures	5
Vehicles	4

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

Depreciation methods, useful lives and residual values are reviewed at each reporting date, with the effect of any changes in estimate accounted for on a prospective basis.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognised in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or disposition of the asset and the resultant gains or losses are recognised in the Profit or Loss.

Amounts paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for intended use before such date are disclosed under

capital work-in-progress. Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

vii) Leases

Leases under which the Company assumes substantially all the risks and rewards of ownership are classified as finance leases. All other leases are classified as operating leases.

Finance Lease:

When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Corresponding liability to the lessor is included in the financial statements as finance lease obligation.

Operating Lease:

Lease payments under operating leases are recognised as an income / expense on a straight line basis in the Statement of Profit and Loss over the lease term except where the lease payments are structured to increase in line with expected general inflation.

viii) Impairment

a) Financial assets carried at amortised cost and FVTOCI

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument

improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL. Lifetime ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivable based on a detailed analysis of trade receivable by individual departments.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income / expense in the Statement of Profit and Loss.

Financial assets measured at amortised cost, contractual revenue receivable: ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

b) Non-financial assets

The Company assesses at each reporting date whether there is any observable evidence that a non-financial asset or a company of non-financial assets is impaired. If any such indication exists, the Company estimates the amount of impairment loss. An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, then the previously recognised impairment loss is reversed through profit or loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

ix) Employee benefits

The Company participates in various employee benefit plans. Post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the Company's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related actuarial and investment risks fall on the employee. The expenditure for defined contribution plans is recognized as expense during the period when the employee provides service. Under a defined benefit plan, it is the Company's obligation to provide agreed benefits to the employees.

The related actuarial and investment risks fall on the Company. The present value of the defined benefit obligations is calculated using the projected unit credit method.

a) Short term employee benefits: Performance linked bonus is provided as and when the same is approved by the management.

b) Post-employment benefits and other long term employee benefits are treated as follows:

i) Defined Contribution Plans

Provident Fund: The Provident fund plan is operated by Regional Provident Fund Commissioner (RPFC) and the contribution thereof are paid / provided for.

Contributions to the defined contribution plans are charged to profit or loss for the respective financial year as and when services are rendered by the employees.

ii) Defined Benefits Plans

- Gratuity: In accordance with the Payment of Gratuity Act, 1972, the Company provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the Company. Gratuity for employees is covered by Gratuity Scheme with Life Insurance Corporation of India and the contribution thereof is paid / provided for. Provision for gratuity is made on the basis of actuarial valuation on Projected Unit Credit Method as at the end of the year.

Remeasurement gains or losses are recognised in other comprehensive income. Further, the profit or loss does not include an expected return on plan assets. Instead net interest recognised in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognised as part of re-measurement of net defined liability or asset through Other Comprehensive Income.

Remeasurements comprising gains or losses and return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are not reclassified to profit or loss in subsequent periods.

- **Compensated absences:** Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end. Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as non-current employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year.

x) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Provisions for onerous contracts are recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are

measured at the present value of lower of the expected net cost of fulfilling the contract and the expected cost of terminating the contract.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

Provisions are reviewed at each balance sheet date adjusted to reflect the current best estimates. Contingent assets and contingent liabilities are not recognised but disclosed in the Financial Statements when economic inflow is probable.

xi) Revenue

The Company has applied Ind AS 115 Revenue from Contracts with Customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue. The Company has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e. April 1, 2018). There was no impact on the adoption of the standard on the financial statements of the Company.

The Company derives revenue primarily from services to corporates and capital market intermediary services. The Company recognises revenue when the significant terms of the arrangement are enforceable, services have been delivered and the collectability is reasonably assured. The method for recognizing revenues and costs depends on the nature of the services rendered:

i) Time and service contracts

Revenues and costs relating to time and service contracts are recognised as the related services are rendered.

ii) Annual /monthly fee contracts

Revenue from annual fee contracts is recognised proportionately over the period of the contract. When services are performed through an indefinite number of repetitive acts over a specified period of time, revenue is recognised on a straight line basis over the specified period or under some other method that better represents the stage of completion.

The Company accounts for volume discounts and pricing incentives to

customers by reducing the amount of revenue.

Interest is recognized on a time proportionate basis taking into account the amount outstanding and the rate applicable.

xii) Investment income

Investment income consists of interest income on funds invested, dividend income and gains on the disposal of FVTPL financial assets.

Interest income on bond is recognised as it accrues in the Profit or Loss, using the effective interest method and interest income on deposits with banks is recognised on a time proportion accrual basis taking into the account the amount outstanding and the rate applicable.

Dividend income is recognised in the Profit or Loss on the date that the Company's right to receive payment is established.

xiii) Income tax

Income tax comprises current and deferred tax. Income tax expense is recognized in profit or loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

a) Current income tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted at the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

b) Deferred tax

Deferred tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except

when the deferred tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax liabilities are recognised for all taxable temporary differences.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The Company recognises interest levied and penalties related to income tax assessments in income tax expenses.

xiv) Earnings per share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

xv) Current / Non-current classification

The Company present assets and liabilities in the balance sheet based on current/non-current classification

Assets: An asset is classified as current when it satisfies any of the following criteria:

1. it is expected to be realised in, or is intended for sale or consumption in, the entity's normal operating cycle;
2. it is held primarily for the purpose of being traded;
3. it is expected to be realised within twelve months after the balance sheet date
4. it is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at-least twelve months after the balance sheet date
5. All other assets are classified as non-current.

Liabilities: A liability is classified as current when it satisfies any of the following criteria:

1. it is expected to be settled in, the entity's normal operating cycle;
2. it is held primarily for the purpose of being traded; it is due to be settled within twelve months after the balance sheet date

3. the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the balance sheet date.

4. All other liabilities are classified as non-current

xvi) Operating Cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

2.3 New and amended standards

Standard issued but not yet effective

On 30 March 2019, the Ministry of Corporate Affairs (MCA) notified Ind AS 116, Leases as part of the Companies (Indian Accounting Standards (Ind AS)) Amendment Rules, 2019. Ind AS 116 replaces existing standard on leases i.e. Ind AS 17, Leases with effect from accounting periods beginning on or after 1 April 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. As the company does not have any material leases, therefore the impact of adoption of this standard is yet to be identified by the company.

Less: Allowance for doubtful debts (expected credit loss allowance)	(495.00)	(450.00)
Total	879.79	1,131.45

1. Trade receivables are dues in respect of services rendered in the normal course of business.
2. The average credit period on sale of services is 25 days. No interest is charged on trade receivables for the first 25 days from the date of invoice. Thereafter, interest is charged at 12% - 13% per annum on the outstanding balance.
3. The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a detailed analysis of trade receivables by individual departments.

4. There are no dues by directors or other officers of the company or any of them either severally or jointly with any other person or debts due by firms or private companies respectively in which any director is a partner or a director or a member.

State Bank of India	-	-	5,225,000	5.00
Bank of India	-	-	5,820,000	5.57

The Company has one class of equity shares having a par value of ₹ 10 per share. Each shareholder is eligible for one vote per share held.

The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

15. Other equity

(₹ in Lakh)

Particulars	As at 31.03.2019	As at 31.03.2018
General reserve	1,094.93	1,094.93
Retained earnings	42,708.42	38,679.60
Total	43,803.35	39,774.53

15.1 General reserve

(₹ in Lakh)

Particulars	As at 31.03.2019	As at 31.03.2018
Balance at beginning of year	1,094.93	1,094.93
Movement during the year	-	-
Balance at end of year	1,094.93	1,094.93

The general reserve is created from time to time to transfer profits from retained earnings for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in general reserve will not be reclassified subsequently to Profit or Loss.

15.2 Retained earnings

(₹ in Lakh)

Particulars	As at 31.03.2019	As at 31.03.2018
Balance at beginning of year	38,679.60	34,684.56
Profit for the year	8,437.73	7,768.70
Other comprehensive income / (loss) arising from remeasurement of defined benefit obligation (net of income tax)	0.57	(0.45)
Payment of dividends (including tax on dividend)	(4,409.48)	(3,773.21)
Balance at end of year	42,708.42	38,679.60

Retained earnings reflect surplus/deficit after taxes in the Statement of Profit and Loss. The amount that can be distributed by the Company as dividends to its equity shareholders is determined based on the balance in this reserve and also considering the requirements of the Companies Act, 2013.

On August 20, 2018, a dividend of ₹ 3.50 per share (total dividend including dividend distribution tax of ₹ 4,409.48 lakh) was paid to the holders of equity shares. On May 29, 2017 the dividend paid was ₹ 3.00 per share (total dividend including dividend distribution tax of ₹ 3,773.21 lakh).

The Board of Directors, at its meeting on May 3, 2019, have proposed a final dividend of ₹ 4/- per equity share of face value ₹ 10/- per share for the financial year ended March 31, 2019. The proposal is subject to the approval of shareholders at the Annual General Meeting to be held and if approved would result in a cash outflow of approximately ₹ 5,039.22 lakh, including dividend distribution tax.

25.2 The income tax expense for the year can be reconciled to the accounting profit as follows:

(₹ in Lakh)

Particulars	For the year ended 31.03.2019	For the year ended 31.03.2018
(A) Profit before tax	10,965.95	10,638.14
(B) Enacted tax rate in India	29.120%	34.608%
(C) Expected tax expenses (A*B)	3,193.28	3,681.65
(D) Other than temporary differences		
Effect of change in tax rate	(98.06)	123.28
Effect of fair value of investments	(543.21)	(709.93)
Effect of income that is exempt from taxation	(227.63)	(336.91)
Expenses disallowed / (allowed) net	162.68	111.35
Other opening adjustment	41.16	-
Total adjustments	(665.06)	(812.21)
(E) Tax expenses after adjustments (C+D)	2,528.22	2,869.44
(F) Tax expenses recognised in Profit or Loss	2,528.22	2,869.44

26. Earnings per share (EPS)

Reconciliation of number of equity shares used in the computation of basic and diluted earnings per share is set out below:

Particulars	For the year ended	
	March 31, 2019	March 31, 2018
Weighted average number of equity shares (issued share capital) outstanding during the year for the calculation of basic EPS	10,45,00,000	10,45,00,000
Effect of dilutive equity shares outstanding during the year	-	-
Weighted average number of equity shares (issued share capital) outstanding during the year for the calculation of dilutive EPS	10,45,00,000	10,45,00,000
Face Value per Share (₹)	10/- each	10/- each
Profit for the year (₹ in lakh)	8,437.73	7,768.70
Basic and Diluted EPS (₹ per share)	8.07	7.43

27. Leases

27.1 Obligations under finance lease

The Company has building situated at Belapur, Maharashtra which is classified as finance lease. The Company has made an upfront payment and there are no lease obligations to be paid in future periods. Therefore, disclosures with respect to Minimum lease payments and Present value of Minimum lease payments have not been given.

27.2 Operating lease arrangements

Lease payments recognised in the profit or loss for the year ended March 31, 2019 is ₹ 167.13 lakh (year ended March 31, 2018 ₹ 180.70 lakh). The agreements are executed for a period ranging from 12 to 60 months with renewable clause and also provide for termination at will by either party giving a prior notice period between 1 to 3 months.

28. Financial instruments

The carrying value and fair value of financial instruments by categories:

Particulars	Carrying Value		Fair Value	
	31.03.2019	31.03.2018	31.03.2019	31.03.2018
i) Financial assets				
a) Amortised Cost

Other financial liabilities	4,250.93	4,567.84	4,250.93	4,567.84
Total	4,472.70	4,787.61	4,472.70	4,787.61

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

Fair value of the Company's financial assets that are measured at fair value on a recurring basis:

Financial assets	Fair value as at		Fair value hierarchy	Valuation technique(s) and key input(s)
	31.03.2019	31.03.2018		
mutual funds (Quoted)	26,398.30	19,938.10	Level 1	NAV declared by respective mutual funds
mutual funds (Unquoted)	5,289.27	4,948.66	Level 2	NAV declared by respective mutual funds
NCD	997.67	-	Level 1	Quoted price
Tax free Bond	9,397.35	9,040.46	Level 1	Quoted price
Equity	300.50	300.50	Level 3	Net asset method

There were no transfers between Level 1, 2 and 3 during the years.

The management assessed that fair value of cash and bank balances, fixed deposits, trade receivables, and trade payables and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- a) The fair value of the quoted bonds and mutual fund are based on price quotations at reporting date. The fair value of unquoted instruments and other financial liabilities, as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities.
- b) The fair values of the unquoted equity shares have been estimated using a discounted cash flow model. The valuation requires the management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility, the probabilities of the various estimates within the range can be reasonably assessed and are used in the management's estimate of fair value for these unquoted equity investments.

29. Financial risk management

The Company's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to support its operations. The Company's principal financial assets include trade and other receivables, and cash and short-term deposits that derive directly from its operations.

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk, market risk (including foreign currency and interest rate risk) and regulatory risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

- Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer.

The demographics of the customer, including the default risk of the industry in which the customer operates, also has an influence on credit risk assessment.

None of the customers accounted for more than 10% of the receivables for the year ended March 31, 2019 and March 31, 2018 and revenue for the year ended March 31, 2019 and March 31, 2018.

- Investments

The Company limits its exposure to credit risk by making investment as per the investment policy. Further investment committee of the Company review the investment portfolio on monthly basis and recommend or provide suggestion to the management. The company does not expect any losses from non- performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

● FINANCIAL STATEMENTS - STANDALONE

The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. The management monitors the Company's net liquidity position through forecasts on the basis of expected cash flows.

* Investment does not include investments in equity instruments of subsidiaries.

The Company manages contractual financial liabilities and contractual financial assets on net basis.

Market risk

The Company's business, financial condition and results of operations are highly dependent upon the levels of activity in the capital markets and in particular upon the trading volume on stock exchanges, the number of listed securities, the number of new listings and subsequent issuances and introduction of new services which will ease in doing business in capital markets.

Our securities depository business competes closely with our competitor for DPs, investor accounts and number of instruments on our systems. We rely heavily on technological equipment and IT at our facilities. Interruptions in the availability of IT systems could adversely impact our business. Shift in consumer preferences away from investing in securities market to other financial products, may dampen prospects of our business.

In addition to the above risk, market risk also include following:

- **Foreign Currency risk**

The Company's foreign currency risk arises in respect of foreign currency transactions. The Company's foreign currency expenses is insignificant, while a significant portion of its costs are in Indian rupees.

As a result, if the value of the Indian rupee appreciates relative to these foreign currencies, the Company's expenses measured in rupees may decrease. Due to lesser quantum of expenses from foreign currencies, the Company is not much exposed to foreign currency risk.

- **Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term / short- term investment with floating interest rates.

Interest rate risk primarily arises from floating rate investment. The Company's investments in floating rate are primarily in FMPs of mutual funds, which do not expose it to significant interest rate risk. There is also a reinvestment risk in the current scenario, as the rates are going downwards.

Regulatory risk

The Company requires various regulatory approvals, registrations and permissions to operate its business, including at a corporate level as well as at the level of each of its components. Some

● FINANCIAL STATEMENTS - STANDALONE

of these approvals are required to be renewed from time to time. The Company's operations are subject to continued review by regulator and these regulations may change from time to time in fast changing capital market environment. The Company's compliance team constantly monitors the compliance with these rules and regulations.

30. Capital management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Company monitors the return on capital as well as the level of dividends on its equity shares. The Company's objective when managing capital is to maintain an optimal structure so as to maximize shareholder value.

The Company is predominantly equity financed which is evident from the capital structure. Further, the Company has always been a net cash company with cash and bank balances along with investment which is predominantly investment in liquid and short term mutual funds being far in excess of financial liabilities.

(d) The amount of further interest due and payable even in the succeeding year	-	-

35. Employee benefits

35.1 Defined benefits plan – Gratuity

Gratuity is administered through Gratuity Scheme with Life Insurance Corporation of India. The LIC raises demand for annual contribution for gratuity amount based on its own computation without providing entire details as required by the Ind AS 19 “Employee Benefits”. Hence the Company obtains separate actuarial valuation report as required under Ind AS 19 “Employee Benefits” from an independent Actuary. The expected return on plan assets is based on market expectation at the beginning of the year, for the returns over the entire life of the related obligations.

Such plan exposes the Company to actuarial risks such as: investment risk, interest rate risk, demographic risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to market yields at the end of the reporting period on government bond yields; if the return on plan asset is below this rate, it will create a plan deficit. Currently the plan has a relatively balanced investment in equity securities and debt instruments.
Interest risk	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan’s debt investments.
Demographic risk	This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, medical cost inflation, discount rate and vesting criteria.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan’s liability.

● FINANCIAL STATEMENTS - STANDALONE

35.2 Compensated absences

The employees of the Company are entitled to compensated absences. The employees can carry forward a portion of the unutilised accumulating compensated absences and utilise it in future periods or receive cash at retirement or termination of employment. The Company records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Company measures the expected cost of compensated absences as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Company recognizes accumulated compensated absences based on actuarial valuation. Non-accumulating compensated absences are recognized in the period in which the absences occur. The Company recognizes remeasurement gains or losses immediately in the statement of profit and loss.

During the year ended March 31, 2019 an amount recognized as an expenses in respect of compensated leave absences is ₹ 51.75 lakh, (Previous year ended March 31, 2018 is ₹ 26.75 lakh).

36. SEBI had issued Depositories and Participants (Amendment) Regulations, 2012 on September 11, 2012 (the “2012 Regulations”). According to the 2012 Regulations, depositories were required to establish and maintain an Investor Protection Fund (the “IPF”) for the protection of interest of beneficial owners and every depository was required to credit 25% of its profits every year to the Investor Protection Fund. On January 21, 2016, SEBI has issued the Securities and Exchange Board of India (Depositories and Participants) (Amendment) Regulations, 2016 (the “Amended Regulations”). According to these Amended Regulations, every depository shall credit 5% or such percentage as may be specified by the Board, of its profits from depository operations every year to the IPF. These Amended Regulations shall be deemed to have come into force from September 11, 2012.
37. From the year ended March 31, 2016 onwards, the Company has determined the IPF contribution at 5% of profit from depository operation after making such contribution according to the Amended Regulations. The profit from depository operations has been determined by reducing the other income for the year from the Net profit before exceptional items and tax for the year after making such contribution. The amount contributed to IPF determined over the reported period is as under:

Table showing movement of IPF provision:

Particular	(₹ in lakh)	
	For the year ended 31.03.2019	For the year ended 31.03.2018
Rate %	5%	5%
Opening provision	408.39	291.00
Add: Provision made during the year	367.65	408.39
Less: Amount transferred to IPF Trust during the Year	408.39	291.00
Closing Provision	367.65	408.39

38. SEBI vide its circular no. CIR/MRD/DP/18/2015 dated December 9, 2015 (the “Circular”) has revised the annual custody/issuer charges to be collected by the depositories from the issuers with effect from financial year 2015-16. With an objective of promoting financial inclusion and expanding the reach of depository services through depository participants (DPs) in tier II and tier III towns, the Circular recommends that the Depository Participants (DPs) be incentivised by way of two schemes. In the first scheme, the depositories shall pay the DPs an incentive of ₹ 100/- for every new Basic Services Demat Accounts (BSDA) opened by their participants in specified cities mentioned in the Circular. In the second scheme, the depositories may pay ₹ 2 per folio per ISIN to the respective depository participants (DPs), in respect of the ISIN positions held in BSDA across all BSDA accounts in the depository. In order to manage the aforementioned incentive schemes, the Circular has directed the Depositories to set aside 20% of the incremental revenue received from the issuers.

Pursuant to the Circular, the Company has set aside ₹ 337.00 lakh during the year ended March 31, 2019 (₹ 307.03 lakh during the year ended March 31, 2018) being 20% of the incremental revenue received from issuers during the respective years, towards the DP incentive scheme.

Table showing movement of DP incentive provision:

(₹ in lakh)

Particulars	As at 31.03.2019	As at 31.03.2018
Opening provision	531.51	412.89
Provision for DP incentive made during the year	337.00	307.03
Amount paid	(299.37)	(188.41)
Closing provision	569.14	531.51

39. The Managing Director (MD) and CEO of the Company, has been identified as the chief operating decision maker (CODM) as defined by Indian Accounting Standard 108 “Operating Segments”. The CODM evaluates the Company’s performance, allocates resources based on analysis of the various performance indicators of the Company as a single unit.

The principal business of the Company is of “Depository Services”. All other activities of the Company revolve around its principal business. Therefore, directors have concluded that there is only one operating reportable segment as per Indian Accounting Standard 108 “Operating Segments”.

40. The financial statements for the year ended March 31, 2019 has been audited by S. R. Batliboi & Co. LLP, Chartered Accountants. The financial statements for the year ended March 31, 2018 has been audited by Deloitte Haskins & Sells, Chartered Accountants.
41. Previous year figures have been regrouped/ reclassified and rearranged wherever necessary to correspond with the current year classification/ disclosure.

INDEPENDENT AUDITOR'S REPORT

To the Members of Central Depository Services (India) Limited

Report on the Audit of the Consolidated Ind AS Financial Statements

Opinion

We have audited the accompanying consolidated Ind AS financial statements of Central Depository Services (India) Limited (hereinafter referred to as "the Holding Company") and its subsidiaries (together referred to as "the Group") comprising of the consolidated Balance sheet as at March 31, 2019, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated Ind AS financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at March 31, 2019, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in

the 'Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements' section of our report. We are independent of the Group in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind AS financial statements for the financial year ended March 31, 2019. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated Ind AS financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated Ind AS financial statements.

Key audit matters	How our audit addressed the key audit matter
IT systems and controls	
<p>As Holding Company is a Depository, the reliability of IT systems plays a key role in the business operations. Since large volume of transactions are processed, the IT controls are required to ensure that systems process data as expected and that changes are made in an appropriate manner.</p> <p>The IT infrastructure is critical for smooth functioning of the Holding Company's business operations as well as for timely and accurate financial accounting and reporting.</p> <p>Due to the pervasive nature and complexity of the IT environment and large volume of transactions we have considered IT systems and controls as a key audit matter.</p> <p>Our audit procedures focused on testing of IT systems, IT general controls and specific application controls.</p>	<p>Our audit procedures focused on the IT infrastructure and applications relevant to financial reporting including:</p> <ul style="list-style-type: none"> • Assessing the information systems used by the Company for IT General Controls (ITGC) and Application controls; • The aspects covered in the IT systems General Control audit were (i) User Access Management (ii) Program Change Management (iii) Other related ITGCs; - to understand the design and test the operating effectiveness of such controls in the system; • Understanding of the changes that were made to the IT landscape during the audit period and assessing changes that have impact on financial reporting; Performing tests of controls (including other compensatory controls wherever applicable) on the IT application controls and IT dependent manual controls in the system. • Testing the design and operating effectiveness of compensating controls, in case deficiencies were identified and, where necessary, extended the scope of our substantive audit procedures. <p>In addition, we understood, where relevant, changes were made to the IT landscape during the audit period and tested those changes that had a significant impact on financial reporting.</p>
Valuation of investments and its impairment <i>(as described in note 26 of the Ind AS financial statements)</i>	
<p>Quoted investments, other equity and fund investments and unquoted equity investments, represents the most significant amount on the balance sheet. The total of these ₹ 59,747 Lakhs represented 76% of total assets of the Company at March 31, 2019.</p> <p>There is a risk that the fair value of investment not determined appropriately. Accordingly, the valuation of investments and its impairment is considered as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • We assessed the design and implementation of controls over valuation and existence of investments. • For the fair valuation models, we understood and assessed the methodology used. We tested the underlying data and assumptions used in the determination of the fair value. Performed sensitivity analysis wherever necessary. • We traced the quantity held from the confirmation provided by Custodian and Fund houses. • We tested the valuation of the quoted and unquoted investments to independent pricing sources or valuation models, as required. • Based on the fair value of investments, we assessed identification of impairment of investments made by the management.

Key audit matters	How our audit addressed the key audit matter
Provisions for litigation and claims	
<p>There are certain demands raised by regulatory authorities, employees and others. The Group has disputed such demands by appealing them to relevant statutory forums or has denied the claims.</p> <p>For various pending litigations against the Group, management judgement is needed to determine whether an obligation exists and a provision should be recorded or disclosure if any, required in the financial statements in accordance with the criteria set under IND AS 37.</p> <p>The measurement of the provision is based on the best estimate of the expenditure required to settle the present obligation.</p> <p>Considering the judgment and estimate involved, matter is considered as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • We obtained and evaluated the Group accounting policy in relation to accounting, assessing and disclosure of claims against the Group. • We understood the design and tested key controls related to identification and monitoring claims against the Group. • We understood the design and tested the operating effectiveness of the Group's key controls over the identification, estimation, monitoring and disclosure of provisions for litigations and claims. • We examined the relevant correspondence with regulators to assess developments in key cases and litigation reports to identify potentially material cases. • For key cases, we considered the regulatory developments and management's interaction with the Regulators and assessed the assumptions used by management in determining provision requirements. We also read historical data and to understand whether they supported current estimates. • We read the Board and other committee meeting minutes to conclude on the effectiveness of management's review controls and conclusions reached. • For the significant provisions made, we understood, and assessed the provisioning methodology. We tested the underlying data and assumptions used in the determination of the provisions recorded, including expected claim rates and the timing of settlement. <p>For cases where a provision was not recognised, we evaluated the disclosure made in the Ind AS standalone financial statements.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report

that fact. We have nothing to report in this regard.

Responsibilities of Management for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated Ind AS financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and

other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit

evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors, to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial

statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated Ind AS financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements for the financial year ended March 31, 2019 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements and other financial information, in respect of three subsidiaries, whose Ind AS financial statements include total assets of ₹ 23,619 lakhs as at March 31, 2019, total revenue of ₹ 5,731 lakhs and net cash inflow of ₹ 78.96 lakhs for the year ended on that date. These Ind AS financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it

relates to the aforesaid subsidiaries is based solely on the reports of such other auditors.

Our opinion above on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

The Comparative Ind AS financial Information of the Group for the year ended March 31, 2018, included in these consolidated Ind AS financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those information on April 21, 2018.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries, as noted in the 'other matter' paragraph we report, to the extent applicable, that:

- (a) We/the other auditors whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements;
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements;
- (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- (e) On the basis of the written representations

received from the directors of the Holding Company as on March 31, 2019 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary companies, none of the directors of the Group's companies, incorporated in India is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act;

- (f) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements of the Holding Company and its subsidiary companies incorporated in India, refer to our separate Report in Annexure 1 to this report;
- (g) In our opinion and based on the consideration of reports of other statutory auditors of the subsidiaries, the managerial remuneration for the year ended March 31, 2019 has been paid / provided by the Holding Company and its subsidiaries incorporated in India to their directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report

of the other auditors on separate financial statements as also the other financial information of the subsidiaries, as noted in the 'Other matter' paragraph:

- i. The consolidated Ind AS financial statements disclose the impact of pending litigations on its consolidated financial position of the Group in its consolidated Ind AS financial statements – Refer Note 30 to the consolidated Ind AS financial statements;
- ii. The Group did not have any material foreseeable losses in long-term contracts, including derivative contracts, during the year ended March 31, 2019;
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, its subsidiaries incorporated in India during the year ended March 31, 2019.

Re: Central Depository Services (India) Limited

ANNEXURE 1 TO The Independent Auditor's Report Of even date on the Consolidated Financial Statements of Central Depository Services (India) Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of Central Depository Services (India) Limited as of and for the year ended March 31, 2019, we have audited the internal financial controls over financial reporting of Central Depository Services (India) Limited (hereinafter referred to as the "Holding Company") and its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the

Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have maintained, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal

control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Holding Company insofar as it relates to all the three subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiary companies.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2019

1. Company Overview

Central Depository Services (India) Limited (“CDSL”) herein after referred to as the “Parent Company” or “Company” is a limited company incorporated in India under the provisions of the Companies Act, 1956. The registered office of the Parent Company is at 2501, A-Wing, Marathon Futurex, N. M. Joshi Marg, Lower Parel, Mumbai- 400013. CDSL was set up with the objective of providing convenient, dependable and secure depository services at affordable cost to all market participants. A depository facilitates holding of securities in the electronic form and enables securities transactions to be processed by book entry by a Depository Participant (DP) who acts as an agent of the depository, offers depository services to investors.

The equity shares of the Parent Company are listed on the National Stock Exchange of India Limited.

The consolidated financial statements were authorized for issue by the Parent Company’s Board of Directors on May 3, 2019.

2. Significant Accounting Policies:

2.1. Basis of preparation and presentation

a) Statement of compliance

The consolidated financial statements as at and for the year ended March 31, 2019 have been prepared in accordance with Indian Accounting Standards (“Ind AS”) notified under section 133 of the Companies Act 2013, read together with the companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 as amended time to time and the financials also complies with presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III).

b) Basis of measurement

The consolidated financial statements have been prepared and presented under the historical cost convention, except for certain items that have been measured at fair values at the end of each reporting period as required by the relevant Ind AS:

- (i) Financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).
- (ii) Employee benefits (Gratuity and Compensated absences).

2.2. Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries (the Group). Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company’s voting rights in an investee are sufficient to give it power, including:

● FINANCIAL STATEMENTS - CONSOLIDATED

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a

subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The subsidiary companies considered in the consolidated financial statements are:-

Name of Subsidiary	Country of Incorporation	Principal Activity	Proportion of Ownership Interest as on March 31, 2019	Proportion of Ownership Interest as on March 31, 2018
CDSL Ventures Limited	India	KYC Registration	100.00 %	100.00 %
CDSL Insurance Repository Limited	India	Holding insurance policies in electronic mode	54.25%	54.25%
- On its own name			51.00%	51.00%
- Through CDSL Ventures Limited.			3.25%	3.25%
CDSL Commodity Repository Limited	India	Commodity Repository	52%	100%

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- ▶ Derecognises the assets (including goodwill) and liabilities of the subsidiary
- ▶ Derecognises the carrying amount of any non-controlling interests
- ▶ Derecognises the cumulative translation differences recorded in equity
- ▶ Recognises the fair value of the consideration received

- ▶ Recognises the fair value of any investment retained
- ▶ Recognises any surplus or deficit in profit or loss

Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities

Non-Controlling interest in the net assets of the consolidated subsidiaries consist of the amount of

equity attributable to the minority shareholders at the date on which investments in the subsidiary companies were made and further movements in their share in the equity, subsequent to the dates of investments. Net profit / loss for the year of the subsidiaries attributable to Non-Controlling interest is identified and adjusted against the profit after tax of the Group in order to arrive at the income attributable to shareholders of the Company.

Consolidation procedure:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Functional and presentation currency

The consolidated financial statements of the Group are presented in Indian rupees, the national currency of India, which is the functional currency of the Group and the currency of the primary economic environment in which the Group operates. All financial information presented in Indian rupees has been rounded to the nearest lakh except share and per share data in terms of Schedule III unless otherwise stated.

Use of estimates and judgment

The preparation of consolidated financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, disclosure of contingent assets and disclosure of contingent liabilities. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

- (i). Income taxes: The Company's tax jurisdiction is in India. Significant judgments are involved in determining the provision for income taxes, differed tax assets and liabilities including the amount expected to be paid or recovered in connection with uncertain tax positions.
- (ii). Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that in the separate financial statements of the subsidiary there will be normal income tax payable. Accordingly, MAT is recognised as a deferred tax asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow within permissible time limit under

Income Tax Act, 1961 to the extent MAT asset recongnised.

- (iii). Employee Benefits: Defined employee benefit assets / liabilities determined based on the present value of future obligations using assumptions determined by the Company with advice from an independent qualified actuary.
- (iv). Property plant and equipment and Intangible assets: The charge in respect of periodic depreciation / amortization is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of the Group assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.
- (v). Impairment of trade receivables: The Group estimates the probability of collection of accounts receivable by analyzing historical payment patterns, customer status, customer credit-worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances may be required
- (vi). Fair value measurement of financial instruments: The Group estimates fair values of the unquoted equity shares using discounted cash flow model. The valuation requires management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility, the probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for these unquoted equity investments (refer note 28).

2.3 Summary of significant accounting policies

i) Foreign currency transactions and balances

In preparing the financial statements of each individual group entity, transactions in foreign currency are translated into the respective functional currencies using the exchange

rates prevailing at the dates of the respective transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Profit and Loss and reported within foreign exchange gains/ (losses).

ii) Financial instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.

All Financial instruments are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trade) are recognised on trade date.

For the purpose of subsequent measurement, financial instruments of the Group are classified in the following categories: financial assets (debt instrument) at amortised cost, financial assets (debt instrument) at Fair Value Through Other Comprehensive Income ("FVTOCI"), financial asset (equity instruments) at Fair value Through Profit and Loss account ("FVTPL") and FVTOCI and financial liabilities at amortised cost or FVTPL.

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

The classification of financial instruments depends on the objective of the business model for which it is held. Management determines the classification of its financial instruments at initial recognition.

Financial assets

- a) Financial assets (debt instruments) at amortised cost

A financial asset shall be measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding (SPPI).

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortized cost using the effective interest method, less any impairment loss.

Amortised cost are represented by investment in interest bearing debt instruments, trade receivables, security deposits, cash and cash equivalents, employee and other advances and eligible current and non-current assets.

Cash and cash equivalents comprise cash on hand and in banks and demand deposits with banks with original maturity less than 3 months which can be withdrawn at any time without prior notice or penalty on the principal.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand, book overdraft and are considered part of the Group's cash management system.

- b) Financial assets (debt instruments) at FVTOCI

A debt instrument shall be measured at fair value through other comprehensive income if

both of the following conditions are met:

- The objective of the business model is achieved by both collecting contractual cash flows and selling financial assets and
- The asset's contractual cash flow represent SPPI. Debt instruments included within FVTOCI category are measured initially as well as at each reporting period at fair value plus transaction costs.

Fair value movements are recognised in other comprehensive income (OCI). However, the Group recognises interest income, impairment losses and reversals and foreign exchange gain or loss in profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to profit and loss. Interest earned is recognised under the effective interest rate (EIR) model.

Currently the Group has not classified any interest bearing debt instruments under this category.

- c) Equity instruments at FVTOCI and FVTPL

All equity instruments are measured at fair value other than investments in subsidiaries. Equity instruments held for trading is classified as FVTPL. For all other equity instruments, the Group may make an irrevocable election to present subsequent changes in the fair value in OCI. The Group makes such election on an instrument-by-instrument basis.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividend are recognised in OCI which is not subsequently reclassified to profit or loss.

Currently the Group has not classified any equity instrument at FVTOCI.

If the Group decides to classify an equity instrument as at FVTPL, then all fair value changes on the instrument and dividend are recognised in Profit or Loss.

- d) Financial assets at FVTPL

FVTPL is a residual category for financial assets. Any financial asset which does not meet the criteria for categorization as at amortised cost or as FVTOCI, is classified as

FVTPL. In addition the Group may elect to designate the financial asset, which otherwise meets amortised cost or FVTOCI criteria, as FVTPL if doing so eliminates or significantly reduces a measurement or recognition inconsistency.

Earmarked Funds

Earmarked Funds represent bonus payable to Managing Director of the Parent Company, held for specific purposes as per the SEBI letter viz. MRD/DP/OW/31553/2013 dated December 05, 2013. These amounts are invested in mutual fund units / bank fixed deposits and the same are earmarked in the Balance Sheet. Investment income earned on financial instrument is credited to respective earmarked liabilities and not credited to the Statement of Profit or Loss. The Gain / (Loss) on changes in fair value of mutual fund units of such investments are shown as liabilities / assets and are not routed through the Profit or Loss.

Financial liabilities

a) Financial liabilities at amortised cost

Financial liabilities at amortised cost represented by trade and other payables are initially recognized at fair value, and subsequently carried at amortized cost using the effective interest method.

b) Financial liabilities at FVTPL

Financial liabilities at FVTPL represented by contingent consideration are measured at fair value with all changes recognised in the profit or loss.

Fair Value of Financial Instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

Equity Instruments

Ordinary shares: Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary

shares are recognised as a deduction from equity, net of any tax effect (if any).

iii) Property, plant and equipment (PPE)

Recognition and measurement:

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset.

The Group had elected to consider the carrying value of all its property, plant and equipment appearing in the financial statements prepared in accordance with Accounting Standards notified under the section 133 of the Companies Act 2013, read together with Rules, 2014 and used the same as deemed cost in opening Ind AS Balance sheet prepared on 1st April, 2016.

Derecognition of PPE:

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

iv) Intangible assets

Intangible assets purchased are measured at cost as of the date of acquisition less accumulated amortization and accumulated impairment, if any.

Amortisation has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013

Intangible assets consists of computer software.

Amortisation methods, useful lives and residual values are reviewed at each reporting date, with the effect of any changes in estimate accounted for on a prospective basis.

Derecognition of intangible assets:

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net

disposal proceeds and the carrying amount of the asset, and are recognised in profit or loss when the asset is derecognised.

v) Depreciation:

Depreciation has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.:

Description of asset	Useful life (in years)
Building (leasehold)	10
Building (Freehold)	60
Civil and Interior work	10
Computer Hardware/Software	2
Office Equipment	2-5
Furniture and Fixtures	5
Vehicles	4

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

Depreciation methods, useful lives and residual values are reviewed at each reporting date, with the effect of any changes in estimate accounted for on a prospective basis.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognised in the Statement of Profit

and Loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or disposition of the asset and the resultant gains or losses are recognised in the Profit or Loss.

Amounts paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work- in-progress. Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

vi) Leases:

Leases under which the Parent Company assumes substantially all the risks and rewards of ownership are classified as finance leases. All other leases are classified as operating leases.

Finance Lease:

When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Corresponding liability to the lessor is included in the financial statements as finance lease obligation.

Operating Lease:

Lease payments under operating leases are recognised as an income / expense on a straight line basis in the Statement of Profit and Loss over the lease term except where the lease payments are structured to increase in line with expected general inflation.

vii) Impairment

a) Financial assets carried at amortised cost and FVTOCI

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The Company follows ‘simplified approach’ for recognition of impairment loss allowance on trade receivables.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL. Lifetime ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

The Group has used a practical expedient by computing the expected credit loss allowance for trade receivable based on a detailed analysis of trade receivable by individual departments.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income / expense in the Statement of Profit and Loss.

Financial assets measured at amortised cost, contractual revenue receivable: ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

b) Non-financial assets

The Group assesses at each reporting date whether there is any observable evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Company estimates the amount of impairment loss. An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, then the previously recognised impairment loss is reversed through profit or loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

viii) Employee benefits

The Group participates in various employee benefit plans. Post-employment benefits are classified as either defined contribution plans or defined benefit

plans. Under a defined contribution plan, the Company's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related actuarial and investment risks fall on the employee. The expenditure for defined contribution plans is recognized as expense during the period when the employee provides service. Under a defined benefit plan, it is the Group's obligation to provide agreed benefits to the employees. The related actuarial and investment risks fall on the Company. The present value of the defined benefit obligations is calculated using the projected unit credit method.

- a) Short term employee benefits: Performance linked bonus is provided as and when the same is approved by the management.
- b) Post-employment benefits and Other long term employee benefits are treated as follows:

i) Defined Contribution Plans:

Provident Fund: The Provident fund plan is operated by Regional Provident Fund Commissioner (RPFC) and the contribution thereof are paid / provided for.

Contributions to the defined contribution plans are charged to profit or loss for the respective financial year as and when services are rendered by the employees.

ii) Defined Benefits Plans:

- **Gratuity:** In accordance with the Payment of Gratuity Act, 1972, the Group provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the Group. Gratuity for employees is covered by Gratuity Scheme with Life Insurance Corporation of India and the contribution thereof is paid / provided for. Provision for gratuity is made on the basis of actuarial valuation on Projected Unit Credit Method as at the end of the year.

Remeasurement gains or losses are recognised in other comprehensive income. Further, the profit or loss does not include an expected return on plan assets. Instead net interest recognised in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognised as part of re-measurement of net defined liability or asset through Other Comprehensive Income.

Remeasurements comprising gains or losses and return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are not reclassified to profit or loss in subsequent periods.

- **Compensated absences:** Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end. Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as non-current employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year.

ix) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation

at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Provisions for onerous contracts are recognised when the expected benefits to be derived by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are measured at the present value of lower of the expected net cost of fulfilling the contract and the expected cost of terminating the contract.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

Provisions are reviewed at each balance sheet date adjusted to reflect the current best estimates. Contingent assets and contingent liabilities are not recognised but disclosed in the Financial Statements when economic inflow is probable.

x) Revenue

The Group has applied Ind AS 115 Revenue from Contracts with Customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue. The Company has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e. April 1, 2018). There was no impact on the adoption of the standard on the financial statements of the Company.

The Group derives revenue primarily from services to corporates and capital market intermediary services. The Group recognises revenue when the significant terms of the arrangement are enforceable, services have been delivered and the

collectability is reasonably assured. The method for recognizing revenues and costs depends on the nature of the services rendered:

i) Time and service contracts

Revenues and costs relating to time and service contracts are recognised as the related services are rendered.

ii) Annual / monthly fee contracts

Revenue from annual fee contracts is recognised proportionately over the period of the contract. When services are performed through an indefinite number of repetitive acts over a specified period of time, revenue is recognised on a straight line basis over the specified period or under some other method that better represents the stage of completion.

The Group accounts for volume discounts and pricing incentives to customers by reducing the amount of revenue.

Interest is recognized on a time proportionate basis taking into account the amount outstanding and the rate applicable.

xi) Investment income

Investment income consists of interest income on funds invested, dividend income and gains on the disposal of FVTPL financial assets.

Interest income on bond is recognised as it accrues in the Profit or Loss, using the effective interest method and interest income on deposits with banks is recognised on a time proportion accrual basis taking into the account the amount outstanding and the rate applicable.

Dividend income is recognised in the Profit or Loss on the date that the Group's right to receive payment is established.

xii) Income tax

Income tax comprises current and deferred tax. Income tax expense is recognized in profit or loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

a) Current income tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted at the reporting date and applicable for the period. The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

b) Deferred tax

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax liabilities are recognised for all taxable temporary differences.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance

with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The Group recognises interest levied and penalties related to income tax assessments in income tax expenses.

xiii) Earnings per share

The Group reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

xiv) Current / Non-current classification

The Group present assets and liabilities in the balance sheet based on current/ non-current classification

Assets: An asset is classified as current when it satisfies any of the following criteria:

1. it is expected to be realised in, or is intended for sale or consumption in, the entity's normal operating cycle;
2. it is held primarily for the purpose of being traded;
3. it is expected to be realised within twelve months after the balance sheet date; or
4. it is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the balance sheet date
5. All other assets are classified as non-current.

Liabilities: A liability is classified as current when it satisfies any of the following criteria:

1. it is expected to be settled in, the entity's normal operating cycle;
2. it is held primarily for the purpose of being traded; it is due to be settled within twelve months after the balance sheet date; or
3. the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the balance sheet date.

4. All other liabilities are classified as non-current

xv) Operating Cycle

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

2.4 New and amended standards

Standard issued but not yet effective

On 30 March 2019, the Ministry of Corporate Affairs (MCA) notified Ind AS 116, Leases as part of the Companies (Indian Accounting Standards (Ind AS)) Amendment Rules, 2019. Ind AS 116 replaces existing standard on leases i.e. Ind AS 17, Leases with effect from accounting periods beginning on or after 1 April 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. As the Group does not have any material leases, therefore the impact of adoption of this standard is yet to be identified by the Group.

● FINANCIAL STATEMENTS - CONSOLIDATED

“The Company has one class of equity shares having a par value of ₹ 10 per share. Each shareholder is eligible for one vote per share held.

The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Group after distribution of all preferential amounts, in proportion to their shareholding.”

14. Other equity

(₹ in Lakh)

Particulars	As at 31.03.2019	As at 31.03.2018
General reserve	1,094.93	1,094.93
Retained earnings	55,269.38	48,330.45
Total	56,364.31	49,425.38

14.1 General reserve

(₹ in Lakh)

Particulars	As at 31.03.2019	As at 31.03.2018
Balance at beginning of year	1,094.93	1,094.93
Movement during the year	-	-
Balance at end of year	1,094.93	1,094.93

The general reserve is created from time to time to transfer profits from retained earnings for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in general reserve will not be reclassified subsequently to Profit or Loss.

14.2 Retained earnings

(₹ in Lakh)

Particulars	As at 31.03.2019	As at 31.03.2018
Balance at beginning of year	48,330.45	41,787.18
Profit attributable to owners of the Company	11,351.45	10,317.78
Other comprehensive income / (loss) arising from remeasurement of defined benefit obligation (net of income tax)	0.36	(1.30)
Loss on dilution of equity in Subsidiary	(3.40)	-
Payment of dividends (including tax on dividend)	(4,409.48)	(3,773.21)
Balance at end of year	55,269.38	48,330.45

Retained earnings reflect surplus/deficit after taxes in the Statement of Profit and Loss. The amount that can be distributed by the Company as dividends to its equity shareholders is determined based on the balance in this reserve and also considering the requirements of the Companies Act, 2013.

On August 20, 2018, a dividend of ₹ 3.50 per share (total dividend including dividend distribution tax of ₹ 4,409.48 lakh) was paid to the holders of equity shares. On May 29, 2017 the dividend paid was ₹ 3.00 per share (total dividend including dividend distribution tax of ₹ 3,773.21 lakh).

The Board of Directors, at its meeting on May 3, 2019, have proposed a final dividend of ₹ 4/- per equity share of face value ₹10/- per share for the financial year ended March 31, 2019. The proposal is subject to the approval of shareholders at the Annual General Meeting to be held and if approved would result in a cash outflow of approximately ₹ 5,039.22 lakh, including dividend distribution tax.

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

Fair value of the Group's financial assets that are measured at fair value on a recurring basis:

Financial assets	Fair value as at		Fair value hierarchy	Valuation technique(s) and key input(s)
	31.03.2019	31.03.2018		
Mutual funds (Quoted)	35,020.11	27,000.22	Level 1	NAV declared by respective mutual funds
Mutual funds (Unquoted)	12,179.46	14,106.80	Level 2	NAV declared by respective mutual funds
NCD	1,496.50	-	Level 1	Quoted price
Taxfree Bond	10,747.92	10,341.07	Level 1	Quoted price
Equity	300.50	300.50	Level 3	Net asset method

There were no transfers between Level 1, 2 and 3 during the years.

The management assessed that fair value of cash and short-term deposits, trade receivables, trade payables and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The fair value of the quoted bonds and mutual fund are based on price quotations at reporting date. The fair value of unquoted instruments and other financial liabilities, as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities.
- The fair values of the unquoted equity shares have been estimated using a discounted cash flow model. The valuation requires the management to make certain assumptions about the model

inputs, including forecast cash flows, discount rate, credit risk and volatility, the probabilities of the various estimates within the range can be reasonably assessed and are used in the management's estimate of fair value for these unquoted equity investments.

27. Financial risk management

The Group's principal financial liabilities, comprise trade and other payables. The main purpose of these financial liabilities is to support its operations. The Group's principal financial assets include trade and other receivables, and cash and short-term deposits that derive directly from its operations.

The Group's activities expose it to a variety of financial risks: credit risk, liquidity risk, market risk (including foreign currency and interest rate risk) and regulatory risk. The Group's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Group's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Group assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

• Trade and other receivables

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer.

The demographics of the customer, including the default risk of the industry in which the customer operates, also has an influence on credit risk assessment.

None of the customers accounted for more than 10% of the receivables for the year ended March 31, 2019 and March 31, 2018 and revenue for the year ended March 31, 2019 and March 31, 2018.

• Investments

The Group limits its exposure to credit risk by making investment as per the investment policy. Further investment committee of the Group review the investment portfolio on monthly basis and recommend or provide suggestion to the management. The Group does not expect any losses from non- performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors.

Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they become due. The Group manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The Group's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. The management monitors the Group's net liquidity position through forecasts on the basis of expected cash flows.

The Group manages contractual financial liabilities and contractual financial assets on net basis.

Market risk

The Group's business, financial condition and results of operations are highly dependent upon the levels of activity in the capital markets and in particular upon the trading volume on stock exchanges, the number of listed securities, the number of new listings and subsequent issuances and introduction of new services which will ease in doing business in capital markets.

Our securities depository business competes closely with our competitor for DPs, investor accounts and number of instruments on our systems. We rely heavily on technological equipment and IT at our facilities. Interruptions in the availability of IT systems could adversely impact our business. Shift in consumer preferences away from investing in securities market to other financial products, may dampen prospects of our business.

In addition to the above risk, market risk also include following:

• **Foreign Currency risk**

The Group's foreign currency risk arises in respect of foreign currency transactions. The Group's foreign currency expenses is insignificant, while a significant portion of its costs are in Indian rupees.

As a result, if the value of the Indian rupee appreciates relative to these foreign currencies, the Group's expenses measured in rupees may decrease. Due to lessor quantum of expenses from foreign currencies, the Group is not much exposed to foreign currency risk.

• **Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term / short- term investment with floating interest rates.

Interest rate risk primarily arises from floating rate investment. The Group's investments in floating rate are primarily in FMPs of mutual funds, which do not expose it to significant interest rate risk. There is also a reinvestment risk in the current scenario, as the rates are going downwards.

• **Regulatory risk**

The Group requires various regulatory approvals, registrations and permissions to operate its business, including at a corporate level as well as at the level of each of its components. Some of these approvals are required to be renewed from time to time. The Group's operations are subject to continued review by regulator and these regulations may change from time to time in fast changing capital market environment. The Group's compliance team constantly monitors the compliance with these rules and regulations.

28. Capital management

The Group's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Group monitors the return on capital as well as the level of dividends on its equity shares. The Group's objective when managing capital is to maintain an optimal structure so as to maximize shareholder value.

The Group is predominantly equity financed which is evident from the capital structure. Further, the group has always been a net cash company with cash and bank balances along with investment which is predominantly investment in liquid and short term mutual funds being far in excess of financial liabilities.

Tangible assets	122.50	18.33
Intangible assets	8.00	355.00
(b) Other commitments	154.69	41.16

32. Segment information

The Managing Director (MD) and CEO of the Parent Company, has been identified as the chief operating decision maker (CODM) as defined by Indian Accounting Standard 108 “Operating Segments”. The CODM evaluates the Group’s performance, allocates resources based on analysis of the various performance indicators of the Group as a single unit.

The Group operates in three operating Segments namely Depository Services, Data Processing Services and Others. These are the reportable business segment as per Indian Accounting Standard 108 “Operating Segments”. The reportable business segments are in line with the segment wise information which is being presented to the CODM.

The Group has three operating and reporting segment; viz, Depository, Data entry and storage and Repository. Since there is no revenue from external customers and non-current assets outside India, no geographical segments have been identified.

Depository Segment includes providing various services to the investors like dematerialisation, rematerialisation, holding, transfer and pledge of securities in electronic form and providing e-voting services to companies.

Data Entry and Storage segment relates to Centralized record keeping of KYC document of capital market investors.

Repository main objective to provide policyholders/warehouse receipts holder a facility to keep insurance policies/warehouse receipts in electronic form and to undertake changes, modifications and revisions in the policy/receipt with speed and accuracy in order to bring about efficiency, transparency and cost reduction in issuance and maintenance of policies/receipts.

34. Employee benefits :

34.1. Defined benefit plan – Gratuity

Gratuity is administered through Group Gratuity Scheme with Life Insurance Corporation of India (LIC). The LIC raises demand for annual contribution for gratuity amount based on its own computation without providing entire details as required by the Ind AS 19 “Employee Benefits”. Hence the Group obtains separate actuarial valuation report as required under Ind AS 19 “Employee Benefits” from an independent Actuary. The expected return on plan assets is based on market expectation at the beginning of the year, for the returns over the entire life of the related obligations.

Such plan exposes the Group to actuarial risks such as: investment risk, interest rate risk, demographic risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to market yields at the end of the reporting period on government bond yields; if the return on plan asset is below this rate, it will create a plan deficit. Currently the plan has a relatively balanced investment in equity securities and debt instruments.
Interest risk	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan’s debt investments.
Demographic risk	This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, medical cost inflation, discount rate and vesting criteria.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan’s liability.

The following table sets out the funded status of the Gratuity benefit scheme and the amount recognised in the Financial Statements as at March 31, 2019 and March 31, 2018:

34.2 Compensated absences

The employees of the Group are entitled to compensated absences. The employees can carry forward a portion of the unutilised accumulating compensated absences and utilise it in future periods or receive cash at retirement or termination of employment. The Group records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Group measures the expected cost of compensated absences as the additional amount that the Group expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Group recognizes accumulated compensated absences based on actuarial valuation. Non-accumulating compensated absences are recognized in the period in which the absences occur. The Group recognizes actuarial gains or losses immediately in the statement of profit and loss.

● FINANCIAL STATEMENTS - CONSOLIDATED

During the year ended March 31, 2019 an amount recognized as an expenses in respect of compensated leave absences is ₹ 55.14 lakh (Previous year ended March 31, 2018 is ₹ 24.17 lakh)

- 35.** SEBI had issued Depositories and Participants (Amendment) Regulations, 2012 on September 11, 2012 (the “2012 Regulations”). According to the 2012 Regulations, depositories were required to establish and maintain an Investor Protection Fund (the “IPF”) for the protection of interest of beneficial owners and every depository was required to credit 25% of its profits every year to the Investor Protection Fund. On January 21, 2016, SEBI has issued the Securities and Exchange Board of India (Depositories and Participants) (Amendment) Regulations, 2016 (the “Amended Regulations”). According to these Amended Regulations, every depository shall credit 5% or such percentage as may be specified by the Board, of its profits from depository operations every year to the IPF. These Amended Regulations shall be deemed to have come into force from September 11, 2012.
- 36.** From the year ended March 31, 2016 onwards, the Parent Company has determined the IPF contribution at 5% of profit from depository operation after making such contribution according to the Amended Regulations. The profit from depository operations has been determined by reducing the other income for the year from the Net profit before exceptional items and tax for the year after making such contribution. The amount contributed to IPF determined over the reported period is as under:

Table showing movement of IPF provision:

Add: Provision made during the year	367.65	408.39
Less: Amount transferred to IPF Trust during the Year	408.39	291.00
Closing Provision	367.65	408.39

- 37.** SEBI vide its circular no. CIR/MRD/DP/18/2015 dated December 9, 2015 (the “Circular”) has revised the annual custody/issuer charges to be collected by the depositories from the issuers with effect from financial year 2015-16. With an objective of promoting financial inclusion and expanding the reach of depository services through depository participants (DPs) in tier II and tier III towns, the Circular recommends that the Depository Participants (DPs) be incentivised by way of two schemes. In the first scheme, the depositories shall pay the DPs an incentive of ₹100/- for every new Basic Services Demat Accounts (BSDA) opened by their participants in specified cities mentioned in the Circular. In the second scheme, the depositories may pay ₹2 per folio per ISIN to the respective depository participants (DPs), in respect of the ISIN positions held in BSDA across all BSDA accounts in the depository. In order to manage the aforementioned incentive schemes, the Circular has directed the Depositories to set aside 20% of the incremental revenue received from the issuers.

Pursuant to the Circular, the Group has set aside ₹ 337.00 lakh during the year ended March 31, 2019 (₹ 307.03 lakh during the year ended March 31, 2018) being 20% of the incremental revenue received from issuers during the respective years, towards the DP incentive scheme.

Table showing movement of DP incentive provision:

(₹ in Lakh)

Particular	As at 31.03.2019	As at 31.03.2018
Opening provision	531.51	412.89
Add: Provision for DP incentive made during the year	337.00	307.03
Less: Amount paid during the year	(299.37)	(188.41)
Closing provision	569.14	531.51

38. The financial statements for the year ended March 31, 2019 has been audited by S. R. Batliboi & Co. LLP, Chartered Accountants. The financial statements for the year ended March 31, 2018 has been audited by Deloitte Haskins & Sells, Chartered Accountants.

39. Previous year's figures have been regrouped/ reclassified and rearranged wherever necessary to correspond with the current year's classification/ disclosure.

NOTES:

- 1. A MEMBER ENTITLED TO ATTEND AND VOTE AT THE ANNUAL GENERAL MEETING (AGM) IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE INSTEAD OF HIMSELF/HERSELF AND THE PROXY NEED NOT BE A MEMBER OF THE COMPANY.**

THE INSTRUMENT APPOINTING A PROXY SHOULD, HOWEVER, BE DEPOSITED AT THE REGISTERED OFFICE OF THE COMPANY NOT LESS THAN FORTY-EIGHT HOURS BEFORE THE COMMENCEMENT OF THE MEETING. A PROXY FORM FOR THE MEETING IS ATTACHED TO THIS NOTICE.

2. A person can act as proxy on behalf of, not exceeding fifty (50) Members and holding in the aggregate not more than ten (10) percent of the total share capital of the Company carrying voting rights. A Member holding more than ten (10) percent of the total share capital of the Company carrying voting rights, may appoint a single person as proxy and such person shall not act as proxy for any other member.

If a person is appointed as Proxy for more than 50 Members, he shall choose any 50 Members and confirm the same to the Company 24 hours before the commencement of the Meeting. In case the proxy fails to do so, the Company shall consider only the first 50 proxies received in respect of such person as valid.

3. During the period, beginning 24 hours before the time fixed for the commencement of the Meeting and ending with the conclusion of the Meeting, a Member would be entitled to inspect the proxies lodged at any time during the business hours of the Company, provided that not less than 3 days of notice in writing is given to the Company.
4. M/s. S. R. Batliboi & Co., LLP, Chartered Accountants, Mumbai, bearing Firm Registration No. 301003E/E300005 with the Institute of Chartered Accountants of India were appointed as the Statutory Auditors of the Company for a period of five years at the AGM of the Company held on August 20, 2018. Their appointment was subject to ratification by the Members at every subsequent AGM post their appointment.

Pursuant to the Companies (Amendment) Act, 2017 effective from May 7, 2018, the requirement of seeking ratification of the Members for the appointment of the Statutory Auditors has been withdrawn from Section 139 of the Companies Act, 2013.

However, since the shareholders have fixed the remuneration of the Statutory Auditors at ₹16,00,000/- as statutory audit fees and tax audit fees exclusive of applicable taxes and other out of pocket expenses, to be reimbursed at actuals with additional function of Reporting on Internal Financial Controls as required under section 143(3)(i) of the Companies Act, 2013, based on the recommendation of the Audit Committee, the Board of Directors a resolution is proposed for ratification of appointment of the Statutory Auditors for the financial year 2019-20 at a revised remuneration of ₹ 20,00,000/- as statutory audit fees and tax audit fees exclusive of applicable taxes and other out of pocket expenses, which shall be reimbursed at actuals with additional function of Reporting on Internal Financial Controls as required under section 143(3)(i) of the Companies Act, 2013 and further authorize the Board to decide and fix the remuneration of the Statutory Auditors of the Company for the financial years 2020-21, 2021-22 and 2022-23, as may be mutually decided upon between M/s. S. R. Batliboi & Co., LLP and the Board. The Statutory Auditors have given a confirmation to the effect that they are eligible to continue with their appointment and they have not been disqualified from continuing as the Statutory Auditors.

5. Corporate members intending to depute their authorised representatives to attend the Meeting pursuant to section 113 of the Companies Act, 2013 (the Act) are requested to send to Link Intime India Private Limited a duly certified true copy of the Board Resolution/ Power of Attorney authorizing their representatives to attend and vote on their behalf at the meeting. Proxies submitted on behalf of limited companies, societies etc. must be supported by appropriate resolutions/authority as applicable.
6. In case of joint holders attending the meeting only such joint holder who is higher in the order of names will be entitled to vote.

● NOTICE

7. All documents referred to in the Notice will be available for inspection at the Company's registered office between 11.00 a.m. to 1.00 p.m. upto 16 th August, 2019 on all working days (except Saturdays and public holidays). Statutory Registers will be available for inspection at the AGM.
8. Subject to the provisions of the Act, dividend as recommended by the Board, if approved at the Meeting, will be paid within a period of 30 days from the date of declaration to those Members or their mandates whose names appear as beneficial owners with depositories or in the Register of Members as on 10th September 2019.
9. To avoid the incidence of fraudulent encashment of the dividend warrants, Members are requested to intimate the Company's RTA under the signature of the Sole/First joint holder, the following information, so that the bank account number and address of the bank can be printed on the dividend warrants:
 - 1) Name of Sole / First Joint holder and Folio No.
 - 2) Particulars of bank account viz:
 - i) Name of the Bank,
 - ii) Name of the Branch with Branch Code / IFSC Code
 - iii) Complete address of the Bank with Pin Code Number
 - iv) Account type, whether Saving Bank (SB) or Current Account (CA),
 - v) Bank Account number allotted by the Bank
10. In case of Members holding shares in electronic form, Bank account details provided by the Depository Participants (DPs) will be used by the Company for printing dividend warrants.
11. Members who hold shares in dematerialized form and desire a change/correction in the bank accounts details should intimate the same to their concerned DPs about such change with complete details of Bank Account including MICR Code and not to the Company's RTA. The Company/Company's RTA will not entertain any direct request from such Members for change of address, transposition of names, deletion of name of deceased joint holder and change in the bank account details. The said details will be considered as will be furnished by the DPs to the Company.
12. Additional information, pursuant to the Regulation 36(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) and Secretarial Standards on General Meetings, in respect of the Directors seeking appointment at the AGM, is furnished as Annexure to the Notice.
13. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in electronic form are requested to submit their PAN to their DPs and those holding shares in physical form are requested to submit their PAN to the Company's Registrar and Share Transfer Agent.
14. Members are requested to intimate the Company's Registrar and Share Transfer Agent, Link Intime India Private Limited, 247 Park, C-101, L.B.S. Marg, Vikhroli (West), Mumbai 400083, immediately of any change in their address in respect of equity shares held in physical mode and to their Depository Participants (DPs) in respect of equity shares held in dematerialised form.
15. Shareholders are requested to read the "Shareholder Information" section of the Annual Report for useful information.
16. Members desirous of obtaining any information/clarification on the Accounts and Operations of the Company are requested to address their communication to the Company at its registered address so as to reach at least one week before the date of the Meeting so that the required information can be made available at the Meeting.
17. Pursuant to the provisions of Sections 101 and 136 of the Act, read with the relevant Rules made thereunder, companies can serve Annual Reports and other communications through electronic mode to those members who have registered their e-mail addresses either with the DPs of the Company. The Notice of this AGM along with the Annual Report for the year ended 31st March 2019, is being sent by electronic mode to those members whose e-mail addresses are registered with the DPs/ Company, unless a member has requested for

a physical copy of the same. Physical copies of the Annual Report are being sent by the permitted mode to those members who have not registered their e-mail addresses. The Annual Report for the year ended 31st March, 2019, is also available on the Company's website www.cdslindia.com.

18. Members holding shares in physical mode are requested to register their e-mail address with the Company's Registrar and Share Transfer Agent, and Members holding shares in demat mode are requested to register their e-mail address with their respective DPs, in case the same is still not registered.
19. If there is any change in the e-mail address already registered with the Company/ Members are requested to immediately notify such change to the Company's Registrar and Share Transfer Agent, in respect of shares held in physical form, and to their DPs in respect of shares held in electronic form.
20. In terms of amendments to the Listing Regulations, with effect from 1st April, 2019, requests for effecting transfer of securities in physical form shall not be processed unless the securities are held in dematerialized form with the depository i.e. NSDL and CDSL. Members are, therefore, requested to demat their physical holding for any further transfer. Members can, however, continue to make request for transmission or transposition of securities held in physical form.

Instructions for Remote E-Voting

1. In compliance with the provisions of Section 108 of the Companies Act, 2013, read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended by the Companies (Management and Administration) Amendment Rules, 2015 and Regulation 44 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations), the Company is pleased to provide its Members facility to exercise their right to vote on resolutions proposed to be considered at the Annual General Meeting (AGM) by electronic means and the business may be transacted through e-Voting services provided by Link Intime India Private Limited (LI IPL). The Members may cast their votes using an electronic voting system from a place other than the venue of the AGM (Remote e-Voting).

2. The facility for voting through electronic voting system shall be made available at the AGM and the Members attending the AGM who have not cast their vote by remote e-voting shall be able to exercise their right at the AGM.
3. The Members who have already cast their vote by remote e-Voting prior to the AGM may also attend the AGM, but shall not be entitled to cast their vote again.
4. The remote e-Voting period commences on Saturday, 14th September, 2019 (9.00 a.m. IST) and ends on Monday, 16th September, 2019 (5.00 p.m. IST). During this period, Members of the Company, holding shares either in physical form or in dematerialized form, as on Tuesday, 10th September 2019, i.e. cut-off date, may cast their vote by remote e-voting. A person who is not a Member as on the **cut-off date** should treat this Notice for information purposes only. The remote e-Voting module shall be disabled by LI IPL for voting thereafter. Once the vote on a resolution(s) is cast by the Member, he shall not be allowed to change it subsequently.

The process and manner for remote e-voting are as under:

Instructions for shareholders to vote electronically:

- **Log-in to e-Voting website of Link Intime India Private Limited (LI IPL)**
 1. Visit the e-voting system of LI IPL. Open web browser by typing the following URL: <https://instavote.linkintime.co.in>.
 2. Click on "Login" tab, available under 'Shareholders' section.
 3. Enter your User ID, password and image verification code (CAPTCHA) as shown on the screen and click on "SUBMIT".
 4. Your User ID details are given below:
 - a. **Shareholders holding shares in demat account with NSDL:** Your User ID is 8 Character DP ID followed by 8 Digit Client ID
 - b. **Shareholders holding shares in demat account with CDSL:** Your User ID is 16 Digit Beneficiary ID

● NOTICE

- c. **Shareholders holding shares in Physical Form (i.e. Share Certificate):** Your User ID is Event No + Folio Number registered with the Company
5. Your Password details are given below:
