It gives me great pleasure to convey to you, my thoughts and views on assuming office as the Chairman of Central Depository Services (India) Limited (CDS).

CDS has been promoted by the BSE and the country's leading Banks. From inception, the investor has been the focus of CDS's efforts. This is partly reflected in CDS's competitive tariff structure and principle of not levying a custody charge.

I propose to intensify this focus by always keeping our systems in tune with users' needs and concerns. To achieve this objective, CDS will constantly harness users for feedback. To the users, I say, "When you speak, CDS will listen, and listen attentively."

We are in an age where change is rapid and often revolutionary. Systemic changes in the securities market environment are most often, for the better. Sometimes their efficacy can only be judged after the passage of time, but they are always challenging and welcome. Technological improvement and innovation deliver the wherewithal to enhance user satisfaction. CDS views change as a means to its end of achieving and maintaining user satisfaction. The efforts of every employee of CDS will always be dictated by this goal.

I am positive that CDS and investors have a long-term and mutually beneficial relationship ahead of them.

S. S. Thakur  
(Chairman)

## What's new?

At the meeting of the Board of Directors of Central Depository Services (India) Limited (CDS) held on June 16, 2001, Shri S.S. Thakur, former Chairman of HDFC Bank Ltd. was appointed as an Additional Director of CDS. He was simultaneously appointed as the Non-executive Chairman of CDS. At this meeting Shri N.P. Sarma, Chartered Accountant and former President of the Institute of Chartered Accountants of India was appointed as an Additional Director. Shri A.S. Khurana, General Manager, Bank of Baroda was also inducted as a Director representing Bank of Baroda in place of Dr. K.C. Chakraborty, General Manager, who has now been posted at London.

Shri M G Damani stepped down from the post of Chairman and Managing Director of CDS on June 12, 2001. Shri Damani was appointed the CMD of CDS in August 2000 and during his tenure CDS made remarkable progress under his astute leadership. The number of Depository Participants increased to 160 in June 2001 from 81 in August 2000. Similarly the number of companies admitted into CDS also increased to 3293 from 1369.

CDS has re-launched its website [www.centraldepository.com](http://www.centraldepository.com) with effect from 25-06-2001. Several additional features have been included in the website which includes searching for a Depository Participant using the map of India. CDS is also shortly launching its electronic newsletter, CDS e-infoline, which will provide the details of the latest happenings in CDS. One can register for the newsletter by registering their email ID on our website. Queries if any relating to the above may be addressed to Mr.Sunil Alvares (extn 8627) or e-mail at [sunila@cdslindia.com](mailto:sunila@cdslindia.com).

SEBI has announced the list of 251 scrips would go into compulsory rolling settlement with effect from July 02, 2001 vide its letter no. SMDRP/Policy/Cir-30/2001 dated May 24, 2001. SEBI had earlier announced vide their circular no. SMDRP/ Policy/cir-23/2001 dated March 20, 2001 that scrips having deferral products such as ALBM/ BLESS / MCFS on any of the exchanges and the scrips in BSE 200 would go into compulsory rolling settlement with effect from July 02, 2001. All these 251 companies have already admitted their securities into CDS.

CDS has introduced the facility of transposition-cum-dematerialisation to enable investors to transpose names of the joint holders alongwith the process of dematerialisation through their DPs. In case of transposition-cum-dematerialisation, an investor can get his securities dematerialised in the same account if the names appearing on the certificates match with the names in which the account has been opened but are in a different order. To avail of transposition-cum-dematerialisation, an investor should submit his physical certificates along with the Transposition Form and the Dematerialisation Request Form (DRF) duly completed to his DP. Earlier, investors holding shares in joint names (Mr. X & Mr. Y), but in different sequence (Mr. Y & Mr. X) were either required to open multiple accounts for each sequence (Mr. X & Mr. Y and Mr. Y & Mr. X) or to effect the transposition directly with the Issuer/R&T Agent and then dematerialise their securities through their DPs.

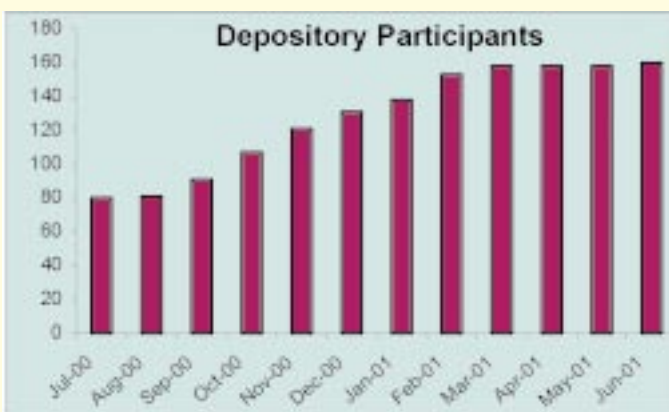

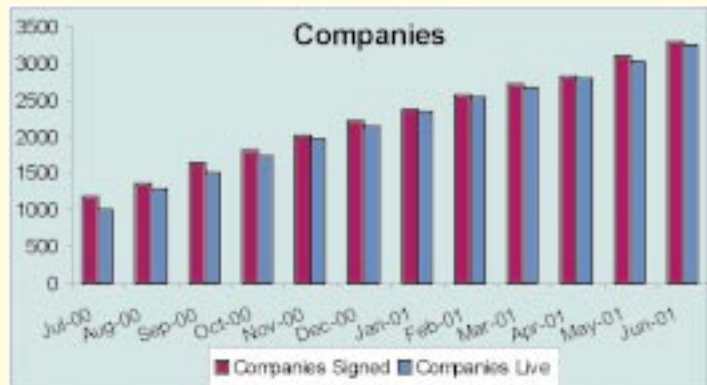

Oriental Bank of Commerce (OBC) launched its CDS Depository services at its Stock Exchange Branch in Mumbai, at a grand function held on June 14, 2001. Shri B D Narang, Chairman and Managing Director, OBC performed the inauguration. Shri V.V.Raut, Executive Director, CDS, Shri R K Dargan, Dy. General Manager, OBC and Shri R C Diwan, Asst. Gen. Manager, OBC were also present at the inauguration.

### PROCEDURE FOR COMMERCIAL PAPER FOR ISSUER:

Procedure for Admissions and Issue of CP in Demat Mode :

As per the RBI directive, the Issuers satisfying RBI's eligibility norms can issue Commercial Paper (CPs). For the CP program, the Issuer would have to appoint an Issuing and Paying Agency (IPA) and sign an agreement in accordance with the state stamps duty, before the agreement is executed. Credit rating exercise would also have to be done by the Issuer and the original letter, issued by the credit rating agency mentioning the total amount of CPs that can be issued, should be submitted to the IPA. The steps for issue of CP would thereafter be as under:

- Apply to CDS for allotment of an ISIN giving the details of the CP as per the Master Creation Form and Letter of Intent, the formats of which can be downloaded from our website, [www.centraldepository.com](http://www.centraldepository.com). The ISIN allotted or applied for, could be for a specified tranche or for the specific CP program. The securities held in a specific ISIN would have the same maturity date and identical characteristics. Issuer should note that ISIN should be activated before the CP issuance is started. The Issuers must ensure that the CP program is completed within a period of two weeks from the date of commencement of the issue.
- The Issuer would have to instruct the IPA to open a "CP allotment account" and the "CP redemption account" with any DP of CDS. If the IPA is a DP he can open the account with himself.
- The Issuer will submit the full details of the CP program to the IPA.
- A single promissory note for the total value of CPs (Jumbo Promissory Note) duly stamped and executed by the Issuer should be given to the IPA. The said promissory note would have to be endorsed with the following endorsement "Issuer has credited electronic security against this promissory note with CDS/NSDL bearing ISIN \_\_\_\_ for the credit of investor accounts with the DPs stated in the Issuers letter dated \_\_\_\_". This promissory note is not available for trading in the secondary market.
- The Issuer shall issue letter of offer to the investors who want to subscribe to the CP program.
- On receipt of monies as per the offer letter, the collecting agency would handover to the investor the copy of the certificate issued by the IPA. The letter will contain the details of the IPA has been appointed and the various other particulars of the CP and the demat accounts to be operated by the IPA.
- The RTA shall credit the total units of CPs to the "CP allotment account", upon instructions from the Issuer.
- The IPA, based on the instructions of the Issuer, will inform its DP to transfer the CPs from the CP allotment account to the investors' demat accounts.

These transfers as well as allotment in the IPA's demat account mentioned in point no. 7 & 8, would have to be done in denominations of Rs.5 lakhs or multiples thereof. Thus, the quantity to be credited should be "the amount of CP divided by Rs.5 lakhs", which gives the number of units to be mentioned on the said instructions.

### **CDS Associates - Stock Exchanges**

The following Stock Exchanges are connected with CDS to facilitate trading and settlement of dematerialised securities

## Frequently Asked Questions : Rolling Settlement

### What is rolling settlement?

Rolling settlement is one of the cycles of settling trades. Hitherto, the stock market operated under a system of settlement of trades done during the 5 days of a week on the 4<sup>th</sup> day of the next week on net basis of one week or more (for exchanges which used *badla*). On BSE, it was possible to buy 100 shares of ITC on Monday morning, sell 100 shares of ITC upto Friday evening of the same week, and have no deliveries to, or receipts from the clearing corporation: the two transactions net out and only difference in money changes hands (reflecting the difference in purchase and sale price, minus brokerage). **Rolling settlement involves shrinking the netting or settlement period to one day.**

This means that trades can be net only within the day. A person can buy 100 shares of ITC in the morning, sell 100 shares of ITC in the evening, and have to deliver no shares and receive no shares from or to the clearing corporation. However, if there is a net sell position of 100 shares at close of a trading day, then shares have to be delivered 5 working days later. Similarly, a net buy position means payment of money and receipt of shares 5 working days later. The 5 working days period for settlement has been stipulated by SEBI. This is because the Indian Capital Market has adopted a T+5 day format. This could in future be reduced to T+1.

### Why is the world calling for a rolling settlement format?

For many reasons.

- Internationally, the rolling settlement has been accepted as the best method of settling trades. In Rolling settlements the time gap between trading and settlement is reduced which results in reduced risks to the market participants. Rolling settlement, therefore, in any capital markets represents a best international practice. The G-30 or Group of 30 (a group to identify the best international practices of clearing & settlements) way back in 1989 had recommended that settlement of all securities trades should take place on rolling settlement, T+3 basis.
- **Rolling settlement makes shares closer to money.** Today, when shares are sold, the seller has to wait for one to two weeks for obtaining the money. With T+5 rolling settlement, the time lag is reduced. It is easy and convenient to think "Shares sold on Thursday yield money on the next Thursday". It is perceived that when shares are closer to money, it makes shares more attractive; investors would be more willing to supply risk capital in the country, if they know that shares can be *rapidly* converted into cash when the need arises. For active traders, the 'velocity of trading' is higher owing to rapid turnaround under rolling settlement with short settlement delays.
- **Rolling settlement makes the equity market more robust.** With rolling settlement, highly leveraged trading only takes place intra-day. This yields a robust and smoothly functioning stock market.
- **Rolling settlement yields cleaner prices.** The information contained in prices is central to the market economy. With weekly settlement, price movements were to an extent influenced by the proximity to the start and end of the settlement period. This will end with rolling settlement, where the prices on any day will be comparable with any other.
- **Rolling settlement has helped to bring in uniform settlement cycles across all exchanges in the country**

### What do you mean by T+5, or T+3 ... What is 3 or 5?

In the rolling settlement, 3 or 5 denotes after how many days the trades done on "T" day will be settled. In India, we have adopted the T+5 format. Trades done on Monday of one week have to be settled on Monday of the next week etc.

### How will various investors be affected by rolling settlements?

For intra-day traders, rolling settlement changes nothing. For institutional investors, who cannot square off within the same settlement anyway, there would be no change. It is for speculators who take leveraged positions across one night or more that rolling settlement has an impact.

### Can I square off my transactions done in rolling settlement?

Yes. Since the trades in a rolling settlement are netted for a day, you can square off the transaction but only before the close of the trading on that day.

### How do I prepare myself for rolling settlement?

The Securities and Exchange Board of India has mandated that certain scrips would be settled on a compulsory rolling settlement basis. Since the movement of money payment and securities deliveries need to be very fast in rolling settlements, the investors need to consider the depository and banking infrastructure available at his location. Investors are advised to take delivery of their shares from their broker's account after the buy transaction is done.
