| Value (Rs. in Crore) | 5858       | 2415       | 2776       |

### Investors

Over the last one year, the number of demat accounts opened by investors in CDSL has increased by 154%.

## What's New?

### Launch of "Electronic Access To Securities Information And Execution Of Secured Transactions" (*easiest*) and "BSE's Certification on Central Depository" (BCCD)

CDSL's internet facility, *easiest* was inaugurated on March 9, 2004 at the BSE Convention Hall, P. J. Towers by Shri G. N. Bajpai – Chairman, SEBI. Simultaneously, Shri Bajpai also inaugurated "BSE's Certification on Central Depository" (BCCD), a certification programme on depository services. CDSL has provided the course content for this programme, which will be conducted by the BSE Training Institute. The inauguration function, which spanned an hour, had an impressive turnout of over 450 dignitaries from SEBI, Banks, NSDL, BSE and NSE Clearing Members, DPs, RTAs and other securities market constituents.

Shri S. S. Thakur-Chairman, CDSL delivered the welcome address prior to summarising the features of *easiest* and BCCD and conveying CDSL's expectations from these products. The SEBI Chairman, in his speech, complimented CDSL on the launch of the products and stated that he welcomed any facility that benefited the investor. He was also enthused by the progress of CDSL on various fronts.

CDSL has received 37 registrations for *easiest* from its DPs, till date.

### Login to *easi* / *easiest* account through [www.myeasi.com](http://www.myeasi.com)

Investors can currently avail of CDSL's Internet based facility *easi/easiest* through its website [www.cdslindia.com](http://www.cdslindia.com). In order to provide increased convenience and speedy access to *easi/easiest* services, CDSL has provide a separate link through [www.myeasi.com](http://www.myeasi.com). Users can now log on to [www.myeasi.com](http://www.myeasi.com) for accessing *easi/easiest* services.

### Introduction of Margin Trading Accounts

SEBI has permitted Clearing Member brokers to provide "margin trading", facility to their clients, in the cash segment, vide its Circular No. SEBI/MRD/SE/SU/Cir – 15/04 dated March 19, 2004 - subject to eligibility and other conditions mentioned therein. Margin trading will provide the

means for an investor to borrow funds from a "corporate" Clearing Member (CM) to purchase stock. The investor would have to pay an initial margin of 50%, while the CM would finance the balance 50%. The CM can lend funds from his own resources or can borrow from scheduled commercial banks and/or non-banking finance companies regulated by RBI. However, the CM can only borrow upto five times his net worth.

SEBI has stipulated that only corporate CMs with a net worth of more than Rs 3 crore can provide margin trading facility to their clients. Pertinently, the broker is required to maintain separate client-wise demat accounts (in the name of the client) of the securities purchased on margin trading and shall enable the client to observe the movement of securities from his account (through internet).

CDSL is pleased to inform the launch of MArgIn TRAding (MANTRA) account, a facility for brokers to maintain client wise accounts of securities purchased through Margin Trading. CDSL will provide its internet based facility "*easi*" (electronic access to securities information) to BOs for viewing their MANTRA account details. DPs who are registered for "*easi*" will be able to provide the facility to their BOs more pertinently to the clients who have opened MANTRA accounts with them.

### Electronic Contract Note (ECN) Services

CDSL is pleased to facilitate Electronic Contract Note (ECN) services in association with the Stock Exchange, Mumbai (BSE). Depository Participants (DPs)/ investors/ custodians can now avail of ECN services through 'ECN services' link at [www.cdslindia.com](http://www.cdslindia.com). The Digitally Signed Electronic Contract Notes system, which is a precursor to the launch of the STP system, comprehensively covers the retail and institutional segments and allows clearing members to issue Contract Notes cum Bill to their investors through a simple file upload utility. Members can also issue the Contract Note cum Bill to their sub brokers' investors through the same system.

### Settlement of transactions in case of holidays

On account of bank holidays, multiple settlements have to be completed by the Stock Exchanges on

the next working day. In order to smoothen the settlement process, SEBI has directed that after such holidays, the Stock Exchanges shall clear and settle the trades on a sequential basis i.e. the pay-in and pay-out of the first settlement shall be completed before pay-in and pay-out of the subsequent settlement.

### Transfer of Securities from CM Pool Account

SEBI in partial modification of its earlier circular

No.SMRDP/Policy/Cir-05/2001 dated February 1, 2001 has directed clearing members to transfer the securities from their respective CM pool accounts within 1 working day after the pay-out day. The securities lying in the pool account beyond the stipulated 1 day shall attract a penalty at the rate of 6 basis points per week on the value of the securities. This will be implemented by CDSL with effect from May 01, 2004.

## CDSL's Recent Technological Initiatives

In the last financial year CDSL has taken many proactive measures to improve the response time of its system to all users, with the endeavor of making it a convenient, dependable and secure experience for them. Some of these initiatives are:

- **Tuning of End of Day (EOD) Process**

One of the important events for making the system available to users on a 24 x 7 basis is to reduce the time taken for the EOD process. CDSL has substantially reduced the time taken for this process and the CDSL system is now available to users from 1.00 a.m. to 9.00 p.m. on all weekdays.

- **System Upgradation**

CDSL has upgraded its systems by installing state-of-the-art servers and storage systems. The hardware upgradation has resulted in an increase, both, in CDSL's processing capacity as well as data storage capacity. This augurs well for CDSL to handle increased volumes of transactions, in the near future.

- **CDSL's unique direct pay-in facility for NSE Settlements**

CDSL's direct pay-in facility, based on the principles of straight-through processing (STP), offers a host of benefits to investors and brokers. Under this facility, brokers can ask their clients to deliver securities from their demat accounts directly to the Clearing House (CH) / Clearing Corporation (CC) to ensure delivery of securities within the strict time schedule prescribed under the recently introduced T+2 settlement cycle. This CDSL facility comes to investors / CMs without any additional cost.

This facility for pay-in of securities from the demat account of investors directly to the Clearing House, which was earlier available for settlement of trades only on the BSE was also extended to investors trading on NSE, OTCEI, DSE and CSE.

The new facility has built in feature to pick up the securities which are available in the demat account of the investor at the time of pay-in, even if the quantity at that time is found to be lesser than the required quantity in case of insufficient balances. This avoids failure of the trade for the full quantity. Thus, by using this unique facility being offered only by CDSL, the possibility of incurring loss, if any, on account of short delivery could be minimized to the extent of available quantity.

- **Seamlessly Functional Disaster Recovery Site (DRS)**

CDSL has successfully established a seamlessly functional DRS. This status has been achieved after completion of a rigorous testing schedule in which, connectivity simulation with actual users was involved. Users of the CDSL system can now commence operations from the DRS, in case of a disaster at the main site. CDSL's fully functional DRS is housed in a State-of-the-art data centre and is situated at a remote location, where data is updated from the main site through a high-speed connectivity.
