Investors

Over the last one year, the number of demat accounts opened by investors in CDSL has increased by 148%.

What's New?

Registration of New Depository Participants (DPs)

The growing popularity of the CDSL system is best exemplified by the demand from eligible entities for becoming Depository Participants of CDSL. From April to June 2004, 25 more entities (as listed below) have received registration as DPs of CDSL. They are now empowered to facilitate increased convenience for themselves and their clients in managing the settlement function. The distribution of new entities across both, geographical and stock exchange spectrums indicate that the popularity is broad-based.

Growing, broad - based popularity of CDSL system

CDSL has also made available to Clearing Members (CMs) and Beneficial Owners (BOs), several convenient pay-in options like early pay-in, normal pay-in, auto pay-in and BO-level pay-in. CMs/BOs can deliver securities directly to the Clearing Corporation (CC) / Clearing House (CH) through the early pay-in module, immediately after the

trade has been executed. BOs can also deliver the securities to the CC/CH directly from their account i.e. without the need of transferring them first to a CM account and then to CC/CH. This enables him to save valuable time - which is the objective of the shorter settlement cycle.

CDSL system also has a facility to pick up the balance available in the BO account at the time of pay-in, even if the available balance is not sufficient to meet the pay-in obligation in full. This reduces the amount of loss, if any, which may arise on account of failure to deliver full quantity due to the non-picking of available quantity. Further, information on such shortfall is made available to CMs even through CDSL's internet facility-*easi* on almost real time basis, continuously.

Frequent change of names by listed companies

SEBI had vide its circular No. SMDRP/POLICY/CIR- 8/99 dated April 26, 1999 directed that companies who change their name suggesting any new line of business (including software business), should disclose the turnover and income, etc., from such new activities separately in the quarterly/annual results required to be submitted/published in compliance with these clauses.

In addition to the above provisions, SEBI has now directed vide its circular No. SEBI/MRD/Policy/AT/Cir-20/2004 dated April 30, 2004, that all listed companies, which decide to change their names, shall be required to comply with the following conditions:

- A time period of atleast 1 year should have elapsed from the last name change
- Atleast 50% of its total revenue in the preceding 1 year period should have been accounted for by the new activity suggested by the new name
- The new name along with the old name shall be disclosed through the web sites of the respective stock exchange/s where the company is listed and also through the EDIFAR web site for a continuous period of one year, from the date of the last name change.

'Securities Market Awareness Campaign' (SMAC) Program

Under the aegis of SEBI's initiative 'Securities Market Awareness Campaign' to 'empower the common investor through education', CDSL in association with the Stock Exchange, Mumbai (BSE) has held 14 investor awareness seminars at Goa, Karnataka and Maharashtra. The response received from the various centers has been overwhelming. Further seminars are scheduled for the latter half of June, 2004 in the South Gujarat and Vidarbha regions.

Meetings with Depository Participants

CDSL held meetings of its New Delhi-based Depository Participants on June 4, 2004 and Kolkata-based Depository Participants on June 11, 2004. The meetings were interactive, productive events where various operational issues before the DPs and the operational and technological advancements made by CDSL in the recent past were discussed.

PSE Securities Limited, a CDSL DP has recently embarked on an expansion of its DP operations in Pune. On June 26, 2004 CDSL held a meeting with sub-brokers of PSE Securities Limited at Pune, including a training session on operational and documentation procedures.

Infoline Update

easiest - electronic access to securities information and execution of secured transactions

1. What is easiest?

easiest is an internet facility which permits Brokers(CMs) / Beneficial Owners(BOs) to submit debit / credit transaction instructions to effect off-market, on-market, inter-depository and early pay-in transactions. Moreover, all the facilities and benefits of *easi* are automatically available to a subscriber of easiest.

2. Why should I subscribe /register for the easiest facility?

A BO/CM should register for easiest as it gives an anytime-anywhere freedom for submission of debit / credit transaction instructions and access to demat account details of holdings and transactions. Thus, a BO does not require to approach his DP each time a transaction instruction is to be submitted.

3. Does the BOs/ CMs have to submit physical instructions slips to the DPs?

No, BOs/ CMs who have entered instructions through easiest do not have to give a separate debit instruction slip to their DPs.

4. Can all BOs /CMs use the easiest/easi facility?

Yes, the easiest/easi facility is available to all BOs and CMs. A BO/CM can avail of easiest/easi facility only if the DP with whom he maintains his account is registered for this facility. However, a CM can avail of the easi facility by directly registering with CDSL, even though his DP has not subscribed to the easi facility.

5. How do I register for easiest/easi?

- Login to CDSL's website www.cdslindia.com.
- Click on the link "Register Online" from the Home page.
- Select the facility (easi or easiest) you wish to register for.
- Enter your details like login -Id, Email-Id, etc.
- Print the registration form.
- Submit the registration form to your DP duly signed by all account holders.
- You will then receive the password at your email-Id.
- You can commence using "easiest/easi" by entering the "User name" and "Password" at the homepage of CDSL's site www.cdslindia.com

6. If I am registered for easiest, will I able to use the facilities being offered under easi?

Yes-all the facilities of easi will be available to all registered users of easiest.

7. If I am registered to easi will I automatically be able to use easiest?

No, you shall be required to register for easiest separately. A BO can, however, use the same easi login for easiest.

8. What are the different options for giving transaction instructions on easiest?

There are two options available on easiest:

Trusted account - Transfers

- Trusted accounts are those accounts known to you and must necessarily be a settlement accounts of your CM, through which you buy / sell securities on stock exchanges.
- If this option is selected, transfer of securities will be permitted to a maximum of 4 trusted CDSL accounts.
- Setting up of transactions through trusted account option will be permitted by additional password (PIN), which will be mailed separately.
- The following transactions will be permitted under the 'Trusted Account' option:
 - Off-market transfer to designated CM accounts.
 - On-market transfer where CM-ID of the designated CM accounts is mentioned

Account of choice

- In the 'Account of Choice' option, transfer of securities will be permitted to any account using a digital signature stored on e-token (device provided by CDSL, which stores the digital signature).
- CMs will have "Account of choice" option only and must procure e-token for authenticating transactions.
