### Electronic Access To Securities Information

CDSL's Internet based facility "electronic Access to Securities Information" (easi), enables Beneficial Owners (BO) & Clearing Members (CM) to view their holdings and transaction details through the Internet. This information is directly available from CDSL and is accessible from anywhere, anytime through CDSL's website [www.cdslindia.com](http://www.cdslindia.com). Currently this facility is available to only those BOs whose DPs have registered for this facility. With a view to make this facility available to all BOs, CDSL has made it mandatory for all DPs/branches to register for "easi" services latest by August 30, 2005.

"easi" provides additional facilities to the BOs as mentioned below and BOs are advised to take advantage of the same:

- Viewing, downloading and printing of details of holdings in a demat account as and when required. The information, of holdings and status of transactions is updated every 15 minutes. Status of transaction(s) executed in the last 15 days can be viewed.
- Valuation of holding(s), and total portfolio valuation, based on the previous day's closing prices on BSE.
- Online overdue/ shortages position to Clearing Members.

DPs can also save on costs and resources as the transaction statement can be sent BOs who are registered for "easi" on quarterly basis.
