## CDSL TODAY

### Beneficial Owners

During the last 12 months, the number of active BO accounts with CDSL has increased from 31.17 lakh on October 31, 2007 to 53.95 lakh on October 31, 2008, which indicates growth of 73%.

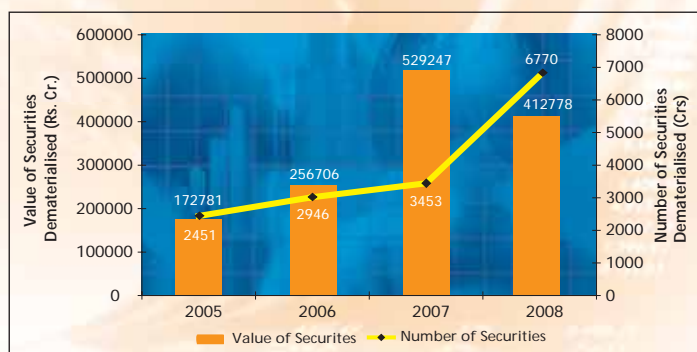

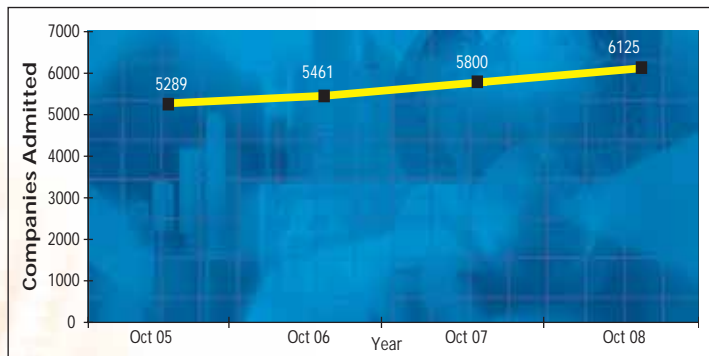

### Depository Participants

As on October 31, 2008, CDSL has 450 DPs offering DP services from over 6000 locations across the country. These DPs comprise of CMs, Banks, NBFCs, Custodians, Clearing Houses/ Corporations and Regional Stock Exchanges.

### Companies Admitted

As on October 31, 2008, the securities of 6125 companies have been admitted for demat with CDSL. The securities of almost all listed companies have been admitted with CDSL for demat. Further, a large number of Private Limited and unlisted companies are also admitted with CDSL.

### Securities Dematerialised

During the last 12 months, while the volume of securities under custody has increased by 96%, the value has decreased by 22%.

## WHAT'S NEW ?

### MULTIPLE POWER OF ATTORNEY (POA)

In the CDSL system, a Beneficial Owner (BO) can register his Power of Attorney (POA) details with his Depository Participant (DP). The POA holder could thereafter operate the account on behalf of the BO. However, if a number of BOs appoint the same entity as their Power of Attorney (POA) to operate their account, then the POA details has to be captured for each BO separately. Thus, if the same entity is the POA holder for many BOs, the same POA details have to be captured multiple times. This was very inconvenient to the users in case there was a change in the authorized signatories of the POA.

With a view to make it convenient for users, CDSL will be introducing a system which captures multiple POAs for one account or multiple BOs giving a POA to the same entity. The CDSL system will generate a POA ID, which will be linked to the respective BOs. Thus, for any changes in POA details, all that has to be updated are the details of the POA holders under that POA-ID.

### REGISTRATION FOR EASIEST

**CDSL's internet facility 'easiest'** permits CMs/BOs to submit on-market, off-market, inter-depository and early pay-in instructions through the internet, thus obviating the need to visit the DP to submit Delivery Instruction Slips (DIS). Moreover, all the features & benefits of 'easi' are available in 'easiest'. Further, the upload facility in 'easiest' also enables a BO/CM to submit multiple transactions in a single file. 'easiest' also acts as a contingency for submission of instructions by the DP in case of any connectivity failure.

CDSL offers two options for transfer of securities on 'easiest':

- 1. Trusted Account Transfer:** permits transfer of securities from a BO's account to the settlement accounts of any 4 CMs in CDSL, which have been pre-notified by the BO.
- 2. Account of Choice Transfer:** permits transfer of securities from a BO account to any other BO/CM account, using his digital signature.

Currently a BO can register for easiest only if his DP is registered for the same. In view of the benefits being offered by 'easiest', CDSL has made it mandatory for all DPs to

register for 'easiest' by December 31, 2008. For further details regarding registration for 'easiest', please visit our website [www.cdslindia.com](http://www.cdslindia.com) or contact your DP.

### INTRODUCTION OF SETTLEMENT NUMBER

In the current T + 2 settlement cycle, securities should be delivered by the seller to his Clearing Member's (CM) settlement account before the scheduled pay-in time. During pay-in, the securities are picked up by the Clearing House (CH)/Clearing Corporation (CC), from the CM's settlement account based on his total obligation.

Currently the CDSL system maintains a common pool account for all settlements for each CM, instead of settlement wise pockets in the pool account. CDSL is, therefore, in the process of introducing a settlement number field for all debits/credits from/to a CM account shortly. With the introduction of this facility, a CM will be able to handle his settlements more efficiently through CDSL.

### CLOSURE OF PAN NON-COMPLIANT ACCOUNTS WITH NIL BALANCES

SEBI had directed the depositories vide its circular no. MRD/DoP/Dep/SE/Cir-17/06 dated October 27, 2006 to suspend debits in those accounts where the BO had not submitted PAN details to the DP by December 31, 2006. During the last 2 years both CDSL and its DPs have taken various measures to obtain the PAN details from such BOs.

At a SEBI Surveillance meeting held on August 11, 2008, it was decided to direct all DPs to close such PAN non-compliant accounts having NIL balances. CDSL has, therefore, directed all its DPs to close all PAN non-compliant accounts with NIL balance latest by October 31, 2008 after completing the necessary formalities. Pursuant to representations received from some DPs requesting more time to close such accounts, CDSL has extended the final deadline to Saturday, November 29, 2008.

### ELETRONIC WAREHOUSE RECEIPTS OF NATIONAL SPOT EXCHANGE LIMITED

National Spot Exchange Limited (NSEL), a commodity spot exchange was launched on October 15, 2008 to provide a national level spot market for trading, delivery and settlement in various commodities.

CDSL is pleased to make available the maintenance of electronic warehouse receipts pertaining to NSEL in the demat form. BOs/DPs are advised to note the following:

1. For holding warehouse receipts, a BO would have to open a separate demat account by executing a separate agreement with the DP. The procedure for opening of accounts for holding electronic warehouse receipts would be the same as followed for opening of accounts for holding securities.
2. CMs dealing / trading in commodities in NSEL would have to open separate CM Pool accounts with empanelled CDSL-DPs, for the purpose of participating in settlements. It may be noted that commodities held by Clearing Members (CMs) in their NCDEX CM account or MCX CM account are not eligible for delivery/ settlement in NSEL.
3. Initial credits of electronic warehouse receipts in demat accounts would be effected by way of Corporate Action / Initial Public Offer functionality.
4. BOs wishing to take delivery of commodities from the warehouses, would have to submit a Remat Request Form (RRF) to his DP, who in turn would setup a remat request in the CDSL system on the basis of the said RRF. The DP should write the remat request number (RRN) on the original copy of the RRF after confirming signature of the BO. A duly signed and stamped RRF would be handed over to the BO based on which the BO would be able to get delivery of commodities from the warehouses against acknowledgement. The duplicate copy of the RRF with the RRN, remarks of the DP, etc. should be retained by the DP for audit purposes.
5. The procedure for transfer, pledge and freeze would be similar to that applicable for securities.
6. DPs who wish to get empanelled with NSEL may address their queries to:  
Mr. H. B. Mahanty or Mr. Sushil Dongre or Ms. Namita Jadhav

### CDSL DP TRAINING PROGRAMS

In order to familiarize its business associates such as DPs, RTAs, Auditors etc. with the Depository system and its operations, CDSL has been conducting training programs across the country.

The first DP training program was conducted from October 18 - 21, 1998 followed by a two-day training program for RTAs. These two programs were intended to highlight features of the CDSL system and to get feedback from the participants. On reviewing the feedback received and incorporating necessary changes as suggested by the participants, regular training

programs commenced from February 1999. Over a period of time, the training activity has benefited thousands of participants in understanding the system and handling operations more efficiently. Given below is a list of training programs conducted by CDSL:

1. Four days comprehensive training program for officials of DPs.
2. Two days comprehensive training program for officials of RTAs.
3. Three day training program for auditors empanelled by CDSL for DP/RTA inspection.
4. One-day training program for Compliance officers.
5. One / Two day Training program for internal auditors of DPs
6. One day training program for DP officials working in back office connected branches.
7. Special sessions to inform DPs regarding new developments in CDSL system application.
