LAUNCH OF e-VOTING SYSTEM FOR CORPORATES

CDSL Ventures Limited [CVL], a wholly owned subsidiary of Central Depository Services (India) Limited [CDSL], launched "e-Voting System for Corporates" on Tuesday, November 17, 2009 at the BSE International Convention Hall. The e-Voting System was inaugurated by Shri Salman Khurshid, Hon'ble Minister for Corporate Affairs.

Shri Salman Khurshid, Hon'ble Minister for Corporate Affairs (2nd from left) inaugurating CVL's "e-Voting System".

The e-Voting System would permit a company or its registrar to set up the schedule on the e-Voting website, www.evotingindia.com and also upload the resolutions and register of shareholders. CVL would then generate and print a password on a pin mailer for each shareholder, which would be communicated to them along with the notices of the resolutions. Shareholders can then access the e-Voting website and cast their votes any time during the voting period at a place of their convenience. Companies would also benefit from this system as the remote voting process would be faster, accurate and would also result in savings on various cost overheads, which are currently incurred for postal ballots.

The e-Voting System launched by CVL will empower shareholders to participate in the decision making process of companies in which they have invested, thus making their vote count.
