LAUNCH OF ONLINE WILL FACILITY

A Will document is a declaration by which a person who prepares a Will (Testator) declares his/her intent of distribution of his/her assets after demise. This ensures a transparent and unencumbered succession of assets to the legal heirs.

Today, a variety of investment opportunities are available to individuals as a result of which the wealth of individuals is distributed across diverse asset classes. Also, with the increasing spread of entrepreneurship as well as more women joining the work force, the wealth in most households has increased. Further, with life moving at a very fast pace, uncertainty has increased substantially due to various health and environmental hazards. Hence, it is imperative, that in the unfortunate event of a sudden demise, the assets one holds are bequeathed in favour of one's loved ones as per one's wishes, leaving no room for ambiguity or discord amongst deceased's family members.

In line with its stated mission of providing convenient, dependable and secure depository services at an affordable cost, CDSL is pleased to inform that it will also be offering an online Will service - "myeasiwill". CDSL has tied up with WillJini.com, a leading Will service provider and arrived at a simple technology enabled solution to facilitate preparation of a Will. This will facilitate individuals to make their Will in an extremely convenient, secure and cost effective manner, thus, facilitating a simple and faster process of transfer of wealth and assets to the legal heirs of the deceased. For online Will creation, users are required to use the link to Myeasiwill on www.cdslindia.com.

CDSL VENTURES LTD (CVL) AS AUTHENTICATION USER AGENCY (AUA) WITH UIDAI

CDSL had earlier informed about its enrolment as KYC Service Agency (KSA)/ Authentication Service Agency (ASA) with UIDAI to facilitate eKYC of investors.

Today, customers provide physical documents as verification of their Proof of Identity (PoI) and Proof of Address (PoA) which are key requirements for access to financial products. The Aadhaar eKYC service of UIDAI would provide an instant, electronic, nonrepudiable proof of identity and proof of address along with date of birth and gender. In addition, it also provides the resident's mobile number and email address to the service provider, which helps further streamline the process of service delivery.

The resident servicing agency is called the KYC User Agency (KUA)/ Authentication User Agency (AUA). The KUA accesses the eKYC service through a registered KSA/ASA. We are pleased to inform that CDSL Ventures Ltd (CVL), a wholly owned subsidiary of CDSL, has received registration as AUA. Intermediaries can now enroll themselves as sub-AUA with CVL and avail the Aadhaar authentication facility provided by CVL.
