## OTP AUTHENTICATION FOR MARGIN OBLIGATIONS TO BE GIVEN BY WAY OF MARGIN PLEDGE / MARGIN RE-PLEDGE IN THE DEPOSITORY SYSTEM

CDSL, vide its Communique no. [CDSL/OPS/DP/POLCY/2020/234](#) dated May 22, 2020 informed its DPs and BOs about the operational modalities and various file formats about implementation of the SEBI Circular no. [SEBI/HO/MIRSD/DOP/CIR/P/2020/28](#) dated February 25, 2020 regarding Margin Obligations to be given by way of Margin Pledge (MP) / Margin Re-pledge (MRP) in favour of Trading Members (TM) / Clearing Members (CM) and Clearing Corporations (CC) respectively.

As per the aforementioned circulars, transfer of securities to the demat account of the TM / CM for collateral / margin purposes (i.e. title transfer collateral arrangements) shall be prohibited. In case, a client has given a Power of Attorney (POA) in favour of a TM / CM, such holding of POA shall not be considered as equivalent to the collection of collateral / margin by a TM / CM in respect of securities held in the demat account of the client.

Since, margin obligations by way of pledging would involve OTP authentication by the BO, DPs were advised to educate their clients that the said transaction can be executed only if the client is registered for SMS alert or has a valid and active email id registered in the demat account.

### OTP Authentication for Margin Pledge Transactions will be done in the following manner:

- On setup / upload of MP transactions by a DP or by a BO / Member (based on POA) / DP through Easiest, a link for OTP authentication will be generated and sent on the registered Mobile Number and registered e-mail ID of the client.
- The link will remain valid till OTP authentication or EOD of the Execution Date of the MP transaction. On clicking the said link client will be redirected to CDSL's webpage and prompted to enter his/her PAN or BOID (mandatory in case of PAN exempted clients).
- Once the valid PAN / BOID is entered by the client, list of all MP transactions pending for authentication will be displayed to the client. After verifying the details, client will be allowed to select single or multiple MP transactions with a facility of 'Select All' option.
- On selection, a provision to generate OTP will be given to client. On clicking 'Generate OTP' button, OTP will be generated and sent on registered Mobile Number and registered Email ID of the client.
- OTP will remain valid for 15 minutes. On expiry of OTP, client will again be required to follow process of selecting the MP transactions and re-generate OTP.
- Non-authenticated MP transactions will be 'Cancelled' during the End Of Day (EOD) of the 'Execution Date'
- OTP authentication will be allowed from setup date till EOD of the Execution date.

- OTP authentication is not required if client securities are further re-pledged by the TM to CM and/or by the CM to CC.

Bos are therefore once again requested to update their active mobile numbers and e-mail ids with their DPs for hassle free pledging of margin obligations.
