## CDSL INSURANCE REPOSITORY LIMITED (CIRL)

A PESSIMIST is one who makes difficulties of his opportunities and an OPTIMIST is one who makes opportunities of his difficulties.

### The Story of Joe Kennedy and the Shoeshine Boy

As the story goes, one day in 1929, Joe Kennedy is getting his shoes shined. The boy began to give stock tips as he polished Kennedy's oxfords. In that moment, it struck Joe that he needed to leave the market. He reasoned, famously, if shoeshine boys have an opinion on stocks, the market is clearly, dangerously popular. Supposedly, he pulled out not long before the stock market crash, which led to what we know today as the Great Depression.

Traditionally, the role of a DP or share broker also encompassed being an investment advisor to their clients. 'Hot tips', especially from the Dalal Street's horses' mouth are eagerly sought after. As investors mature, the function also graduates to a larger role - from being just an advisor to a financial planner.

**"If shoe shine boys are giving stock tips, then it's time to get out of the market."**

With the advent of different asset classes, which now include bitcoins, alternate investments (art, antiques), real estate and commodities, the concept of a wealth manager is born. A wealth

manager looks at the full picture and manages all your money holistically. While high net worth individuals and billionaires can set up their family offices, the man-on-the-street still depends on you, his Dalal Street advisor.

However, as an advisor, it would be in the best interests of the investor and your duty to suggest a safety net – Insurance. Insurance is an oft neglected asset class, as it does not promise spectacular returns. However, an insurance cover prevents untold misery when things go wrong, as they sometimes do.

### CDSL Insurance Repository Limited (CIRL)

CDSL is pleased to re-introduce an additional wealth management option for our esteemed partners. Demat of insurance policies (both life & non-life) through its subsidiary Central Insurance Repository Limited (CIRL), which is registered with IRDA as an Insurance Repository.

There are 57 insurance firms in India including 24 in the life insurance market and 33 in the non-life insurance market. Considering that the insurance companies issue about 5 crore policies every year, it presents a huge opportunity for growth.

CIRL has a partnership with forty insurance companies and currently holds electronic policies of life, health and motor vehicle insurance. CDSL DPs may register with us to become Approved Persons, to add insurance services to their portfolio. Those DPs who are already registered as Aps, may contact us to renew their registrations.

### Benefits Of E-Insurance Account

- **Demat:** ALL Insurance policies can be dematerialised. These include all life & non-life policies and also existing & future policies that you may purchase.
- **Comprehensive:** Since holding life insurance policies in electronic form is SAFER, we have started with demat of life insurance and will be extend it to non- life in the future.
- **Less Paper Work:** No need to re-submit KNOW YOUR CUSTOMER (KYC) details when renewing or taking new Policies
- **Safety:** No RISK of Loss or Damage to your Policy papers
- **Convenience:** Easy access to Policy details at a click of a button. No need to SEARCH for policy document.
- **Single Point of Service:** All account details can be modified with a SINGLE request. This is similar to change in name/ address in your Demat account.
- **Statement of Account:** ANNUAL statement of all Policies
- **Premium Reminders:** AUTOMATIC Premium reminder calendar for all Policies
- **Payment Options:** Online Premium payment for ALL Insurance Companies at one go in future
- **Easy payout:** Policy benefits can be credited to the registered bank account
- **Smooth claims:** Single claim NOTIFICATION for all policies of different insurers
- **Authorised Representative (AR):** You can appoint an AR who will take charge of the account in case of your incapacitation/death for the purpose of making a claim.

It is indeed a good opportunity to offer demat services for insurance to your esteemed customers, both present and future. CDSL believes that this is the right time to diversify and build up alternate channels of revenue, using existing resources.
