## CDSL GROUP COMPANIES

### CDSL VENTURES LIMITED (CVL)

#### i. KYC Processing

CKYC has been made mandatory by SEBI for the clients on-boarded from August 2016. However, some intermediaries do not have systems for the processing. Further, the requirements of the CKYC system pertaining to preparation of file for upload is not user friendly and requires technical support. CVL has introduced a system which enables intermediaries to submit records in KYC as per the format prescribed by CERSAI.

#### ii. Pradhan Mantri Jeevan Jyoti Beema Yojana (PMJJBY)

The insurance scheme launched under the PMJJBY provides that citizen is eligible for claim only once, even if citizen has multiple policies. In order to eliminate multiple claims by the same entity we have provided a system for registering all claims made under this scheme to life Insurance Companies.

#### iii. RTA Activity

CVL has commenced providing RTA services from November 2018. As of March 31, 2021, 665 unlisted companies comprising 1141 ISIN have been on boarded of which 3 have opted for single point connectivity and 662 have opted for only electronic connectivity.

#### iv. OnLine Account Opening (OLAO)

Due to the prevailing lockdown situation and work from home requirements, opening of accounts is increasingly moving from physical mode to digital mode. Hence CVL has developed an online account opening platform to enable its registered intermediaries open demat and trading accounts online and perform KRA KYC and CKYC through this facility. Currently 17 intermediaries have shown interest in availing of this service and 9 of them have been onboarded on the UAT environment.

## v. GST Suvidha Provider Services

CVL is providing GST Suvidha Provider services to tax payers and Application Service Providers (ASPs). During FY 20-21, amongst other clients, our GSP services contract for two large insurance companies was renewed on the same terms. Further, 5 new third party ASPs were on-boarded during FY2021. E-Invoicing was implemented during this period.

## vi. Certifying Authority for eSign

CVL has obtained the license from the Controller of Certifying Authorities (CCA) to operate as a Certifying Authority for Aadhaar based eSign. The data center migration of both Primary and DR location was completed during this period. Operations are expected to commence once the preoperations audit for online eKYC based esign which is currently underway is completed.

## vii. Aadhaar based eKYC:

CVL is registered as an AUA/KUA with UIDAI to offer Aadhaar based eKYC. Investors can thus be facilitated to perform eKYC using Aadhaar by OTP or using their biometrics, which is likely to increase the convenience to investors for KYC and account opening.

## CDSL INSURANCE REPOSITORY LIMITED (CIRL)

Health is not valued till sickness comes.

- Dr. Thomas Fuller

## HEALTH IS WEALTH

The COVID-19 pandemic has created mayhem and disruptions of unimaginable proportions across the world. Testing the most critical infrastructure of healthcare services, this virus has infected millions globally and has left thousands dead.

It is bad enough that India has one of the lowest penetration of medical insurance globally. The same statistics also report, that more than half of all healthcare related expenses, are borne out-of-pocket, which is much higher than the global average.

## CHALLENGES

### • ICU Requirement is High:

The challenge with Covid-19 treatment is that quite a number of hospitalized cases require intensive care treatment and ventilator support.

### • Cost of Treatment:

Cases of hospitalization charges running upwards of Rs. 10 lakhs in tier 1 and tier 2 cities is not uncommon. Without Mediclaim, this is a huge bill for the average Indian citizen.

### • Everyone is at Risk:

The probability of multiple members of a family getting the virus and requiring hospitalization is high. Multiple cases from the same family can quickly add up to huge expenses often drying up entire life's savings.

### • Loss of Jobs and Insurance :

Millions of Indians have lost their jobs-and along with that their employer-sponsored health insurance. While some people may be able to manage with their own Mediclaim, or shift to their spouse's or parent's coverage, many others will be left helpless.

## CONCLUSION

The current COVID-19 pandemic has made all of us sit up and realise that medical emergencies are unpredictable. Purchasing a medical policy can help us get financial assistance in our hour of need.

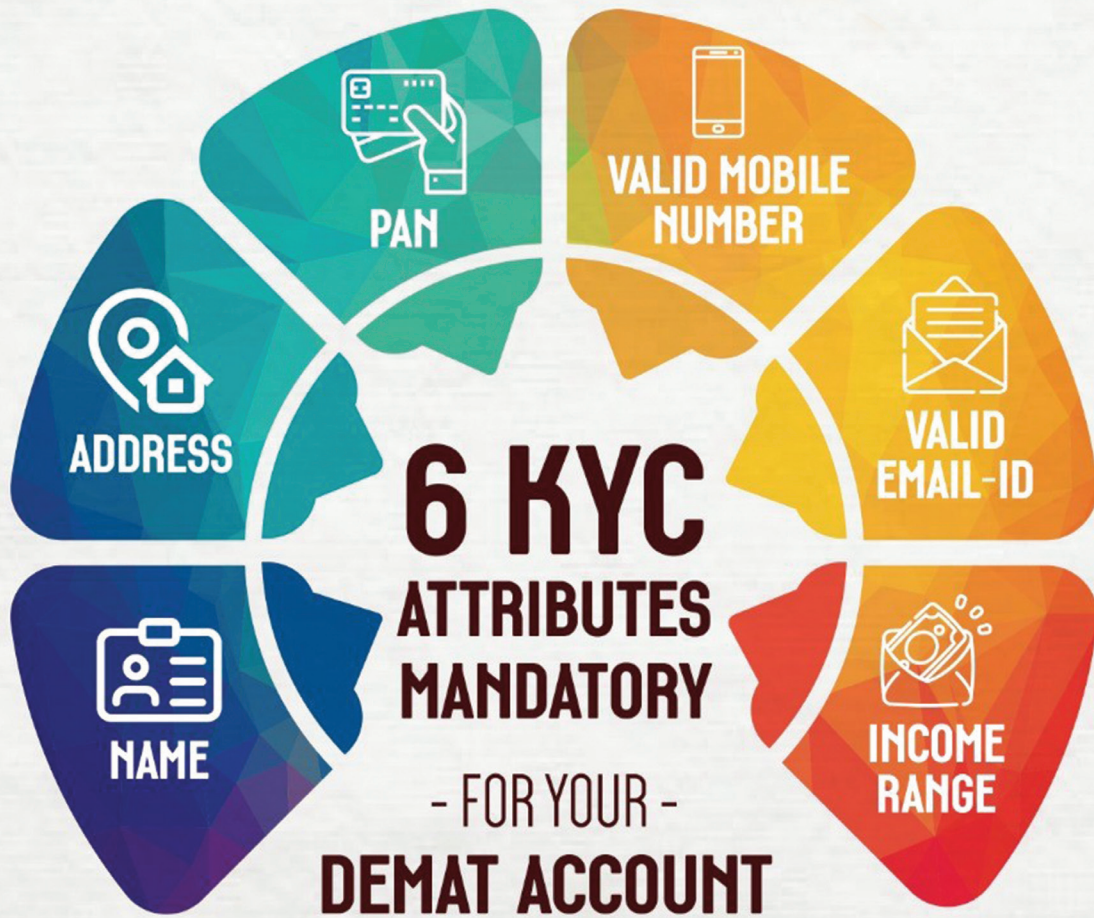

When you decide to buy an insurance policy, It is advisable to:

- Make sure you buy the policy through a genuine insurer, licensed agent or broker.
- Read the policy brochure/ prospectus carefully.
- Ask for the policy in electronic format so you do not have to bother submitting paper policies.
- To do that, open an eInsurance Account with CDSL Insurance Repository Limited

CIRL has a partnership with over forty insurance companies and currently holds electronic policies of life, health and motor vehicle insurance.
