Authenticate Addition of Trusted Accounts for Easiest

1. Given below is the list of login IDs which have requested for addition of trusted accounts.
2. You would receive an "Undertaking of the trusted account holder" from the BOs for addition of trusted accounts.
3. On verification of documents, authenticate / reject the addition request.
4. On authentication, the trusted accounts would be mapped to the BOs login ID at the End of Day (EOD) of the day on which you authenticate the request.
5. Authentications / Rejections would be informed to the BO through e-mail.

Date	LoginID	Trusted Account	Authenticate	Reject	Form

Authenticate Change Mode of Operations

1. Given in this page is the list of login Ids who have requested for "Change Mode of Operations".
2. These users have requested this Change mode of operation from their LOGIN.
3. In case of users changing their mode from Trusted to Account of Choice please obtain from them the requisite forms for the E-token alongwith the fresh easiest registration form opting for Account of Choice and forward the documents to CDSL for processing.
4. In case of users changing their mode of operation from Account of Choice to Trusted please obtain from them the requisite form "Undertaking of the trusted account holder" for addition of trusted accounts from the BOs along with fresh easiest registration form.
5. On authentication, the users change mode of operations get effected after the End of Day (EOD) of the day on which you authenticate the request.
