Many Investors. Different Languages. One Goal!

There is a popular aphorism that depicts India's linguistic diversity rather well:

कोस-कोस पर पानी बदले, चार कोस पर वाणी

(Translation: The language spoken in India changes every few kilometres, just like the taste of the water)

It's absolutely true, isn't it?

There are 140+ crore people in India. More than 9 crore investors. 23 scheduled and administrative languages. India's population is spread across 28 States and 8 Union Territories. The original organisation of the states was made on a linguistic basis, and they vary quite significantly in terms of geography, socio-economic structure, and culture.

Thus, when it comes to diversification, we do not need to look far for inspiration. Providing equal rights to all without discrimination, being a home for various ethnicities, customs, and social structures – there is a lot we can learn from our Nation. Standing united at the peak of diversification is one such rare attribute of Indians, and it is something that we, at CDSL, strive to do. There is a huge diversity in our investors – geographical, demographical, professional, etc. – but they have one thing in common – the will and choice of responsible investments. Thus, as the largest depository of the country with the highest number of investors to serve, we aim to provide service to every investor, either directly or through intermediaries viz. Depository Participants (DPs), that **empower them to manage their investments independently, in a convenient, dependable and secured environment from the comfort of their homes.**

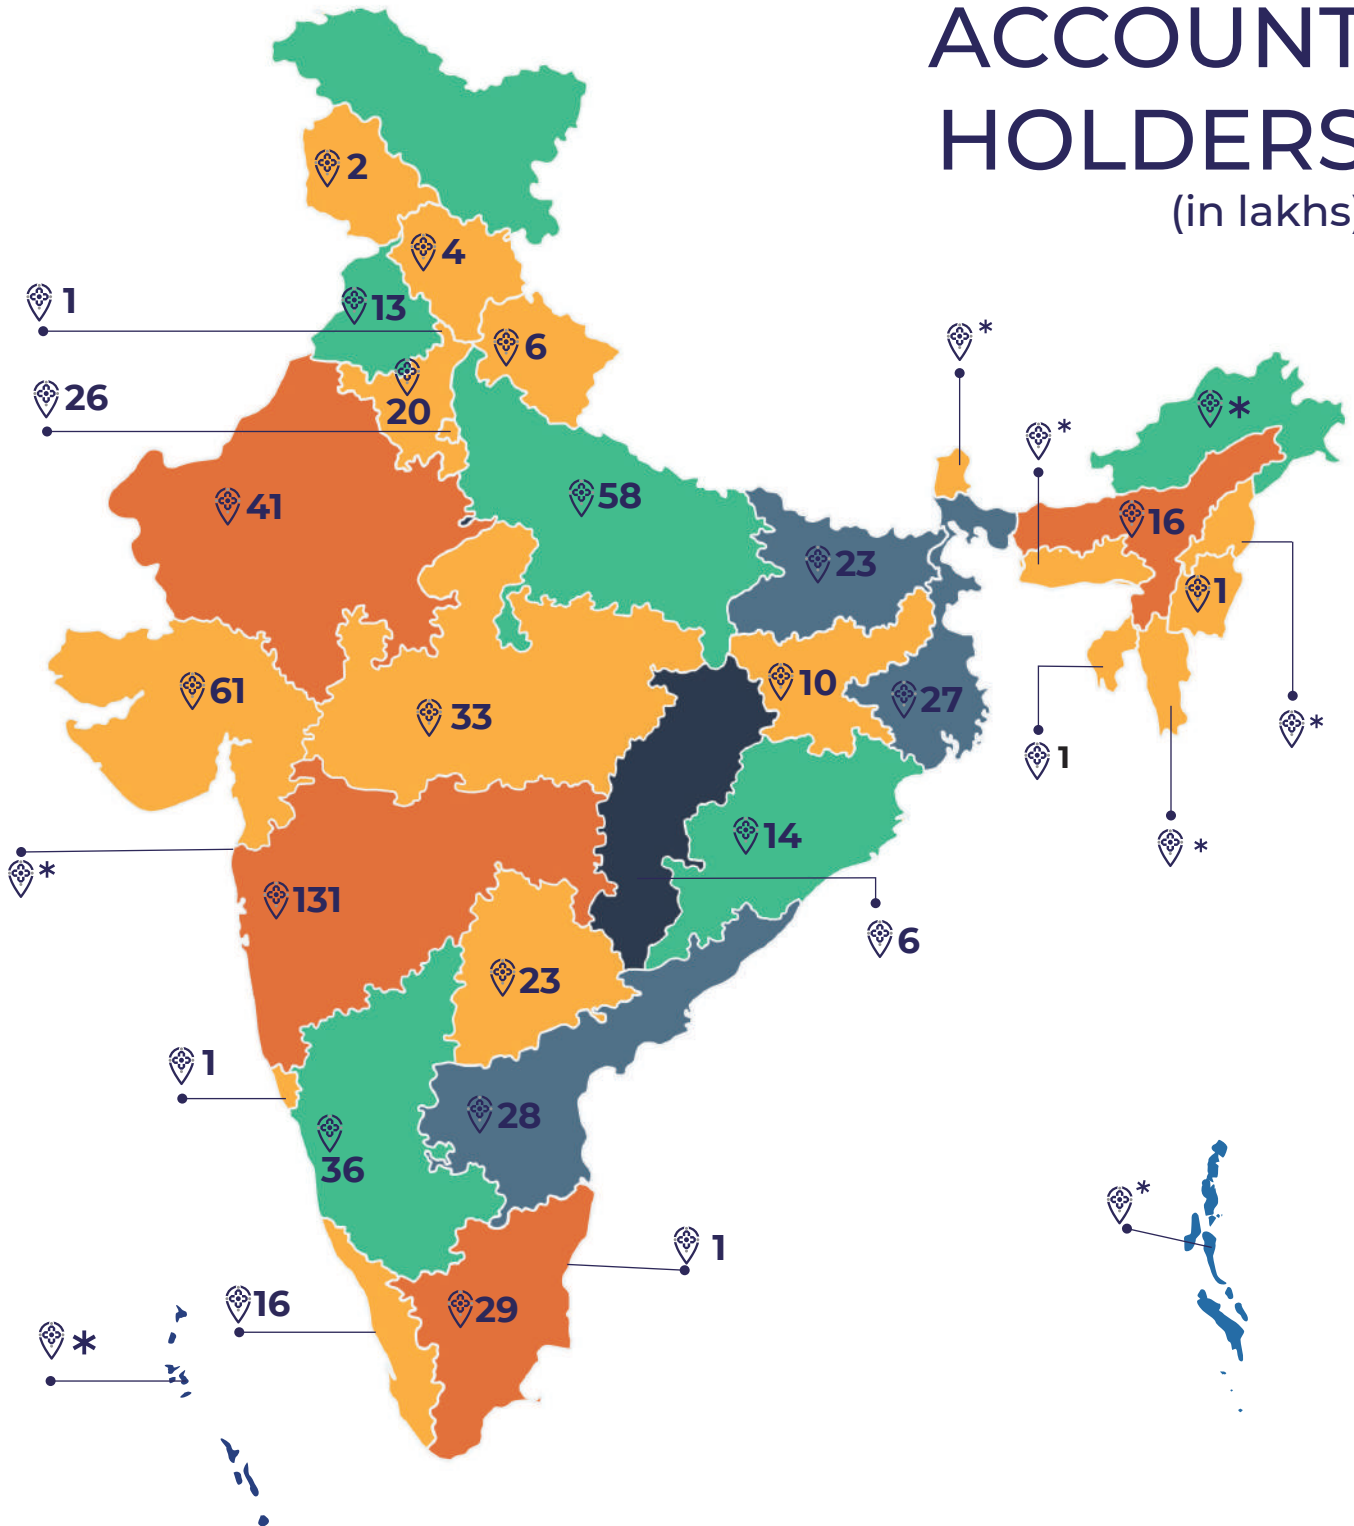

At CDSL, we continuously demonstrated a willingness to adapt to the changing times and the needs of the financial ecosystem that will help investors make and monitor informed decisions on their own. We continue to remain an inquisitive company as we keep pushing ourselves to innovate and develop new mediums to achieve our goals, supported by sophisticated technology and spurred on by the faith of all our stakeholders.

At CDSL, it is our endeavour to help all stakeholder's breakaway and embrace the language of FREEDOM – convenience, digitisation, choice, transparency & self-reliance and be

Letter from Chairperson

Dear Valued Shareholders,

Shri Lal Bahadur Shastri said,

“Our country has often stood like a solid rock in the face of common danger, and there is a deep underlying unity which runs like a golden thread through all our seeming diversity”.

These words summarize the situation we all faced in the most befitting way. More than two years into a crisis like no other, India mobilized a response like no other. The pandemic created many unforeseen challenges in our path. However, we saw fellow Indians taking all possible steps to cope with these difficult times, demonstrating resilience and agility. I am hopeful that the worst of the pandemic is behind us, and my thoughts and prayers are with the families who lost their loved ones in this pandemic.

The socio-economic and political effects of the pandemic have been far-reaching. The world is experiencing inflationary pressures and widespread unemployment as a result of the pandemic. As I write to you today, I am still uncertain about the ripple effects of the pandemic and other geopolitical conditions. But one thing is for certain - our lives will not be the same again.

The revival of Indian economic activity continues to be steady and is gaining traction. GDP for FY 2021-22 has exceeded 2019-20 level, and from April 2022 onwards many closely monitored indicators to track the economic recovery post the start of COVID-19 are showing steady improvement. While India's GDP is expected to grow at 7.2% in FY 2022-23, the current account deficit could be more than 2.5% of GDP mainly due to geopolitical tensions and elevated crude oil prices.

However, we are also witnessing interesting developments in our country where a convergence of several forces has the potential to transform India's economy over the next decade. This is expected to improve the lives of over 140 crore Indian citizens.

One of the components that would shape the Nation is “technology”. This is a set of state-sponsored digital services linking electronic identity, bank accounts and payments and tax systems of Indian citizens. Furthermore, using the power of technology, money can be transferred straight to the beneficiaries' bank accounts. This cuts down on bureaucracy and ensures that the payments reach the intended recipients quickly. As ordinary Indians adopt these platforms, they would benefit from a transition from an inefficient and informal cash economy to an efficient digital economy.

Many countries are willing to view India as an emerging manufacturing hub. Firms globally are looking to reduce their reliance on China and hence are working to reconfigure their supply chains.

It may be noted that the structure of growth and development in modern economies is built on the core of a vibrant, resilient, and **well-functioning financial sector**, which is now driven not only by economic factors like demand and supply but also by **technological advancements**.

Performance

We have witnessed quantum changes in our capital market over the last 30 years but more so, during the past 2 years. Your Company completed its milestone of 1 crore demat account in August 2015, the next crore in January 2020 a gap of more than 5 years – and the next 4 crores in just 2 years. The number of demat accounts has doubled since the beginning of the pandemic, in just half the time. As Mr Nelson Mandela so eloquently put it – **“Remember to celebrate milestones as you prepare for the road ahead.”** We did celebrate our milestones. But now, our attention is focused on the road ahead. The pandemic has made everyone across the world to rethink their spending and investment patterns. However, the Market Infrastructure Institutions (MIIs) built the bridge between these investors working from home by providing easy access to capital markets by initiating new technological developments, this was initiated by the MIIs with the support and guidance of SEBI. In 2021, we witnessed a new market mechanism of the revised pledge/re-pledge system and electronic instructions.

The year 2022 also celebrates the 75th year of Independence and this momentous occasion is being commemorated through ‘Azadi ka Amrit Mahotsav’. Furthermore, India is planning its roadmap for the 100th year of Independence, to be named Amrit Kaal. I believe that India will emerge as one of the leading Capital Markets in the world by the 100th year of independence. The number of retail investors in India as a percentage of the total population is approximately 7%, while in the United States of America the number is 56% (2021). We have started this year’s celebrations with the goal that by 2047, India@100 will have a similar or better ratio of investors to population. Your Company believes that the target will be achieved inter-alia, with the focus on three things – technology, good governance and empowering the investor to be Atmanirbhar Niveshak (self-sufficient Investor).

Presence & Purpose

As one of the cornerstones of the Indian Capital Market, CDSL strives to conduct operations efficiently while ensuring that the processes are fast, secure, and transparent. Today, no matter which part of the country you are based in, you have the tools and expertise to open and operate a demat account from the comfort of your home and within a short time. The availability and simplification of digital investment & trading platforms have eased the onboarding process of investors. Your Company is focused on providing tools that will facilitate the experience of all market participants and stakeholders. This aligns with the purpose of CDSL – to empower the investor with knowledge and tools which are – Convenient, Dependable and Secure.

Your Company takes pride in being the preferred depository with the “Depository Participants” (DPs). The Annual report this year celebrates the regional languages and the unity in diversity of India. In spite of

the diversity of our languages and dialects, the spirit is the same - **“To grow and to make India great @ 100”.**

People, Processes & Structure

As a financial services provider, **People** are the greatest assets and the core strength of your Company’s business. Therefore, we sharpened our focus on our People and took measures to acquire talent to build our internal talent pool. We shall strive further to make our human resources future-ready for achieving organizational goals through training and skill enhancement programs. Focusing on our operations and processes, we have created a new risk vertical to address the critical area of Risk management effectively and have appointed a new Chief Risk Officer. Your Company is mandated to follow the highest levels of transparency, compliance, and accountability. We are not only regulated but also a regulator for the Depository Participants to ensure the integrity of operations and investor protection. Various ongoing measures such as mandatory KYC update, timely alerts to the market participants, etc. help us comply with regulatory goals

Perspective

Your Company’s diverse Board oversees business policy and strategic initiatives with emphasis on following the highest standards of integrity and governance.

With the guidance of our regulators and support of shareholders, employees, partners, vendors and other stakeholders, we are confident of navigating to a better future for the benefit of investors of Indian Capital Markets. As the World looks towards the future with hope and optimism, we will have to embrace and emerge together through every disruption and crisis as a stronger version of ourselves. We now have to be that part of the India of the future, where institutions spend more time thinking about technology, research, and innovation. With such a progressive approach, I am confident that we will be one of the active participants in the capital markets in the world when we celebrate 100 years of India’s independence. It is only a matter of time before India will become a USD 5 trillion economy. However, this would be just a milestone for the Indian economy and not the end goal.

I thank our investors, regulator, DPs, RTAs, other stakeholders and employees for being part of the growth story & the fulfillment of the dreams of CDSL. Speaking of the dreams, goals and the commitment to fulfil them, I would like to end my message to you, with a quote by Shri A. P. J. Abdul Kalam –

“there is no greater power in heaven or on earth than the commitment to a dream”.

अतृनिर्भरत

From the Desk of the MD & CEO

Dear Stakeholders,

Azadi. A small word but with immense power. Azadi i.e., freedom - What do we understand by the term 'freedom'? The freedom to make our choices, the freedom to lead the life we want, the freedom to speak the language we choose. It is my privilege to lead your Company in a period when the country is experiencing a transformation in the way freedom is perceived. We are witnessing the fundamental changes in social, technological, and geo-political trends of the post pandemic phase as we celebrate India's 75 years of Independence.

India@75 is a country of many stories, many journeys, different people, and various diversities. It is a story of a country that has come a long way in a very short time. It is also a story of the people who have played a role in this journey – from the farmer to the army jawan, from the office goer on the local train to our national leaders. This evokes a story of Mahatma Gandhi and his observations of a tree and its leaves are that not identical in shape and texture, just like the inherent differences among humans. However, these **difference are only superficial, but not in essence: the juice of all leaves of a particular tree would be the same in content.** Recognising this essence and the necessity of the changing times, we at CDSL are transforming ourselves to be a truly unified digital service provider that reaches out to every corner of the country to investors – diversified by age, language, profession, etc

'Atmanirbhar' (i.e., self-sufficient) -

- another powerful word. This word resonates with CDSL and especially with me. This is the reason why when I joined CDSL over 2 years ago, we revised CDSL's vision & mission – to empower the Niveshaks (i.e., Investor) by providing ease of doing business services and making them self-sufficient. The question remains – How?

The answer lies in your Company's core values – Convenient, Dependable and Secure. We aim to continue to innovate and deliver services that demonstrate these values. To understand this better, let's take a step back and focus on what happened in the past 2 years. With the lockdown and work from home, we experienced a new paradigm shift on account of rapid digitalisation. Investors have realised that to create wealth in the future one needs to invest today. Just like the words of Mahatma Gandhi "The future depends on what you do today". CDSL replicated that ideology in order to create the long term value in this ever changing and dynamic environment, one must invest in new technologies today. As a result, your Company is committed towards meeting the needs of our technologically maturing customers to accelerate their digital Atmanirbhar journey.

Across the industry including your Company, the focus has been to create new, secured, easy to use and all-encompassing digital capabilities; add new products; and create greater synergies and efficiencies - all to better service our customers. To begin with, we have seen a strong behavioural shift of customer accessing and making investments digitally.

The efforts have borne fruit and it is a matter of great pride for us to witness the increase in participation by investors in the Indian securities markets. From March 2020 to March 2022, the number of demat accounts in India increased by 119%. I am delighted to announce that during FY 2021-2022, **CDSL became the first depository to open more than 6 crore demat accounts.** This represents a 70% market share in the number of demat accounts in India.

It has been heartening to see increased participation from investors from tier two and tier three cities, highlighting the aspirations of the common Indians to grow their wealth through participation in the securities market. The growth is not just limited to business statistics. The success of our efforts is visible from our stellar financial growth which is our continued commitment towards our investors and other stakeholders.

Digital Transformation

With over two decades of knowledge and significant investments in the most sophisticated technologies, your Company has discovered that the key to enhancement of operational efficiency, is to ensure that the investors have easy access to the enablers that helps them meet their financial goals. This has been possible with our digital solutions like easi, easiest, Myeasi Mobile App, eCAS, eDIS, e-Voting, smart and enotices with which we have endeavoured to elevate the “Niveshak” (investor) to an “Atmanirbhar Niveshak” (a self-sufficient investor).

In addition to these services, your Company in the past financial year has added, various new initiatives such as the margin pledge mechanism and various Application Programming Interfaces (APIs) for Depository Participants (DPs) upload API, common upload API and other regulatory changes, to its bouquet of digital solutions to make the Indian financial markets convenient, dependable, and secured.

Making our Societies Grow

I believe that nations develop when the communities are empowered. CDSL through its Corporate Social Responsibility (CSR) programs endeavours to enrich the lives for of the citizen of this country. Aarth is a CSR Initiative from CDSL with a mission to make financial education simple and accessible for all. During the year, your Company invested ₹48.50 lakhs towards providing financial education to the general public with a special focus on age group 18-25 years in tier II and III cities and first-time women investors.

In FY 2021-22, CDSL contributed ₹33.5 lakhs towards COVID vaccinations for general public and the vulnerable section of society for preparing a shield against COVID.

Your Company also contributed ₹173.01 lakhs to Prime Minister National Relief Fund to help in providing assistance and relief to the general public at large in any emergency situation during the financial year.

Financial Performance

For FY 2021-22, we delivered a strong growth of 65% in standalone profits for FY 2021-22, which stood at ₹264 crores. The growth was based on the growth in the transaction income and also annual increase in the number of active companies.

In addition, we ended the year with an 35% increase in the value of securities in demat custody with CDSL. I am happy to report that following these results, our Board of Directors have approved a final dividend of ₹15/- per equity share for FY 2021-22 (subject to the approval of the shareholders), **which is the highest ever in the history of this Company.**

Outlook

Our long-term strategy is to build, develop and sustain the respectability of our business and staying consistent with our values of being – Convenient, Dependable, and Secure. We will continue our focus on the acceleration of our core operating income on the back of a safe and secure environment for investors.

In closing, I would like to extend my personal gratitude to Regulators, Investors, Issuers, Registrar and Share Transfer Agents, Depository Participants, partners, associates, employees and all other stakeholders, who have played an extremely important role in the growth of this industry. None of this would have been possible without the faith that the Indian investor has reposed in the industry and in CDSL – be it an individual or a large institution. I promise that with the combined efforts of all the stakeholders, we would continue to thrive and succeed.

The Notice of the AGM along with the Annual Report for FY 2021-22 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depositories unless a Member has requested for a physical copy of the same. The Notice calling the 24th AGM along with the Annual Report for FY 2021-22 will also be available on the website of the Company at www.cdslindia.com, website of the Stock Exchange i.e. National Stock Exchange of India Limited ("NSE") at www.nseindia.com and the website of KFin Technologies Limited at <https://evoting.kfintech.com/public/Downloads.aspx>
2. Pursuant to Section 105 of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since the AGM is being held through VC/OAVM, in accordance with the Applicable Circulars, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of Proxies by the Members will not be available for the 24th AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
3. In pursuance of Section 113 of the Act, Institutional/ Corporate Shareholders (i.e. other than individuals, Hindu Undivided Family (HUF), Non Resident Indian (NRI), etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body, Resolution/ Authorisation etc., authorising its representative to attend the AGM through VC/OAVM on its behalf and to vote through remote e-voting.
4. KFin Technologies Limited will be providing facility for voting through remote e-Voting, for participation in the 24th AGM through VC/OAVM facility and e-voting during the 24th AGM.
5. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Act.
6. Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI Listing Regulations, the Company is providing facility of remote e-voting to its Members holding shares in physical or dematerialised form, as on the cut-off date, being Thursday, September 08, 2022, to exercise their right to vote through electronic means from a place other than the venue of the Meeting on the businesses specified in the accompanying Notice (the "Remote e-voting").
7. M/s. S. R. Batliboi & Co., LLP, Chartered Accountants, Mumbai, bearing Firm Registration No. 301003E/E300005 with the Institute of Chartered Accountants of India were appointed as the Statutory Auditors of the Company for a period of five years at the 20th AGM of the Company held on August 20, 2018. Their appointment was subject to ratification by the Members at every subsequent AGM post their appointment. Pursuant to the Companies (Amendment) Act, 2017 effective from May 7, 2018, the requirement of seeking ratification of the Members for the appointment of the Statutory Auditors has been withdrawn from Section 139 of the Companies Act, 2013. Hence, the same is not put forward before the members of the Company for their approval.
8. In the 23rd AGM of the Company held on September 21, 2021, Shri Masil Jeya Mohan P (DIN:08502007), Shareholder Director was liable to retire by rotation. Accordingly, the resolution was put to vote before the Members and the same was approved by the Members. Subsequently, SEBI vide its letter dated October 26, 2021 had approved the re-appointment of Shri Masil Jeya Mohan P.
9. In case of joint holders attending the meeting through VC or OAVM, only such joint holder who is higher in the order of names will be entitled to vote.
10. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013, the Register of Contracts or Arrangements in which the Directors are interested under Section 189 of the Companies Act, 2013 will be available for inspection for the Members of the Company electronically during the 24th AGM on the website of KFin Technologies Limited at <https://emeetings.kfintech.com/>
11. The electronic copy of all documents referred to in the Notice will be available for inspection to the Members of the Company. The Members are required to send an email on cdslagm@cdslindia.com from their registered email id with the Company. Post verification of the Shareholder email id, a link will be sent to the concerned member for verification.
12. Subject to the provisions of the Act, final dividend of ₹ 15/- (150%), per share as recommended by the Board of Directors, if declared at the AGM, will be paid within a period of 30 days from the date of declaration to those Members or their mandates whose names appear as

beneficial owners with depositories or in the Register of Members as on Thursday, September 08, 2022, subject to deduction of income-tax at source wherever applicable as under:

- a) To all the beneficial owners in respect of shares held in dematerialised form as per the data as may be made available by CDSL and National Securities Depository Limited ("NSDL") as on Thursday, September 08, 2022.
 - b) To all the members in respect of shares held in physical form after giving effect to all valid transmission/transposition in respect of valid requests lodged with the Company on the cut-off date i.e., Thursday, September 08, 2022.
13. Pursuant to the Finance Act, 2020, dividend income will be taxable in the hands of the Shareholders w.e.f. April 01, 2020 and the Company is required to deduct Tax at Source ("TDS") from dividend paid to the Members at prescribed rates in the Income Tax Act, 1961 ("the IT Act"). In general, to enable compliance with TDS requirements, Members are requested to complete and / or update their Residential Status, Permanent Account Number ("PAN"), Category as per the IT Act with their Depository Participants or in case shares are held in physical form, with the Company, by sending documents through email to rnt.helpdesk@linkintime.co.in by the record date (i.e. Thursday, September 08, 2022), Additionally, the shareholders are also requested to refer para 15 to 17 below and provide necessary declaration / information on the following link: <https://linkintime.co.in/formsreg/submission-of-form-15g-15h.html>
14. The rate of TDS as per the Income Tax Act, 1961, would depend upon the status of the recipient and is explained herein below:

i. Resident shareholders:

In case of resident shareholders, section 194 of the IT Act provides mandate for withholding tax @10% on dividend income. In absence of PAN, invalid PAN or person being categorised as specified person (to be verified from the Government enabled utility) TDS rate of 20% will apply.

Resident shareholders, being an individual, whose total dividend income in a financial year exceeds ₹ 5,000 and who wish to receive dividend without deduction of tax at source may submit a declaration in Form No. 15G/ Form 15H. Template of Form No. 15G/15H can also be downloaded from the website of the Company.

Shareholders are requested to note that while submission of original form is mandatory, they may submit the said documents by submitting the same on the following link: <https://linkintime.co.in/formsreg/submission-of-form-15g-15h.html>

TDS on dividend paid to the following resident shareholder would not be applicable as per the provision of section 194 of the IT Act:

- a. the Life Insurance Corporation of India established, in respect of any shares owned by it or in which it has full beneficial interest;
- b. the General Insurance Corporation of India (hereafter in this proviso referred to as the Corporation) or to any of the four companies (hereafter in this proviso referred to as such company), formed by virtue of the schemes framed under sub-section (1) of section 16 of the General Insurance Business (Nationalisation) Act, 1972 (57 of 1972), in respect of any shares owned by the Corporation or such company or in which the Corporation or such company has full beneficial interest;
- c. any other insurer in respect of any shares owned by it or in which it has full beneficial interest.

ii. Non-resident shareholders

In case of non-resident shareholders other than foreign companies and firms, the IT Act provides mandate for withholding tax at the rate of 20% plus applicable surcharge and health and education cess of 4% on dividend income making effective rate of TDS as under:

Particulars	Surcharge Rate	Effective TDS rate
Dividend Income not exceeding ₹ 50,00,000	Nil	20.80%
Dividend Income exceeds ₹ 50,00,000 but does not exceed ₹ 1,00,00,000	10%	22.88%
Dividend Income exceeding ₹ 1,00,00,000	15%	23.92%

In case of shareholders, being foreign companies, the IT Act provides mandate for withholding tax at the rate of 20% plus applicable surcharge and health and education cess of 4% on dividend income making effective rate of TDS as under:

Particulars	Surcharge Rate	Effective TDS rate
Dividend Income not exceeding ₹ 1,00,00,000	Nil	20.80%
Dividend Income exceeds ₹ 1,00,00,000 but does not exceed ₹ 10,00,00,000	2%	21.22%
Dividend Income exceeding ₹ 10,00,00,000	5%	21.84%

In case of shareholders, being foreign firms/ LLP, the IT Act provides mandate for withholding tax at the rate of 20% plus applicable surcharge and health and education cess of 4% on dividend income making effective rate of TDS as under:

Particulars	Surcharge Rate	Effective TDS rate
Dividend Income not exceeding ₹ 1,00,00,000	Nil	20.80%
Dividend Income exceeds ₹ 1,00,00,000	12%	23.30%

In respect of non-resident shareholders (including foreign companies), the TDS rates mentioned above will be further subject to any benefits available under the Double Taxation Avoidance Agreement ("DTAA") read with Multilateral Instrument ("MLI") provisions, if any, between India and the country in which the non-resident is considered resident in terms of such DTAA read with MLI.

In order to claim benefit under DTAA, the non-resident shareholders would be required to submit the following documents before the record date fixed for determining the shareholders who are eligible to receive the final dividend, if so approved at the respective AGMs:

- Tax Residency Certificate ("TRC") issued by the Tax / Government authority of the country in which the Non-Resident shareholder is a resident of (valid for the relevant financial year);
- Form 10F containing therein information to be provided under section 90(5)/ 90A(5) of the IT Act, if not so covered in TRC (Valid for the relevant financial year);
- Declaration from shareholders stating the following [template available on the website of the Company]:
 - That the shareholder did not at any time during the relevant year have a permanent establishment in India.
 - That the shareholder is the beneficial owner of the dividend.
 - That the construct and affairs of the shareholder is not arranged with the main or principal purpose of obtaining any tax benefits, directly or indirectly, under the Tax Treaty.
 - That the arrangement of the shareholder is not covered under impermissible avoidance arrangement.

- Permanent Account Number – In absence of PAN, shareholder is required to provide the following details:
 - Contact Address:
 - Email Address:
 - Contact Number:
 - Tax identification number:

Application of beneficial DTAA rate shall depend upon the completeness and satisfactory review of the documents submitted by the Non-Resident shareholders. The Company will apply its sole discretion and is not obligated to apply the beneficial DTAA rates for tax deduction on dividend payable to shareholders.

Please note:

1. Shareholders holding shares under multiple accounts under different status/ category (eg. Resident and Non-Resident) and single PAN, may note that, higher of the tax as applicable to the status in which shares held under a PAN will be considered on their entire holding in different accounts.
2. For Shareholders who are identified as "Specified Persons" under Sec 206AB of the Act, higher tax rate as applicable would be deducted if:
 - a. Shareholder has not filed the return of income for the assessment year relevant to the previous year immediately before the previous year in which tax is required to be deducted/ collected. Previous year for FY 2022-23 would be FY 2021-22.
 - b. Aggregate of tax deducted at source and tax collected at source is rupees fifty thousand or more in said previous year.

For the purpose of TDS, Company will verify the status (i.e., Specified Person or not) from the Government enabled online facility and deduct TDS accordingly.

It may be further noted that in case the tax on said Final Dividend is deducted at a higher rate in the absence of receipt of the aforementioned details/documents from you or on application of provisions of Section 206AB, there would still be an option available with you to file the return of income and claim an appropriate refund, if eligible.

No claim shall lie against the Company for such taxes deducted.

In the event of any income tax demand (including interest, penalty, etc.) arising from any misrepresentation, inaccuracy or omission of information provided / to be provided by the Shareholder(s), such Shareholder(s) will be responsible to indemnify the Company and also,

provide the Company with all information / documents and co-operation in any appellate proceedings.

Disclaimer: This communication shall not be treated as an advice from the Company. Shareholders should obtain the tax advice related to their tax matters from a tax professional.

15. Declaration under Rule 37BA of Income Tax Rules, 1962

In terms of Rule 37BA of the Income Tax Rules, 1962, if dividend income on which tax has been deducted at source is assessable in the hands of a person other than the deductee, then such deductee should file declaration with Company in the manner prescribed in the Rules. The draft format of the declaration is attached herewith.

Kindly note that above mentioned declaration for giving credit of taxes deducted to the beneficial owner should be made on or before the record date (i.e. Thursday, September 08, 2022). Requests received after the record date (i.e. Thursday, September 08, 2022) will not be entertained and Tax on dividend would be deducted in the name of deductee.

Sub: Declaration under Rule 37BA of Income Tax Rules, 1962.

We _____, are currently holding shares of Central Depository Services (India) Limited ["CDSL"] on behalf of the _____. We understand that CDSL has declared a dividend of ₹ 15 per share for FY 2021-22 and shall soon be paying the same to us, as we are a shareholder in books of CDSL.

We hereby declare that said dividend income on the shares belongs to and is assessable in hands of below-mentioned shareholders who are actual beneficial owners and entitled to receive such dividend income. Thus, we hereby request your goodself to deduct tax on such dividend income in the name of the said shareholders and report the dividend income against the PAN of the respective shareholders.

Details about the shareholders to whom shares and dividend income belongs and credit to be given are as follows:

Sr. No.	Shareholder's Name	Address	PAN	No of Shares held by us	Expected Dividend Amount

We undertake and confirm that dividend to be received by us for the above-mentioned Shareholders does not belongs to us and we shall not claim credit of the TDS applied on the said income.

We request that while furnishing the information to the Income-tax Department in your TDS statement/return, the details of dividend income and corresponding TDS on the same should be stated in name of the above-mentioned shareholders instead of us.

The above declaration is in terms of Section 199 of the I-Tax Act read with Rule 37BA(2) of the Income-Tax Rules, 1962 and is based on which tax is deducted at source by the Company. It would be in due compliance of law by the Company.

We seek your co-operation in this regard.

There was no change in the capital structure of the Company during the FY 2021-22.

3. BUSINESS OUTLOOK AND OVERVIEW:

A. THE CAPITAL MARKET ENVIRONMENT:

The FY 2021-22 was one of the most challenging years for the Indian Economy. During FY 2021-22, the S&P BSE Sensex opened at 49,868 on April 01, 2021 and touched a high of 62,245 on October 19, 2021 and thereafter closed at 58,568 on March 31, 2022. During same period Nifty opened at 14,798 and hit a high of 18,604 on October 19, 2021 and thereafter closed at 17,464 on March 31, 2022.

The International Monetary Fund (IMF), in its latest World Economic Outlook report, has slashed its forecast for India's FY 2022-23 gross domestic product growth to 8.2% from 9.0%, saying that the higher commodity prices will weigh on private consumption and investments. This was one of the steepest cuts for emerging economies compared to IMF's earlier forecast. Global Economic prospects have worsened significantly due to commodity price volatility and disruption of supply chains caused by the war in Europe, IMF has cut its global growth outlook for calendar year 2022 to 3.6% from 4.4% and said that both Russia and Ukraine could experience large GDP contractions.

The World Bank has slashed the GDP growth forecast for India in FY 2022-23 to 8.0% in bi-annual "South Asia Economic Focus" report, due to the negative impact of the war in Ukraine on FY 2022-23 growth. Earlier in January 2022, the growth forecast for FY 2022-23 was estimated at 8.7%.

B. OPERATIONAL PERFORMANCE:

The capital market plays a significant role in building the economy as it channelizes domestic saving into sustainable financial assets. The Indian capital markets are robust and deep. The markets have witnessed diverse magnitude of volatility and growth levels based on global and domestic scenario and investor participations. The digitization of various processes has helped to have easier access to stock markets and depository services. This has led to increased participation from Tier I and Tier II cities in financial markets. In order to sustain the growth in its depository business, your Company continues to focus on enhancement of operational efficiency, upgradation of technology, service quality and enhanced emphasis on investor education through seminars / workshops.

C. BENEFICIAL OWNER ACCOUNTS:

During the year under review, 295.59 lakhs net Beneficial Owner (BO) accounts were added, taking the total number of such accounts to 629.97 lakhs as on March 31, 2022, making us the first depository to cross the 600 lakhs milestone.

The comparative figures of net BO accounts as on March 31, 2021 and March 31, 2022 are given in the following table:

(ii) CDSL INSURANCE REPOSITORY LIMITED ("CIRL"):

CDSL Insurance Repository Limited ("CIRL") is regulated by Insurance Regulatory and Development Authority of India (IRDAI) and is in the business of enabling policy holders to hold life policies, motor policies, health policies and in the near future, all other types of general (non-life) policies in electronic form. CIRL has arrangements with several life insurance companies, health insurance companies and general insurance companies enabling the policy holders to hold policies in electronic form.

Your Company had under the "Guidelines on insurance repositories and electronic issuance of insurance policies" issued by IRDAI, floated a separate subsidiary viz. CIRL, in the year 2011. CIRL provides policyholders a facility to keep their insurance policies in electronic form and to undertake changes, modifications and revisions in the insurance policy with speed and accuracy, to bring about efficiency, transparency and cost reduction in the issuance and maintenance of insurance policies.

Leading public sector and private sector insurance companies have contributed to the equity capital of CIRL. At the time of launch in August 2013, the insurance repository services were restricted only to Life insurance policies. However, later, IRDAI has extended the scope of services to Health and Motor Vehicle insurance policies and soon, to all other types of general insurance. Further, initially only individual policies were allowed in electronic form but subsequently this feature is being extended to corporate and group policies.

As on March 31, 2022, the Company has 7.11 lakhs active eIAs (electronic insurance accounts) as against 6.03 lakhs active eIAs as on March 31, 2021, in the Repository.

As on March 31, 2022, over 5.59 lakhs electronic policies constituting 5.22 lakhs Life e-insurance policies, 1,593 Motor e-insurance policies and 35,187 Health e-insurance policies have been credited in the eIAs as against around 4.22 lakhs electronic policies constituting 4.00 lakhs life insurance policies, 883 motor insurance policies and 20,602 health insurance policies as on March 31, 2021. The above figures indicate that there is a positive trend in creating electronic insurance policies, with a growth rate of 33%.

CIRL has tied up with twenty-two life insurance companies, five health insurance companies and fourteen general insurance companies, which is a total of forty-one insurance companies, for holding policies in electronic form.

CIRL has received a contract from an Insurance company, to operate remote offices on their behalf and provide outsourcing services. Such centers have been established at present and more centers are in the pipeline. We are also interacting with other insurance companies to provide similar services. Considering the trend of companies outsourcing their activities, these services contracts will provide your Company with new revenue streams, apart from the Insurance Repository (IR) business.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2022

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Central Depository Services (India) Limited
Unit No. A-2501, Marathon Futurex,
Mafatlal Mills Compound,
N. M. Joshi Marg, Lower Parel (E),
Mumbai – 400013.

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Central Depository Services (India) Limited (CIN:L67120MH1997PLC112443)** (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on **March 31, 2022** complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2022 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; **(Not applicable to the Company during the audit period)**
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') as amended from time to time:
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - d. The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 (Erstwhile Regulations viz. SEBI (Share Based Employee Benefits) Regulations, 2014); **(Not applicable to the Company during the audit period)**
 - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; **(Not applicable to the Company during the audit period)**
 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; **(Not applicable to the Company during the audit period)**
 - h. The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018; **(Not applicable to the Company during the audit period) and**
- (vi) I further report that, based on the representation made by the Company and its Officers, compliance mechanism prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, the Company has complied with the following laws applicable specifically to the Company:
 - a. Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 and Circulars, Guidance and Notifications issued thereunder.

- b. Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- c. Securities and Exchange Board of India Act, 1992 & Circulars, Master Circulars and Regulations issued by SEBI and applicable to the Company.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India (SS – 1 and SS – 2).
- (ii) The Listing Agreements entered into by the Company with National Stock Exchange of India Limited read with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations:

- (i) *Whereas in terms of the provisions of Regulation 29(2) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, prior intimation to Stock Exchange about the Board Meeting of the Company held on May 1, 2021, to consider declaration of dividend was submitted one working day prior to the scheduled Board Meeting as against the requirement of submission of prior intimation at least two working days in advance, excluding the date of the intimation and date of the Board Meeting. The NSE vide letter dated June 14, 2021 levied fine of ₹ 11,800/- inclusive of taxes and the Company paid the fine on June 25, 2021. The Company had requested NSE to condone the delay of one day as the delay was due to the factors beyond Company's control due to COVID-19 pandemic and provide an opportunity of being heard in this matter. The NSE vide its letter dated November 22, 2021 has condoned the delay and refunded the fine paid by the Company.*

I further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors, Independent Directors and Woman Director. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at the Board and Committees meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors and Committees of the Board, as the case may be and no dissenting views have been recorded.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period there were following events/actions reported having major bearing on Company's affairs:

Annexure-F

Details pertaining to remuneration as required under section 197(12) of the Companies Act 2013 read with the Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and SEBI (Depositories and Participants) Regulations, 2018.

- The ratio of the remuneration of MD & CEO to the median remuneration of the employees of the Company for FY 2021-22 is 29.50%.
- The remuneration of MD & CEO saw an increase of 21.95%. The remuneration of Chief Financial Officer saw an increase of 11.85% and the remuneration of the Company Secretary saw a decrease of 26.29% during the financial year. The same is explained in the below tables:

Remuneration of Managing Director & Chief Executive Officer (MD & CEO):

Sr. No.	Particulars	Year		Amount (₹)
1.	Shri Nehal Vora, MD & CEO	2020-21	A	2,35,95,013
2.	Shri Nehal Vora, MD & CEO	2021-22	B	2,87,73,316
3.	Difference in remuneration to MD & CEO between 2020-21 and 2021-22		C = (B - A)	51,78,303
4.	Increase in remuneration of MD & CEO	2021-22	C/A*100	21.95%

Note: The Board, SEBI and Shareholders have approved a yearly increment of 15% in case of MD & CEO.

The yearly increment paid to MD & CEO as approved by Board, SEBI and Shareholders is at 15%. However, on comparison of the payment made with the previous year appears to be at 21.95%. This is due to the reason that payment of variable pay made during the FY 2020-21 was on pro rata basis for 6 months (September 24, 2019) from the date of joining during FY 2019-20.

Remuneration of Chief Financial Officer (CFO):

MANAGEMENT DISCUSSION AND ANALYSIS

1. Global economy:

The world recovering from the pandemic saw a sharp global economic growth of 5.8% in 2021 on the back of easing of lockdown. With this growth, the world looked forward to a more robust recovery and a return to normalcy. However, because of several global shocks the expectation of future growth is now muted.

Firstly, the release of pent-up spending drove up demand. This put pressure on supply and logistics underscored by bottlenecks in global supply chains. As a result, inflation rates started to aggressively increase in the US, Europe and in a number of emerging market economies (EMEs). With inflationary pressure threatening to overwhelm societies with higher cost of living, several major global central banks which had till now an accommodative stand began the tightening cycle. The US Federal Reserve has so far raised interest rate thrice in 2022 (by 25 bps in March 2022, 50 bps in May 2022 and 75 bps in June 2022) while the Bank of England announced a fifth consecutive rate hike in June 2022. Inflation has also complicated policymaking as raising interest rates to contain prices also increases borrowing costs for emerging markets and developing nations, which face high debt burdens.

Secondly, the war in Ukraine has increased the risks to the global economies and has polarised the world. Ukraine and Russia are both major grain producers, and Russia is a key source of energy for Europe. The war has resulted in a blockade to farming and export of key food commodities including wheat. Sanctions imposed on Russia, to encourage it to move towards a peaceful resolution of the war, has affected several economies which were dependent on crude and gas imports from Russia. This has resulted in the exacerbation of risks to the global economy.

Thirdly, the world is not out of the woods yet with regards to COVID-19. With new cases appearing, frequent and extensive lockdowns in important manufacturing and business centres have slowed down economic activity. This could cause further disruptions in global supply chains.

In light of this, World Economic Outlook April 2022 has projected the global growth to slow down to 3.6% in 2022 and 2023. These growth numbers may be revised downward in the coming days as International Monetary Fund (IMF) believes there is a possibility of a global recession given the elevated risks.

2. Indian economy:

Putting the worst of the pandemic behind, the Indian economy has remained resilient so far on the strength of its own macro-fundamentals. Although real GDP growth slowed from 5.4% in October-December 2021 to 4.1% in January-March 2022, the annual real GDP growth in FY 2021-22 stood at 8.7% (estimated). Recent high-frequency indicators of economic activity suggest that momentum has picked up in a broad-based manner.

As per the provisional estimate of National Statistical Office (NSO), the economic growth in FY 2021-22 was broad based, across sectors. Amongst various other sectors, the financial and professional services expanded by 4.2% compared to a growth of 2.2% in the FY 2021-22.

As per Reserve Bank of India (RBI), transactions through the Real Time Gross Settlement (RTGS) recorded strong growth (y-o-y) across all months of the year. In March 2022, RTGS transactions peaked at 2.3 crore transactions with a value of approximately ₹145 lakh crore. On the retail side, digital payments posted annual volume growth of 64% (28% growth in value terms). Digital transaction volumes were dominated by the Unified Payments Interface (UPI), National Electronic Funds Transfer (NEFT), Immediate Payment Service (IMPS) and Bharat Bill Payment System (BBPS).

However, India continues to face risks on account of COVID-19 pandemic in spite of over 66% of the population fully vaccinated. In addition, India faces uncertainty due to high inflation and tightening monetary policy in major economies. Increase in international prices of crude oil and gas, food grains such as wheat and corn, and several other commodities has translated into widening trade and current account deficits.

By mid-January 2022, the benchmark yield was at a two-year high. Domestic developments also provided upside to yield movements. Rising cut-offs and developments on primary dealers (PDs) also contributed to a hardening bias in yields. G-sec yields continued to move upwards through February 2022 in spite of the issue of a new 10-year benchmark. The yield curve steepened in the 8-10 years maturity segment.

With the Indian economy facing inflationary pressure, RBI started withdrawing its accommodative stance on monetary policy. In April 2022, RBI introduced a Standing

Deposit Facility (SDF) rate of 3.75%. In May 2022, RBI raised the repo rate by 40 bps to 4.4% and Cash Reserve Ratio (CRR) by 50 bps to 4.5%. Most recently, in June 2022, RBI hiked the repo rate by a further 50 bps with the repo rate now at 4.9%.

According to the Reserve Bank of India's (RBI) publication – Role of Finance in Revitalizing Growth which amongst other things also includes a study on Financial Conditions Index (FCI) and Growth, for every 1 percentage point easing of financial conditions, y-o-y GDP growth is estimated to improve in the range of about 1.1 to 1.3 percentage points; thus, the GDP growth would have been lower by about 1.1 to 1.3 percentage points without the support of the accommodative stand of RBI.

Indian equities gained in tandem with global equity markets during FY 2021-22. However, recently the markets have shown correction due to negative global cues.

3. Indian Capital Markets:

Capital markets play a crucial role in the economic development of a country. They provide financial resources required for the long-term sustainable development of the economy.

The Indian capital markets witnessed a V-shaped recovery with the S&P BSE Sensex and Nifty 50 doubling by February 2021 from their March 2020 lows. During FY 2021-22, we saw the S&P BSE Sensex opened at 49,868 on April 01, 2021 and touched a high of 62,245 on October 19, 2021 and thereafter closed at 58,568 on March 31, 2022. During the same period, Nifty 50 opened at 14,798 and hit a high of 18,604 on October 19, 2021, and thereafter closed at 17,464 on March 31, 2022.

There has been a flurry of IPO listings of new-age technology companies in FY 2021-22. As per Prime Database, 76 public issues have raised ₹1.3 lakh crore in FY 2021-22 as compared to 69 public issues mobilizing ₹74,708 crore in FY 2020-21.

Foreign Portfolio Investors (FPIs) turned net sellers in Indian equities in March 2022 for the sixth consecutive month amidst concerns over the Russia-Ukraine war, with large outflows from financial services and software services sector. FPIs pulled out of domestic market, reporting net outflows of ₹1.2 lakh crore in FY 2021-22. In March 2022, FPI were net sellers in both equity and debt markets.

The direct participation of retail investors in equities continued to increase, with the opening of 3.46 crore demat accounts during FY 2021-22, as against 1.42 crore demat accounts opened during the previous year. During FY 2021-22, on an average, 28.8 lakh demat accounts were opened every month, which is higher than 11.8 lakh per

month in the previous year and 4.2 lakh demat accounts per month in FY 2019-20.

India's equity market entered the top five in the world in terms of market capitalization for the first time this year. The country's total market cap stood at USD 3.21 trillion in the second week of March 2022.

3.1. Depositories in India:

Indian capital markets were traditionally paper based where transactions took place through the open outcry system. With the growth of the Indian capital markets, issues like delay in transfers, long settlement period, high levels of failed trade and bad deliveries, high-risk exposure etc. were observed. To address these issues, the Depositories Act was legislated in August 1996. Subsequently, three years later in 1999, Central Depository Services (India) Limited ("CDSL") commenced its business following the implementation of compulsory trading in dematerialized securities for all investors.

Past two years have demonstrated growth for the capital markets as a lot of new investors came on board. Work from home culture, record number of IPOs, convenient online demat account opening and highlight of the equity market as an investment option could be considered as the key reasons for the growth. In terms of market share of active demat accounts, CDSL experienced a growth in market share from 46% in FY 2017-18 to 70% in FY 2021-22. The annualised growth was 23% for the same period. However, even at that, only 6% - 7% of the entire population currently hold a demat account.

3.1.1. The Growth story:

Growth of the business of depositories is directly proportional to the growth of capital markets. The past few years have witnessed increase in activities by retail investors in the capital market. Within financial assets, the allocation towards equities has been increasing steadily due to the relatively low base, given that the retail investors have traditionally been under-invested in equities.

3.1.2. Increase in trading volumes and retail participation:

CDSL has experienced a growth in the number of Companies / Issuers admitted in demat from 541 in FY 1999-00 to 18,278 in FY 2021-22, an annualized compounding growth rate of 31%. The active participation of retail investors was demonstrated

with the increase in the turnover of shares traded on BSE Ltd. rising from 5.21 lakh crores in FY 2013-14 to 13.38 lakh crore in FY 2021-22, an annualized compounding growth rate of 12.51%, while trading on National Stock Exchange (NSE) increased from 28.08 lakh crore in FY 2013-14 to 165.66 lakh crore in FY 2021-22, an annualized compounding growth rate of 24.84%.

3.1.3. Digital Account Opening & Online Initiatives:

Many Depository Participants (DPs) who conduct their business online have started opening accounts in online mode. Bank details of the investors can be verified online using Rupee Drop facility of any scheduled bank which many of the depository participants are using.

4. Business Overview:

Central Depository Services (India) Limited (CDSL), the first listed Indian central securities depository, commenced operations in 1999. In February 1999, CDSL received certificate of commencement of business from Securities and Exchange Board of India (SEBI). Initially promoted by BSE Ltd., CDSL was listed on the NSE through Initial Public Offer (IPO) on June 30, 2017. Your Company became the first and continues to be the only depository to get listed

in Asia-Pacific region and only the second depository in the World to achieve this milestone.

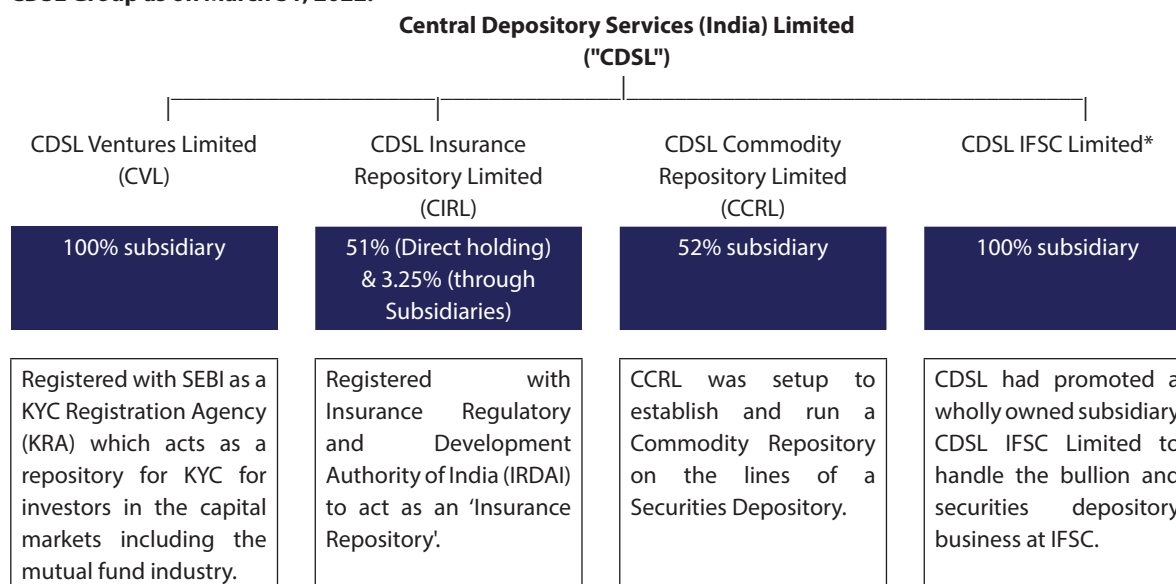

CDSL facilitates holding and transacting in securities in electronic form and facilitates settlement of trades done on stock exchanges. These securities include equities, debentures, bonds, Exchange Traded Funds (ETFs), units of mutual funds, units of Alternate Investment Funds (AIFs), Certificates of Deposit (CDs), Commercial Papers (CPs), Government Securities (G-Secs), etc.

CDSL is currently the largest depository in India in terms of number of demat accounts opened. On February 28, 2022, CDSL became the first depository in India to open 600 lakhs active demat accounts. As on March 31, 2022 CDSL held assets worth ₹37.2 lakh crore with over 580 depository participants associated with CDSL.

CDSL has in place, a robust infrastructure system with multiple back-up levels and world class information security and cyber security practices. It is due to the depository system that paper-based certificates, which were prone to be fake, forged and, counterfeit, resulting in bad deliveries have effectively been eliminated. CDSL offers an efficient and instantaneous transfer of securities held in electronic form in demat accounts.

Your Company strives to provide convenient, dependable and secure depository services at an affordable cost for all market participants.

5. CDSL Group as on March 31, 2022:

* Ceased to be subsidiary of the Company w.e.f May 02, 2022.

Partners:

CDSL and its subsidiaries can be broadly classified in the following categories:

CDSL has always endeavoured to innovate and provide digital solutions to all its partners and consumers. We are focused on remaining true to our values and vision of providing services that are Convenient, Dependable and Secured. We aim to build a nation, that is built on the pillars of Atmanirbharta or Self Sufficiency.

6. Strengths & Opportunities:
6.1. Digital acceleration during challenging times

The pandemic disrupted business activities across the globe. But your Company embraced the challenges and came out stronger with digital initiatives like eAGM and eDIS, new pledge/re-pledge mechanism, etc. These new initiatives during the pandemic, ensured that the services for the investors are developed with the changing times and needs, and are accessible from the comfort of one's home.

Another strength is your Company's strong distribution network of DPs spread across the country. Your Company's DPs are able to effectively use digital technology in opening accounts online.

At CDSL, we believe that digitisation has a great potential for sustainability. By connecting the stakeholders electronically, CDSL ensure paperless transactions and thus takes active steps to reduce carbon footprints and the harm they do to the environment. Through the electronic form of operations, we have helped the stakeholders to 'go green'.

6.2. Outreach:

The Company is the leading securities depository in India by incremental growth of Beneficial Owners (BOs) accounts, from 108 lakhs in FY 2015-16 to 630 lakhs in FY 2021-22. The Company has a wide network of DPs, who act as points of service. As on March 31, 2022, CDSL had over 580 registered DPs with over 21,500 India. The DPs are spread across 28 states and 8 union territories.

The 630 lakhs demat account holders maintained with CDSL too, are spread across the country and we cover atleast 98% of the pin-codes.

6.3. Enablement of e-KYC for capital market intermediaries:

Ministry of Finance (Department of Revenue) has recognized CDSL and CVL as a reporting entity to perform Aadhaar Authentication via the gazette notification No. CG-DL-E- 22042020-219106 dated April 22, 2020. Also, Securities and Exchange Board of India ("SEBI") came out with a Circular No. SEBI/HO/ MIRSD/DOP/CIR/P/2020/73 dated April 24, 2020 regarding clarification on Know Your Client ("KYC") Process and Use of Technology for KYC. In the circular, SEBI has given clarification on Online KYC process for establishing account-based relationship with registered intermediary ("RI"), Investor's KYC can be completed through Online / App based KYC, In-Person Verification through Video, Online submission of Officially Valid Document (OVD) / other documents using e-sign of the investors. The above initiative by SEBI & Ministry of Finance will help registered capital market intermediaries to open trading and demat accounts digitally. Many large broking houses & discount broking firms are likely to get benefits due to the same.

7. Threats:
7.1. New Depositories:

SEBI has come out with a discussion paper on 'Review of Ownership and Governance norms for facilitating new entrants to set up Stock Exchange / Depository'.

7.2. CDSL Tariff control by SEBI:

7.4.2. Continue to introduce new offerings and scale up recently started businesses:

Your Company endeavours to provide investors a comprehensive range of services at competitive prices and to maintain optimal service standards. In order to maintain and enhance the competitive position, your Company will continue enhance its competitive to offer services at aggressive prices achieved through its low operational costs driven by operational efficiency, high economies of scale and innovative services.

Your Company plans to further improve its operating efficiency through:

- Enabling electronic submission and receipt of documents by DPs and other intermediaries
- Focus on eliminating all paper-based processes and workflows to become a fully digital organization
- Improve customer experience by enhancing self-service channels for efficiently and effectively serving routine requirements
- Develop further API based services in collaboration with DPs to facilitate seamless

interoperability and straight through processing with their systems

Your Company will strive to continue in diversifying its product and service offerings depending on investors' needs. CDSL believes that a continuous review of its services according to the evolving understanding of investor preferences and market behaviour will help to cater better to its demat account holders' needs, enhance their user experience and maximize the account volumes and revenues.

7.4.3. Continue to invest and upgrade the IT infrastructure and systems leading to enhancement of operational efficiency and service quality:

CDSL believes that maintaining and improving its technology is critical to its business. Your Company believes that maintaining and improving its technology is critical to its business. Your Company intends to regularly use optimal resources towards upgrading the IT infrastructure and systems, with the goal of improving market efficiency and transparency, enhancing user access and providing flexibility for future business growth and market needs.

Your Company will focus on improvement in its cyber- security framework and information security management systems.

Your Company was identified as a part of National Critical Information Infrastructure (NCII) by National Critical Information Infrastructure Protection Centre (NCIIPC).

Your Company's Standing Committee on Technology (formerly IT Strategy Committee) includes external IT experts and professionals who advise your Company's Board in relation to improving and maintaining its IT infrastructure on an ongoing basis. Your Company also plans to continue investing in its IT and data management systems to improve productivity and time savings thereby increasing the operating efficiency.

10. Internal Financial Control Systems and its adequacy:

Internal financial controls include the policies and procedures adopted by the Company for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information.

The Company has developed and implemented a framework for ensuring internal controls over financial reporting. This framework includes entity level policies, process and operating level standard operating procedures.

Some significant features of our Internal Financial Control System are:

- 1) Adequate documentation and maintenance of the records which are reasonably detailed, accurate and fairly reflect the transactions and dispositions of the assets of the Company.
- 2) The policies and procedures are designed to provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statement in accordance with generally accepted accounting principles and Indian Accounting Standards (IAS), and that receipts and expenditures of the company are being made only in accordance with authorizations of management and director of the company.
- 3) Company has aligned its current systems with the requirement of the Companies Act, 2013 on the lines of the globally accepted risk based framework as issued by the Committee of Sponsoring Organizations ("COSO") of the Treadway Commission, so as to provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effects on the financial statements.

During the year, such internal controls over financial reporting were tested by management, internal auditors and statutory auditors. No reportable material weakness in design and effectiveness was observed.

11. Risks And Concerns:

The Company's securities depository business competes closely with its competitor for DPs, investor accounts and number of securities pertaining to various instruments on its depository systems.

The Company's inability to effectively manage its growing DP network or any disruptions in its supply or distribution infrastructure may have an adverse effect on its business, results of operations and financial condition.

Bulk of the accounts are presently being opened by the online account opening mechanism, which primarily depends on the online feed from / to depositories / stock exchanges / KRAs. Any changes to the mode of exchange of information from / to these entities enforced due to regulatory directions from SEBI, etc., could adversely impact account opening.

We operate in a business environment that continues to experience significant and rapid technological change. Any interruptions or malfunctions in the operation of the Company's IT systems could damage its reputation and cause loss for the business.

Shift in consumer preferences from investing and trading in securities to other products and services, could significantly reduce the demand for the Company's services and adversely affect its business, financial condition, and results of operations.

Fraud due to unauthorized transfer of securities or service deficiency could result in losses. Further, if account data disseminated by the Company contains undetected errors; it could have a material adverse effect on its business, financial condition, or results of operations.

Broad market trends, economic and market conditions and other factors beyond the Company's control could significantly reduce demand for its services and harm its business, financial condition, and results of operations.

Insufficient system capacity and systems failures could materially and adversely affect the Company's business. Increasing reliance on technology has increased the Cyber Security and Data Privacy risks which could have a serious impact on business.

The ability to attract and retain talented professionals is critical to the implementation of the Company's strategy. The loss of key management personnel and failure to timely replace them could adversely impact the business.

The Company must adapt to significant and rapid technological changes in the industry in order to compete successfully.

The Company works in a tightly regulated environment hence any changes brought in the processes and procedures to be followed due to issuance of instructions by the regulator could slow down the Company's growth trajectory.

The Company operates in a highly regulated industry and may be subject to strict compliances, fines and other legal proceedings if we fail to comply with our legal and regulatory obligations.

12. Risk Management:

Global events and Covid-19 pandemic had amplified the existing risks in the uncertain environment. We continue to adapt strategies to manage these dynamic risks and its impact on our Company's business and operations.

Strict internal processes and controls enable the Company to effectively manage the business risks it encounters on daily basis. Risk Management Framework of the company ensures achievement of its strategic and operational objectives; the framework is supported by risk processes, identification, assessment, response, action, mitigation, and control.

The Board of Directors have constituted a Risk Management Committee (RMC) to frame, implement and monitor the risk management framework of the Company. As devised by the RMC, the framework is periodically reviewed and monitored in order to improve standard operating procedures and to reflect changes in the market condition and business activities. The focus of the RMC is to assess the unpredictability of the ever-changing environment and to mitigate potential adverse effects on the overall performance.

The Company's risk management framework includes risk management policy as devised by the RMC. The Committee monitors and identifies risks at regular intervals to improve standard operating procedures and to set appropriate risk limits and controls. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and business activities, with any new activity or deviation from existing procedure referred to the Risk Management Committee. The Company's risk management system covers various aspects of the business.

The Company also has in place a special contingency insurance policy to cover risks associated with depository operations which covers the Company and registered Depository Participants (DPs). A special contingency insurance policy covers Company and the registered DPs from risks associated with depository operations including cyber security risks.

The Company ensures that its clients comply with applicable regulatory provisions by conducting regular inspections of both DPs and RTAs and provides compliance training across the country for DPs. In addition to the bi-annual internal audits, the Company has made it mandatory for all registered DPs to appoint independent Chartered Accountant or Company Secretary or Cost Accountant in practice to conduct concurrent audits of risk prone areas. The Company has also made it mandatory for the registered DPs to audit their systems through a CERT-In empaneled auditor. The auditor reports are then submitted by the DPs to the Depositories on an annual basis.

COVID-19 made it imperative for the organization to embrace certain practices, including social distancing, remote working, and all these, in turn, led to significant dependence on and increased usage of digital technologies. CDSL continues to focus on large scale digital transformation / adoption of technology across its operations. A digital security breach or disruption to digital infrastructure caused by intentional or unintentional actions, such as cyber-attacks, data breaches or human error, could have a serious impact on business. This impact could include loss of process control, impact on business continuity or damage to assets and services, harm to the environment, loss of sensitive data or information, legal and regulatory non-compliance, reputational damage as well as revenue loss.

The Company subjects its networks and systems to security penetration tests on a continuous basis. CDSL invests significant resources to ensure cybersecurity resilience and data protection. Periodically, regulatory as well as independent assessments are carried out to validate and improve resilience to cybersecurity attacks. These encompass technical security controls, secure operational processes, cybersecurity incident monitoring mechanisms, disaster recovery controls and trained manpower. CDSL's cybersecurity measures are aligned to the growth and diversification of the Company. CDSL's information technology systems and processes are now re-certified with ISO 27001 and ISO 22301 standards. CDSL regularly exchanges cybersecurity intelligence with industry peers and government bodies. Cybersecurity awareness training and tests are conducted for every employee and partner.

13. Human Resources:

As a part of recruitment of Key Resources, the Chief Risk officer, and Group Company Secretary and Head Legal have been appointed during FY 2021-22. Apart from this, total 50 employees were hired, and 25 employees left, retired, or transferred out from the Company during the FY 2021-22. There were 246 employees on the payrolls of the Company as on March 31, 2022

Yes, our Company's Code of Conduct and Ethics complies with all the governed laws and regulations; including mechanisms to resolve ethical issues & unethical conduct, legitimate handling of conflicts of interest and fostering culture of transparency, honesty, and accountability. It also covers dealing with other business associates.

The Investor Grievance team of the Company focuses on building and strengthening customer service orientation by initiating various measures for improvement in investor service. For the details of investor complaints, please refer to Principle 9.1 of this report.

Principle 2 (P2): Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle

1. List up to 3 products or services whose design has incorporated social or environmental concerns, risks, and/or opportunities.

Our principal nature of service is to hold various securities like shares, debentures, money market instruments, etc. in an electronic form. The customers are provided with a demat account where several types of securities are accessed digitally. Numerous data files are quantified in our data centers considering increasing concerns and risks for the environment.

We also provide Consolidated Account Statement in electronic form called eCAS. This helps us save 90% paper utility and maintain all the physical records in a digital format.

India is a developing and diversified country for which we have branches in 13 locations and which are serviced by our Relationship Managers; this led several customers to connect with us. Lately, a new set of regulations has also mandated unlisted public companies to dematerialize which will allow easy accessibility and transformation of all their physical documents and storage of the same into digital format.

Principle 4 (P4): Businesses should respect the interests of, and be responsive to the needs of all stakeholders, especially those who are disadvantaged, vulnerable, and marginalized.

1. Has the Company mapped its internal and external stakeholders?

Yes, the Company has identified and mapped its internal and external stakeholders.

2. Out of the above, has the Company identified the disadvantaged, vulnerable & marginalized stakeholders?

Yes, the Company has focused and identified its vulnerable, disadvantaged and marginalized stakeholders.

Which are as follows:

- a. Physically challenged employees
- b. Mentally challenged children
- c. Underprivileged and destitute children & women
- d. Senior citizens and rural population (Farmers)

3. Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable, and marginalized stakeholders? If so, provide details thereof, in about 50 words or so.

Yes, we put in an extra effort to engage with disadvantaged, vulnerable, and marginalized stakeholders. As part of our CSR policy we have identified the following focus areas:

- Eradicating extreme hunger and poverty
- Promotion of education

- Promoting gender equality and empowering women
- Reducing child mortality and improving maternal health
- Combating human immunodeficiency virus, acquired immune deficiency syndrome, malaria and other diseases
- Ensuring environmental sustainability
- Employment enhancing vocational skills
- Social business projects
- Contribution to the Prime Minister's National Relief Fund or any other fund set up by the Central Government or the State Governments for socio-economic development and relief and funds for the welfare of the Scheduled castes, the Scheduled tribes, other backward classes, minorities, and women.

The above areas are reached through our CSR activities by promoting online academy for education in financial literacy, by supporting the COVID-19 pandemic vaccination drives and also by contributing to the Prime Minister National Relief Fund (PMNRF).

Principle 5 (P5): Businesses should respect and promote human rights.

1. Does the policy of the Company on human rights cover only the Company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?

Yes, our Company policies and practices related to protection of human rights i.e., prevention of sexual

harassment, prevention of child labour, etc., extends to all the stakeholders.

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?

Nil

Principle 6 (P6): Business should respect, protect, and make efforts to restore the environment

1. Does the policy related to Principle 6 cover only the Company or extends to the Group/Joint Ventures/Suppliers/Contractors/NGOs/others.

Yes, the policy related to principle 6 extends to all stakeholders of the Company.

2. Does the Company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc.? (If yes, please give hyperlink for webpage etc.)

Increasing energy demand and improper waste management have a major role and take part in climate change and global warming. Our services of demat securities enables the reduction in issuance of physical share certificates by companies as they are transformed to online shares. IPO and Corporate Action (CA) are being processed electronically which reduces the re-printing of share certificates. Various online initiatives have been facilitated through electronic means viz. online demat account opening, online account modification, online DIS (Online Delivery Instruction Slips), online pledge, online de-statementization etc. This has largely reduced the cost of printing and storing the physical documents for the stakeholders associated with us. Also, we have upgraded our data center system which consumes 19 KW (earlier 31 KW). Our head office has an efficient waste management system comprising sewage treatment plant and organic waste converter.

3. Does the Company identify and assess potential environmental risks?

No, but we are prepared with a Business Continuity Plan if any unfortunate climatic phenomena or a disaster takes place.

4. Does the Company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if yes, whether any environmental compliance report is filed?

No

5. Has the Company undertaken any other initiatives on – clean technology, energy efficiency, renewable

energy, etc.? Y/N. (If yes, please give hyperlink for webpage etc.)

Please refer to Principle 2.1 and Principle 6.2 for insights on the Company initiatives.

6. Are the emissions/waste generated by the Company within the permissible limits given by CPCB/SPCB for the financial year being reported?

Please refer to Principle 2.4 for our waste disposal.

7. Number of show cause/ legal notices received from CPCB/SPCB which are pending (i.e., not resolved to satisfaction) as on end of Financial Year.

Nil

Principle 7 (P7): Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner

1. Is your Company a member of any trade and chamber or association? If yes, name only those major ones that your business deals with:

Yes, the major trade bodies and associations are listed below through which we actively participate in overall development of our Company:

- a. ACG-Asia Pacific Central Securities Depository Group
- b. Association of Eurasian Central Securities Depositories (AECSD)

2. Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes, specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)

No

Principle 8 (P8): Businesses should support inclusive growth and equitable development

1. Does the Company have specified programs/ initiatives/projects in pursuit of the policy related to Principle 8? If yes, details thereof.

Yes, our Corporate Social Responsibility Initiatives not only support communities where we have our operations, but

also encompasses the overall development of societies, environment, and human capabilities. We have taken major initiatives in the areas of education, healthcare, and provided assistance to Central Government to fight against the COVID-19 pandemic by contributing to Prime Minister National Relief Fund and by contributing for vaccination drives for the public at large.

2. Are the programs/projects undertaken through in-house team/own foundation/external NGO/government structures/any other organization?

All the programs/projects are pre-approved by the CSR committee. The projects/programs are undertaken through external NGOs and associated organizations/government organizations.

3. Have you done any impact assessment of your initiative?

The webinars conducted by the Online Academy for financial literacy measures the impact of the program by conducting quizzes on the topics covered and provides certificate on successful completion. Regular feedback is sought from the participants of the webinar / program, along with timely comparison of the targets and the achievements.

4. What is your Company's direct contribution to community development projects-amount in INR and the details of the projects undertaken.

Our responsibility towards contributing into the sectors of economic, environmental, and social development allows us to have a positive impact on the society.

We have contributed to Prime Minister National Relief Fund, supported vaccination drives towards assistance

to fight against COVID-19 Pandemic and promotion of education by conducting webinars and programs through Online Academy for financial literacy. Kindly refer the **Annexure-D** on CSR attached to the Board's Report for further details.

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community?

Aarth is a CSR Initiative from Central Depository Services (India) Ltd., with a mission to make financial education simple and accessible for all. Our Online Academy aims to impart financial awareness about personal finance and savings for all with special focus on age group 18-25 years in tier II and III cities and first-time women investors. Aarth strives on delivering knowledge which is in-depth yet simple.

Our team constantly focuses on providing content, which is contemporary and easy to understand, making it a great overall learning experience. The personal finance includes topics on Investment, Savings, Budgeting, Demat and Stock Market, Mutual Funds & ETF thereby helping the participants in increasing the financial awareness and making smarter investment decisions.

The contribution for vaccination drive to fight COVID-19 for general public and the vulnerable section is effective in reducing the probability of contracting with COVID-19 and prepare a better shield against the infection.

The contribution to Prime Minister National Relief Fund helped in providing assistance and relief to the general public at large in any emergency situations.

Principle 9 (P9): Businesses should engage with and provide value to their customers and consumers in a responsible manner

1. What percentage of customer complaints/consumer cases are pending as on the end of financial year?

Detail of Complaints received during the financial year are as follows:

Type of Customers	Unresolved complaints carried forward from FY 2020-21	Fresh Complaints received in FY 2021-22	Complaints resolved in FY 2021-22	Complaints unresolved in FY 2021-22
Shareholders	0	3	3	0
Investors	695	15025	15244	476*

*All complaints stand resolved as on the date of this report.

2. Does the Company display product information on the product label, over and above what is mandated as per local laws?

The above question is not applicable to the Company, as we are not a manufacturing company. The Company is a service body and the service information is regulated by our governing body Securities and Exchange Board of India.

3. Is there any case filed by any stakeholder against the Company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behavior during the last five years and pending as on end of financial year.

There were no cases filed by any of our stakeholders.

4. Did your Company carry out any consumer survey/ consumer satisfaction trends?

On a regular basis, the Company measures the satisfaction level of its customers using its services across various touch points. As a part of spreading financial literacy across the country for investors, the Company with conducts Investor Awareness Programs (IAPs) where it covers in detail basics of capital market and various depository services provided and collect feedback from the attendees about the IAP. Statistically, the Company has found that most of the investors have expressed that they are satisfied with the IAPs conducted by the Company.

INDEPENDENT AUDITOR'S REPORT

To the Members of Central Depository Services (India) Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Central Depository Services (India) Limited ("the Company"), which comprise the Balance sheet as at March 31, 2022, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the

Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

Key audit matters	How our audit addressed the key audit matter
<p>Valuation of investments and its impairment (as described in note 4, 4.1 and 5 of the standalone financial statements)</p> <p>Quoted investments and unquoted equity investments, represents the most significant amount on the balance sheet.</p> <p>The total of these aggregating to Rs. 73,652.95 Lakhs representing 72% of total assets of the Company as at March 31, 2022.</p> <p>There is a risk that the fair value of investments is not determined appropriately. Accordingly, the valuation of investments and its impairment is considered as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> Assessed the design and implementation of controls over valuation and existence of investments. Traced the quantity held, from the confirmation obtained independently from Custodian and Fund houses. Tested the valuation of the quoted and unquoted investments to independent pricing sources. Assessed and tested the management procedures for performing impairment analysis of investments, wherever necessary.

Key audit matters	How our audit addressed the key audit matter
<p>Information Technology (IT) systems and controls</p> <p>The reliability of IT systems plays a key role in the business operations. Since large volume of transactions are processed, the IT controls are required to ensure that systems process data as expected and there are adequate controls in respect of changes made to the IT systems.</p> <p>The IT infrastructure is critical for smooth functioning of the Company's business operations as well as for timely and accurate financial accounting and reporting.</p> <p>Due to the pervasive nature and complexity of the IT environment and large volume of transactions we have considered IT systems and controls as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> Assessed the information systems used by the Company for IT General Controls (ITGC) and Application controls; The aspects covered in the IT systems General Control audit were (i) User Access Management (ii) Program Change Management (iii) Other related ITGCs; - to understand the design and test the operating effectiveness of such controls in the system; Performed tests of controls (including other compensatory controls wherever applicable) on the IT application controls and IT dependent manual controls in the system; Tested the design and operating effectiveness of compensating controls, where deficiencies were identified and, where necessary, extended the scope of our substantive audit procedures.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015,

as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could

reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical

requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Re: Central Depository Services (India) Limited

ANNEXURE 2 referred to in paragraph 2 (f) under the heading “Report on other legal and regulatory requirements” of our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to standalone financial statements of Central Depository Services (India) Limited (“the Company”) as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of

Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to these standalone financial statements.

Meaning of Internal Financial Controls With Reference to these Standalone Financial Statements

A company’s internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of

financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk

that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

SIGNIFICANT ACCOUNTING POLICIES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

1 Company Overview

- 1.1 Central Depository Services (India) Limited (“CDSL”) herein after referred to as “the Company” is a limited company incorporated in India. The registered office of the Company is at 2501, A-Wing, Marathon Futurex, N. M. Joshi Marg, Lower Parel, Mumbai – 400 013. CDSL was set up with the objective of providing convenient, dependable and secure depository services at affordable cost to all market participants. A depository facilitates holding of securities in the electronic form and enables securities transactions to be processed by book entry by a Depository Participant (DP) who acts as an agent of the depository, offers depository services to investors.
- 1.2 The equity shares of the Company are listed on the National Stock Exchange of India Limited.
- 1.3 The Standalone financial statements were authorized for issue by the Company’s Board of Directors on April 29, 2022.

2 Significant Accounting Policies

2.1 Basis of preparation and presentation

2.1.1 Statement of compliance

- a) The standalone financial statements as at and for the year ended March 31, 2022 have been prepared in accordance with Indian Accounting Standards (“Ind AS”) notified under section 133 of the Companies Act 2013, read together with the companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 as amended time to time and the standalone financial statement also complies with presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III).

2.1.2 Basis of measurement

- a) The standalone financial statements have been prepared and presented under the historical cost convention, except for certain items that have been measured at fair values at the end of each reporting period as required by the relevant Ind AS:
 - i. Financial assets and liabilities measured at fair value (refer accounting policy at 2.2.4).
 - ii. Employee benefits (Gratuity and Compensated absences) (refer accounting policy at 2.2.13).

2.1.3 Functional and presentation currency

- a) The Standalone financial statements of the Company are presented in Indian rupees, the national currency of India, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates. All financial information presented in Indian rupees has been rounded off to the nearest lakh upto two decimal except share and per share data in terms of Schedule III unless otherwise stated.

2.1.4 Use of estimates and judgment

- a) The preparation of standalone financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, disclosure of contingent assets and disclosure of contingent liabilities. Actual results may differ from these estimates.
- b) Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:
 - i. **Income taxes:** The Company’s tax jurisdiction is in India. Significant judgments are involved in determining the provision for income taxes, deferred tax assets and liabilities including the amount expected to be paid or recovered in connection with uncertain tax positions.
 - ii. **Employee Benefits:** Defined employee benefit assets / liabilities determined based on the present value of future obligations using assumptions determined by the Company with advice from an independent qualified actuary.
 - iii. **Property plant and equipment and Intangible assets:** The charge in respect

of periodic depreciation/amortization is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of the Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

- iv. **Impairment of trade receivables:** The Company estimates the probability of collection of accounts receivable by analysing historical payment patterns, customer status, customer credit-worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances may be required.
- v. **Fair value measurement of financial instruments:** The Company estimates fair values of the unquoted equity shares using discounted cash flow model. The valuation requires management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility, the probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for these unquoted equity investments (refer note 29).

2.2 Summary of significant accounting policies

2.2.1 Revenue

- a) The Company has applied Ind AS 115 Revenue from Contracts with Customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue. The Company has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e. April 1, 2018). There was no impact on the adoption of the standard on the standalone financial statements of the Company.
- b) The Company derives revenue primarily from services to corporates and capital market intermediary services. The Company recognises

revenue when the significant terms of the arrangement are enforceable, services have been delivered and the collectability is reasonably assured. The method for recognizing revenues and costs depends on the nature of the services rendered:

- i. **Time and service contracts:** Revenues and costs relating to time and service contracts are recognised as the related services are rendered.
- ii. **Annual /monthly fee contracts:** Revenue from annual fee contracts is recognised proportionately over the period of the contract. When services are performed through an indefinite number of repetitive acts over a specified period of time, revenue is recognised on a straight line basis over the specified period or under some other method that better represents the stage of completion.

The Company accounts for volume discounts and pricing incentives to customers by reducing the amount of revenue.

Interest is recognized on a time proportionate basis taking into account the amount outstanding and the rate applicable.

2.2.2 Foreign currency transactions and balances

- a) Transactions in foreign currency are translated into the respective functional currencies using the exchange rates prevailing at the dates of the respective transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Profit and Loss and reported within foreign exchange gains/ (losses).

2.2.3 Investments in subsidiaries and associates

- a) Investments in subsidiaries and associates are measured at cost. Dividend income if any from subsidiaries and associates is recognised when its right to receive the dividend is established.

2.2.4 Financial instruments

- a) Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

- b) All financial instruments are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.
- c) Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trade) are recognised on trade date.
- d) For the purpose of subsequent measurement, financial instruments of the Company are classified in the following categories: financial assets (debt instrument) comprising amortised cost, financial assets (debt instrument) comprising Fair Value Through Other Comprehensive Income ("FVTOCI"), financial asset (equity instruments) at Fair value Through Profit and Loss account ("FVTPL") and FVTOCI and financial liabilities at amortised cost or FVTPL.
- e) The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.
- f) The classification of financial instruments depends on the objective of the business model for which it is held. Management determines the classification of its financial instruments at initial recognition.
- g) All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

2.2.5 Financial Assets

a) Financial assets (debt instruments) at amortised cost

- i. A financial asset shall be measured at amortised cost if both of the following conditions are met:
 - the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
 - the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding ("SPPI").
- ii. They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortized cost using the effective interest method, less any impairment loss.
- iii. Amortised cost are represented by investment in interest bearing debt instruments, trade receivables, security deposits, cash and cash equivalents, employee and other advances and eligible current and non-current assets.
- iv. Cash and cash equivalents comprise cash on hand and in banks and demand deposits with banks with original maturity less than 3 months which can be withdrawn at any time without prior notice or penalty on the principal except for earmarked balances
- v. For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand, book overdraft and are considered part of the Company's cash management system.

b) Financial assets (debt instruments) at FVTOCI

- i. A debt instrument shall be measured at fair value through other comprehensive income if both of the following conditions are met:
 - The objective of the business model is achieved by both collecting contractual cash flows and selling financial assets and
 - The asset's contractual cash flow represents Solely Payment of principal and interest (SPPI). Debt instruments included within FVTOCI category are measured initially as well as at each reporting period at fair value plus transaction costs."
- ii. Fair value movements are recognised in other comprehensive income (OCI). However, the Company recognises interest income, impairment losses and reversals and foreign exchange gain or loss in profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to profit and loss. Interest earned is recognised under the effective interest rate (EIR) model.
- iii. Currently the Company has not classified any interest bearing debt instruments under this category.

c) Equity instruments at FVTOCI and FVTPL

- i. All equity instruments are measured at fair value other than investments in unquoted equity shares including investment in subsidiaries and associates. Equity instruments held for trading is classified as FVTPL. For all other equity instruments, the Company may make an irrevocable election to present subsequent changes in the fair value in OCI. The Company makes such election on an instrument-by-instrument basis.
- ii. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividend are recognised in OCI which is not subsequently reclassified to profit or loss.
- iii. Currently the Company has not classified any equity instrument at FVTOCI.

- iv. If the Company decides to classify an equity instrument as at FVTPL, then all fair value changes on the instrument and dividend are recognised in Profit or Loss.

d) Financial assets at FVTPL

FVTPL is a residual category for financial assets. Any financial asset which does not meet the criteria for categorization as at amortised cost or as FVTOCI, is classified as FVTPL. In addition the Company may elect to designate the financial asset, which otherwise meets amortised cost or FVTOCI criteria, as FVTPL if doing so eliminates or significantly reduces a measurement or recognition inconsistency.

e) Earmarked Funds

Earmarked Funds includes bonus payable to Key Management Personnel of the Company, held for specific purposes as per the SEBI (Depositories and Participants) Regulations 2018. These amounts are invested in mutual fund units / bank fixed deposits and the same are earmarked in the Balance Sheet. Investment income earned on financial instrument is credited to respective earmarked liabilities and not credited to the Statement of Profit or Loss. The Gain / (Loss) on changes in fair value of mutual fund units of such investments are shown as liabilities / assets and are not routed through the statement of Profit or Loss.

2.2.6 Financial liabilities
a) Financial liabilities at amortised cost

Financial liabilities at amortised cost represented by trade and other payables are initially recognized at fair value, and subsequently carried at amortized cost using the effective interest method.

b) Financial liabilities at FVTPL

Financial liabilities at FVTPL represented by contingent consideration are measured at fair value with all changes recognised in the profit or loss.

c) Fair value of Financial Instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer

quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

d) Equity Instruments

Ordinary shares: Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are recognised as a deduction from equity, net of any tax effect (if any).

2.2.7 Property, plant and equipment (PPE)

a) Recognition and measurement:

- i. Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset.
- ii. The Company had elected to consider the carrying value of all its property, plant and equipment appearing in the standalone financial statements prepared in accordance with Accounting Standards notified under the section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 and used the same as deemed cost in opening Ind AS Balance sheet prepared on April 1, 2016.

b) Derecognition of PPE:

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.2.8 Intangible assets

- a) Intangible assets purchased are measured at cost as of the date of acquisition less accumulated amortization and accumulated impairment, if any.
- b) Amortisation has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.
- c) Intangible assets consists of computer software.
- d) Amortisation methods, useful lives and residual values are reviewed at each reporting date, with the effect of any changes in estimate accounted for on a prospective basis.

2.2.9 Derecognition of intangible assets

- a) An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognised in profit or loss when the asset is derecognised.

2.2.10 Depreciation / Amortisation:

- a) Depreciation has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Name of Asset	Useful life as per Company's Act 2013 (Years)	Useful Life as per Company Policy (Years) (Till Dec 31, 2020)	Useful Life as per Company Policy (Years) (From Jan 1, 2021)
Computer Hardware	6	2	6
Computer software – Perpetual	3	2	3
Computer software – Subscription License	3	As per license period	As per license period
Furniture and Fixtures	10	5	5
Vehicle	8	4	4

- b) Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.
- c) Depreciation methods, useful life and residual values are reviewed at each reporting date, with the effect of any changes in estimate accounted for on a prospective basis.
- d) When parts of an item of property, plant and equipment have different useful life, they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure relating to property, plant and equipment is capitalized only when

it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognised in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the Standalone financial statements upon sale or disposition of the asset and the resultant gains or losses are recognised in the Profit or Loss.

Amounts paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work-in-progress. Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

2.2.11 Leases

a) As a Lessee:

- i. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.
 - ii. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:
 - the contract involves the use of an identified asset;
 - the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and
 - the Company has the right to direct the use of the asset.
 - iii. At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.
- iv. The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.
 - v. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.
 - vi. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.
 - vii. The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.
 - viii. For short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the lease term.

b) As a Lessor:

- i. Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the

lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature."

2.2.12 Impairment

a) Financial assets carried at amortised cost and FVTOCI

- i. In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.
- ii. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.
- iii. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL. Lifetime ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
 - Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.
- iv. The Company has used a practical expedient by computing the expected credit loss allowance for trade receivable based on a detailed analysis of trade receivable by individual departments."
 - v. ECL impairment loss allowance (or reversal) during the period is recognised as expense/income in the Statement of Profit and Loss.
 - vi. Financial assets measured at amortised cost, contractual revenue receivable: ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

b) Non-financial assets

- i. The Company assesses at each reporting date whether there is any observable evidence that a non-financial asset or a company of non-financial assets is impaired. If any such indication exists, the Company estimates the amount of impairment loss. An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in Statement of profit and loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, then the previously recognised

impairment loss is reversed through statement of profit and loss.

- ii. The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

2.2.13 Employee benefits

- a) The Company participates in various employee benefit plans. Post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the Company's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related actuarial and investment risks fall on the employee. The expenditure for defined contribution plans is recognized as expense during the period when the employee provides service. Under a defined benefit plan, it is the Company's obligation to provide agreed benefits to the employees. The related actuarial and investment risks fall on the Company. The present value of the defined benefit obligations is calculated using the projected unit credit method.

- i. Short term employee benefits: Performance linked bonus is provided as and when the same is approved by the management.
- ii. Post-employment benefits and other long term employee benefits are treated as follows:

- **Defined Contribution Plans**

Provident Fund: The Provident fund plan is operated by Regional Provident Fund Commissioner (RPFC) and the contribution thereof are paid / provided for.

Contributions to the defined contribution plans are charged to profit or loss for the respective financial year as and when services are rendered by the employees.

- **Defined Benefits Plans**

Gratuity: In accordance with the Payment of Gratuity Act, 1972, the Company provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the Company. Gratuity for employees is covered by Gratuity Scheme with Life Insurance Corporation of India and the contribution thereof is paid / provided for. Provision for gratuity is made on the basis of actuarial valuation on Projected Unit Credit Method as at the end of the year.

Remeasurement gains or losses are recognised in other comprehensive income. Further, the profit or loss does not include an expected return on plan assets. Instead net interest recognised in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognised as part of re-measurement of net defined liability or asset through Other Comprehensive Income.

Remeasurements comprising gains or losses and return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are not reclassified to profit or loss in subsequent periods.

Compensated absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as non-current employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year.

2.2.14 Provisions

- a) Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.
- b) The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.
- c) When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.
- d) Provisions for onerous contracts are recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are measured at the present value of lower of the expected net cost of fulfilling the contract and the expected cost of terminating the contract.
 - i. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.
 - ii. Provisions are reviewed at each balance sheet date adjusted to reflect the current best estimates. Contingent assets and contingent liabilities are not recognised but disclosed in the Standalone Financial Statements when economic inflow is probable.

2.2.15 Investment income

- a) Investment income consists of interest income on funds invested, dividend income and gains on the disposal of FVTPL financial assets.

- b) Interest income on bond is recognised as it accrues in the Profit or Loss, using the effective interest method and interest income on deposits with banks is recognised on a time proportion accrual basis taking into the account the amount outstanding and the rate applicable.
- c) Dividend income is recognised in the Profit or Loss on the date that the Company's right to receive payment is established.

2.2.16 Income tax

- a) Income tax comprises current and deferred tax. Income tax expense is recognized in profit or loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

i. Current income tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted at the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

ii. Deferred tax

Deferred tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in standalone financial statements, except when the deferred tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred

tax liabilities are recognised for all taxable temporary differences.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The Company recognises interest levied and penalties related to income tax assessments in income tax expenses.

2.2.17 Earnings per share

- a) The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period.
- b) Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

2.2.18 Current / Non-current classification

- a) The Company present assets and liabilities in the balance sheet based on current/non-current classification
- b) **Assets:** An asset is classified as current when it satisfies any of the following criteria:
 - i. it is expected to be realised in, or is intended for sale or consumption in, the entity's normal operating cycle;
 - ii. it is held primarily for the purpose of being traded;
 - iii. it is expected to be realised within twelve months after the balance sheet date
 - iv. it is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at-least twelve months after the balance sheet date
 - v. All other assets are classified as non-current.
- c) **Liabilities:** A liability is classified as current when it satisfies any of the following criteria:
 - i. it is expected to be settled in, the entity's normal operating cycle;
 - ii. it is held primarily for the purpose of being traded; it is due to be settled within twelve months after the balance sheet date
 - iii. the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the balance sheet date.
 - iv. All other liabilities are classified as non-current

2.2.19 Operating Cycle

- a) Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

2.2.20 Assets held for sale and discontinued operations

The company classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use.

Non-current assets and disposal groups classified as held for sale are measured at the lower of their

carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset (disposal group), excluding finance costs and income tax expense. The criteria for held for sale classification is regarded as met only when the sale is highly probable, and the asset or disposal group is available for immediate sale in its present condition. Actions required to complete the sale/ distribution should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale and the sale expected within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets or disposal group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal groups), its sale is highly probable; and it will genuinely be sold, not abandoned. The group treats sale of the asset or disposal group to be highly probable when:

- a The appropriate level of management is committed to a plan to sell the asset (or disposal group),
- b An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- c The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- d The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- e Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Property, plant and equipment and intangible are not depreciated, or amortised assets once classified as held for sale.

Assets and liabilities classified as held for sale are presented separately from other items in the balance sheet.

2.3 New and amended standards

The Company has applied for the first-time certain standards and amendments, which are effective for annual periods beginning on or after 1 Apr 2021. The Company has not early adopted any other standard or amendment that has been issued but is not yet effective:

2.3.1 Interest Rate Benchmark Reform – Phase 2: Amendments to Ind AS 109, Ind AS 107, Ind AS 104 and Ind AS 116

The amendments provide temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR).

The amendments include the following practical expedients:

- a) A practical expedient to require contractual changes, or changes to cash flows that are directly required by the reform, to be treated as changes to a floating interest rate, equivalent to a movement in a market rate of interest
- b) Permit changes required by IBOR reform to be made to hedge designations and hedge documentation without the hedging relationship being discontinued
- c) Provide temporary relief to entities from having to meet the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component

These amendments had no impact on the standalone financial statements of the Company

2.3.2 Conceptual framework for financial reporting under Ind AS issued by ICAI

The Framework is not a Standard and it does not override any specific standard. Therefore, this does not form part of a set of standards pronounced by the standard-setters. While, the Framework is primarily meant for the standard-setter for formulating the standards, it has relevance to the preparers in certain situations such as to develop consistent accounting policies for areas that are not covered by a standard or where there is choice of accounting policy, and to assist all parties to understand and interpret the Standards.

The amendments made in following standards due to Conceptual Framework for Financial Reporting under Ind AS .includes amendment of the footnote to the definition of an equity instrument in Ind AS

102- Share Based Payments, footnote to be added for definition of liability i.e. definition of liability is not revised on account of revision of definition in conceptual framework in case of Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets etc.

The MCA has notified the Amendments to Ind AS consequential to Conceptual Framework under Ind AS vide notification dated June 18, 2021, applicable for annual periods beginning on or after April 1, 2021. Accordingly, the Conceptual Framework is applicable for preparers for accounting periods beginning on or after 1 April 2021.

These amendments had no impact on the standalone financial statements of the Company.

2.3.3 Ind AS 116: COVID-19 related rent concessions

MCA issued an amendment to Ind AS 116 Covid-19-Related Rent Concessions beyond 30 June 2021 to update the condition for lessees to apply the relief to a reduction in lease payments originally due on or before 30 June 2022 from 30 June 2021. The amendment applies to annual reporting periods beginning on or after 1 April 2021. In case a lessee has not yet approved the financial statements for issue before the issuance of this amendment, then the same may be applied for annual reporting periods beginning on or after 1 April 2020.

These amendments had no impact on the standalone financial statements of the Company.

2.3.4 Ind AS 103: Business combination

The amendment states that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Framework for the Preparation and Presentation of Financial Statements in accordance with Indian Accounting Standards* issued by the Institute of Chartered Accountants of India at the acquisition date. Therefore, the acquirer does not recognise those costs as part of applying the acquisition method. Instead, the acquirer recognises those costs in its post-combination financial statements in accordance with other Ind AS.

These amendments had no impact on the Standalone financial statements of the Company.

2.3.5 Amendment to Ind AS 105, Ind AS 16 and Ind AS 28

The definition of "Recoverable amount" is amended such that the words "the higher of an asset's fair value less costs to sell and its value in use" are replaced with "higher of an asset's fair value less costs of disposal and its value in use". The consequential amendments are made in Ind AS 105, Ind AS 16 and Ind AS 28.

These amendments had no impact on the Standalone financial statements of the Company.

Equity	1,000.00	-	Level 1	Transaction Price
Equity	436.49	328.40	Level 3	Net Asset Method

There were no transfers between Level 1, 2 and 3 during the years.

The management assessed that fair value of cash and bank balances, fixed deposits, trade receivables, and trade payables and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- i. The fair value of the quoted bonds and mutual fund are based on price quotations at reporting date. The fair value of unquoted instruments and other financial liabilities, as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities.
- ii. The fair values of the unquoted equity shares have been estimated using a discounted cash flow model. The valuation requires the management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility, the probabilities of the various estimates within the range can be reasonably assessed and are used in the management's estimate of fair value for these unquoted equity investments.

Disclosure for Level 3

The fair values of the unquoted equity shares have been estimated based on net asset method as per latest financials available.

30 Financial Risk Management

The Company's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to support its operations. The Company's principal financial assets include trade and other receivables, and cash and short-term deposits that derive directly from its operations.

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk, market risk (including foreign currency and interest rate risk) and regulatory risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

- Trade and other receivables"**

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer.

The demographics of the customer, including the default risk of the industry in which the customer operates, also has an influence on credit risk assessment.

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due of various types of customers (i.e. issuers, DP, RTA, etc). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company evaluates the concentration of risk with respect to trade receivables as low.

Following customers accounted for more than 10% of the receivables as at March 31, 2022 and revenue for the year ended March 31, 2022.

Particulars	₹ In Lakhs	10% of the receivable and revenue

Revenue	27,058.39	Customer 1 – 2,794.70 Lakh (10%)
Receivables	2,163.13	Customer 1 – 305.67 Lakh (14%)

- Investments**

The Company limits its exposure to credit risk by making investment as per the investment policy. Further investment committee of the Company review the investment portfolio on monthly basis and recommend or provide suggestion to the management. The company does not expect any losses from non- performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. The management monitors the Company's net liquidity position through forecasts on the basis of expected cash flows.

The Company's business, financial condition and results of operations are highly dependent upon the levels of activity in the capital markets and in particular upon the trading volume on stock exchanges, the number of listed securities, the number of new listings and subsequent issuances and introduction of new services which will ease in doing business in capital markets.

In addition to the above risk, market risk also include following:

- **Foreign Currency risk**

The Company's foreign currency risk arises in respect of foreign currency transactions. The Company's foreign currency expenses is insignificant, while a significant portion of its costs are in Indian rupees.

As a result, if the value of the Indian rupee appreciates relative to these foreign currencies, the Company's expenses measured in rupees may decrease. Due to lesser quantum of expenses from foreign currencies, the Company is not much exposed to foreign currency risk.

- **Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term / short- term investment with floating interest rates.

All investment in Debentures and Bonds are at fixed rate of Interest and does not have material interest rate risks. The Company's investments in floating rate are primarily in FMPs of mutual funds, which do not expose it to significant interest rate risk. The Company's exposure to assets having price risk is as under:

36 Employee benefits

36.1 Defined benefits plan – Gratuity

Gratuity is administered through Gratuity Scheme with Life Insurance Corporation of India (LIC). The LIC raises demand for annual contribution for gratuity amount based on its own computation without providing entire details as required by the Ind AS 19 "Employee Benefits". Hence the Company obtains separate actuarial valuation report as required under Ind AS 19 "Employee Benefits" from an independent Actuary. The expected return on plan assets is based on market expectation at the beginning of the year, for the returns over the entire life of the related obligations.

Such plan exposes the Company to actuarial risks such as: investment risk, interest rate risk, demographic risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to market yields at the end of the reporting period on government bond yields; if the return on plan asset is below this rate, it will create a plan deficit. Currently the plan has a relatively balanced investment in equity securities and debt instruments.
Interest risk	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.
Demographic risk	This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, medical cost inflation, discount rate and vesting criteria.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Company has received the Gratuity fund statement from LIC till December 2021. The Company has not received fund statement from LIC till March 2022. Hence, for the purpose of calculation of plan asset as on March 2022 company has prepared fund movement as per the company's records and rate of return on plan asset is estimated @ 6.95% p.a. as per actuarial report.

36.2 Compensated Absences

The employees of the Company are entitled to compensated absences. The employees can carry forward a portion of the unutilised accumulating compensated absences and utilise it in future periods or receive cash at retirement or termination of employment. The Company records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Company measures the expected cost of compensated absences as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Company recognizes accumulated compensated absences based on actuarial valuation. Non-accumulating compensated absences are recognized in the period in which the absences occur. The Company recognizes remeasurement gains or losses immediately in the statement of profit and loss.

During the year ended March 31, 2022 an amount recognized as an expense in respect of compensated leave absences is ₹ 184.26 lakh, (Previous year ended March 31, 2021 is ₹ 207.25 lakh).

37. As per the rule the Securities and Exchange Board of India (Depositories and Participants) (Amendment) Regulations, 2016 (the "Amended Regulations"). The Company has determined the IPF contribution at 5% of profit from depository operation after making such contribution according to the Amended Regulations. The profit from depository operations has been determined by reducing the other income for the year from the Net profit before exceptional items and tax for the year after making such contribution. - 38.** SEBI vide its circular no. CIR/MRD/DP/18/2015 dated December 9, 2015 (the "Circular") has revised the annual custody/issuer charges to be collected by the depositories from the issuers with effect from financial year 2015-16. With an objective of promoting financial inclusion and expanding the reach of depository services through depository participants (DPs) in tier II and tier III towns, the Circular recommends that the Depository Participants (DPs) be incentivised by way of two schemes. In the first scheme, the depositories shall pay the DPs an incentive of ₹ 100/- for every new Basic Services Demat Accounts (BSDA) opened by their participants in specified cities mentioned in the Circular. In the second scheme, the depositories may pay ₹ 2 per folio per ISIN to the respective depository participants (DPs), in respect of the ISIN positions held in BSDA across all BSDA accounts in the depository. In order to manage the aforementioned incentive schemes, the Circular has directed the Depositories to set aside 20% of the incremental revenue received from the issuers.

Pursuant to the Circular, the Company has set aside ₹ 586.18 lakh during the year ended March 31, 2022 (₹ 437.29 lakh during the year ended March 31, 2021) being 20% of the incremental revenue received from issuers during the respective years, towards the DP incentive scheme.

INDEPENDENT AUDITOR'S REPORT

To the Members of Central Depository Services (India) Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Central Depository Services (India) Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associate comprising of the consolidated Balance sheet as at March 31, 2022, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, associate, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associate as at March 31, 2022, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in

the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group and its associate, in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Key audit matters	How our audit addressed the key audit matter
<p>Valuation of investments and its impairment (as described in note 4 of the consolidated financial statements)</p> <p>Quoted investments and unquoted equity investments, represents the most significant amount on the balance sheet.</p> <p>The total of these aggregating to Rs.92,549.03 lakhs represented 70% of total assets of the Group as at March 31, 2022.</p> <p>There is a risk that the fair value of investments is not determined appropriately. Accordingly, the valuation of investments and its impairment is considered as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> Assessed the design and implementation of controls over valuation and existence of investments. Traced the quantity held, from the confirmation obtained independently from Custodian and Fund houses. Tested the valuation of the quoted and unquoted investments to independent pricing sources. Assessed and tested the management procedures for performing impairment analysis of investments.

Key audit matters	How our audit addressed the key audit matter
<p>IT systems and controls</p> <p>As a Depository, the reliability of IT systems plays a key role in the business operations. Since large volume of transactions are processed, the IT controls are required to ensure that systems process data as expected and that changes are made in an appropriate manner.</p> <p>The IT infrastructure is critical for smooth functioning of the Group's business operations as well as for timely and accurate financial accounting and reporting.</p> <p>Due to the pervasive nature and complexity of the IT environment and large volume of transactions we have considered IT systems and controls as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> Assessed the information systems used by the Company for IT General Controls (ITGC) and Application controls; The aspects covered in the IT systems General Control audit were (i) User Access Management (ii) Program Change Management (iii) Other related ITGCs; - to understand the design and test the operating effectiveness of such controls in the system; Performed tests of controls (including other compensatory controls wherever applicable) on the IT application controls and IT dependent manual controls in the system. Tested the design and operating effectiveness of compensating controls, where deficiencies were identified and, where necessary, extended the scope of our substantive audit procedures.

Information Other than the Financial Statements and Auditor's report thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of the Board of Directors for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards)

Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and of its associate and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group and of its associate are also responsible for overseeing the financial reporting process of the Group and of its associate.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole

are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial

statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements and other financial information, in respect of two subsidiaries, whose financial statements include total assets of Rs 32,211.16 lakhs as at March 31, 2022, and total revenues of Rs 15,201.07 lakhs and net cash inflows of Rs 76.27 lakhs for the year ended on that date. These financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. The consolidated financial statements

also include the Group's share of total comprehensive loss of Rs. 90.99 Lakhs for the year ended March 31, 2022, in respect of one associate, whose financial statements, other financial information have been audited by other auditor and whose report has been furnished to us by the Management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associate, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associate, is based solely on the reports of such other auditors.

Re: Central Depository Services (India) Limited

ANNEXURE 2 referred to in paragraph 1(f) under the heading “Report on other legal and regulatory requirements” of our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of Central Depository Services (India) Limited (hereinafter referred to as the “Holding Company”) as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”) and its associate, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group and its associate, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Holding Company’s internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls With Reference to Consolidated Financial Statements

A company’s internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of

changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group and its associate, which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls

with reference to consolidated financial statements of the Holding Company, in so far as it relates to these two subsidiaries and one associate, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries and associate.

SIGNIFICANT ACCOUNTING POLICIES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

1 Company Overview

1.1 Central Depository Services (India) Limited (“CDSL”) herein after referred to as the “Parent Company” or “Company” is a limited company incorporated in India under the provisions of the Companies Act, 1956. The registered office of the Parent Company is at 2501, A-Wing, Marathon Futurex, N. M. Joshi Marg, Lower Parel, Mumbai-400013. CDSL was set up with the objective of providing convenient, dependable and secure depository services at affordable cost to all market participants. A depository facilitates holding of securities in the electronic form and enables securities transactions to be processed by book entry by a Depository Participant (DP) who acts as an agent of the depository, offers depository services to investors.

1.2 The equity shares of the Parent Company are listed on the National Stock Exchange of India Limited.

1.3 The consolidated financial statements were authorized for issue by the Parent Company’s Board of Directors on April 29, 2022.

2 Significant Accounting Policies

2.1 Basis of preparation and presentation

2.1.1 Statement of compliance

- a) The Consolidated financial statements as at and for the year ended March 31, 2022 have been prepared in accordance with Indian Accounting Standards (“Ind AS”) notified under Section 133 of the Companies Act 2013, read together with the companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 as amended time to time and the financials also complies with presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III).

2.1.2 Basis of measurement

- a) The Consolidated financial statements have been prepared and presented under the historical cost convention, except for certain items that have been measured at fair values at the end of each reporting period as required by the relevant Ind AS:
 - i. Financial assets and liabilities measured at fair value (refer accounting policy at 2.3.3).

- ii. Employee benefits (Gratuity and Compensated absences) (refer accounting policy at 2.3.12).

2.2 Basis of Consolidation

2.2.1 The consolidated financial statements incorporate the financial statements of the Parent Company, its subsidiaries and associates (the Group). Control is achieved when the Parent Company:

- a) has power over the investee;
- b) is exposed, or has rights, to variable returns from its involvement with the investee; and
- c) has the ability to use its power to affect its returns.

2.2.2 The Parent Company reassesses whether or not it controls an investee, if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

2.2.3 When the Parent Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Parent Company considers all relevant facts and circumstances in assessing whether or not the Company’s voting rights in an investee are sufficient to give it power, including:

- a) the size of the Parent Company’s holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- b) potential voting rights held by the Parent Company, other vote holders or other parties;
- c) rights arising from other contractual arrangements; and
- d) any additional facts and circumstances that indicate that the Parent Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders’ meetings.

2.2.4 Consolidation of a subsidiary begins when the Parent Company obtains control over the subsidiary and ceases when the Parent Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit

and loss from the date the Company gains control until the date when the Company ceases to control the subsidiary.

2.2.5 Profit or loss and each component of other comprehensive income are attributed to the owners of the Parent Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

2.2.6 When necessary, adjustments are made to the consolidated financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

2.2.7 All intragroup assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

2.2.8 The subsidiary and associate companies considered in the consolidated financial statements are:-

Name of Subsidiary	Country of Incorporation	Principal Activity	Proportion of Ownership Interest as on March 31, 2022	Proportion of Ownership Interest as on March 31, 2021
CDSL Ventures Limited	India	KYC Registration	100.00%	100.00%
CDSL Insurance Repository Limited			54.25%	54.25%
- On its own name	India	Holding insurance policies in electronic mode	51.00%	51.00%
- Through CDSL Ventures Limited.			3.25%	3.25%
CDSL Commodity Repository Limited	India	Commodity Repository	52.00%	52.00%
CDSL IFSC Limited	India	Depository	100.00%	Equity Share capital not subscribed as on March 31, 2021
India International Bullion holding IFSC Limited	India	Finance company undertaking specialized activity - Holding Company for Bullion Project	20.00%	-

On March 30, 2021, CDSL IFSC Limited was incorporated for carrying out depository business (including foreign depository) from GIFT IFSC after receipt of all regulatory / statutory approvals. CDSL holds 100% of CDSL IFSC Limited and accordingly considered for preparation of consolidated financial statements.

2.2.9 A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary
- Derecognises the carrying amount of any non-controlling interests
- Derecognises the cumulative translation differences recorded in equity
- Recognises the fair value of the consideration received
- Recognises the fair value of any investment retained
- Recognises any surplus or deficit in profit or loss

2.2.10 Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities

2.2.11 Non-Controlling interest in the net assets of the consolidated subsidiaries consist of the amount of equity attributable to the minority shareholders at the date on which investments in the subsidiary companies were made and further movements in their share in the equity, subsequent to the dates of investments. Net profit / loss for the year of the subsidiaries attributable to Non-Controlling interest is identified and adjusted against the profit after tax of the Group in order to arrive at the income attributable to shareholders of the Parent Company.

2.2.12 Consolidation procedure:

- a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

2.2.13 Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

2.2.14 Functional and presentation currency

The consolidated financial statements of the Group are presented in Indian rupees, the national currency of India, which is the functional currency of the Group and the currency of the primary economic environment in which the Group operates. All financial information presented in Indian rupees has been rounded to the nearest lakh upto two decimal except share and per share data in terms of Schedule III unless otherwise stated.

2.2.15 Use of estimates and judgment

- a) The preparation of consolidated financial statements in conformity with Ind AS requires

the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, disclosure of contingent assets and disclosure of contingent liabilities. Actual results may differ from these estimates.

- b) Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:
 - i. Income taxes: The Group's tax jurisdiction is in India. Significant judgments are involved in determining the provision for income taxes, deferred tax assets and liabilities including the amount expected to be paid or recovered in connection with uncertain tax positions.
 - ii. Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that in the separate financial statements of the subsidiary there will be normal income tax payable. Accordingly, MAT is recognised as a deferred tax asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow within permissible time limit under Income Tax Act, 1961 to the extent MAT asset recognised."
 - iii. Employee Benefits: Defined employee benefit assets / liabilities determined based on the present value of future obligations using assumptions determined by the Group with advice from an independent qualified actuary.
 - iv. Property plant and equipment and Intangible assets: The charge in respect of periodic depreciation / amortization is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values

of the Group assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

- v. Impairment of trade receivables: The Group estimates the probability of collection of accounts receivable by analyzing historical payment patterns, customer status, customer credit-worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances may be required
- vi. Fair value measurement of financial instruments: The Group estimates fair values of the unquoted equity shares using discounted cash flow model. The valuation requires management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility, the probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for these unquoted equity investments (refer note 28).

2.3 Summary of significant accounting policies

2.3.1 Revenue

- a) The Group has applied Ind AS 115 Revenue from Contracts with Customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue. The Group has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e. April 1, 2018). There was no impact on the adoption of the standard on the consolidated financial statements of the Group.
- b) The Group derives revenue primarily from services to corporates and capital market intermediary services. The Group recognises revenue when the significant terms of the arrangement are enforceable, services have been delivered and the collectability is reasonably assured. The method for recognizing revenues and costs depends on the nature of the services rendered:

- i. **Time and service contracts:** Revenues and costs relating to time and service contracts are recognised as the related services are rendered.
- ii. **Annual / monthly fee contracts:** Revenue from annual fee contracts is recognised proportionately over the period of the contract. When services are performed through an indefinite number of repetitive acts over a specified period of time, revenue is recognised on a straight line basis over the specified period or under some other method that better represents the stage of completion.
- c) The Group accounts for volume discounts and pricing incentives to customers by reducing the amount of revenue.
- d) Interest is recognized on a time proportionate basis taking into account the amount outstanding and the rate applicable.

2.3.2 Foreign currency transactions and balances

- a) In preparing the financial statements of each individual group entity, transactions in foreign currency are translated into the respective functional currencies using the exchange rates prevailing at the dates of the respective transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Profit and Loss and reported within foreign exchange gains/ (losses).

2.3.3 Financial instruments

- a) Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.
- b) All Financial instruments are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

- c) Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trade) are recognised on trade date.
 - d) For the purpose of subsequent measurement, financial instruments of the Group are classified in the following categories: financial assets (debt instrument) comprising amortised cost, financial assets (debt instrument) comprising Fair Value Through Other Comprehensive Income ("FVTOCI"), financial asset (equity instruments) at Fair value Through Profit and Loss account ("FVTPL") and FVTOCI and financial liabilities at amortised cost or FVTPL.
 - e) The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised from the Group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.
 - f) The classification of financial instruments depends on the objective of the business model for which it is held. Management determines the classification of its financial instruments at initial recognition.
- iii. Amortised cost are represented by investment in interest bearing debt instruments, trade receivables, security deposits, cash and cash equivalents, employee and other advances and eligible current and non-current assets.
 - iv. Cash and cash equivalents comprise cash on hand and in banks and demand deposits with banks with original maturity less than 3 months which can be withdrawn at any time without prior notice or penalty on the principal.
 - v. For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand, book overdraft and are considered part of the Group's cash management system.

b) Financial assets (debt instruments) at FVTOCI

- i. A debt instrument shall be measured at fair value through other comprehensive income if both of the following conditions are met:
 - The objective of the business model is achieved by both collecting contractual cash flows and selling financial assets and
 - The asset's contractual cash flow represents Solely Payment of principal and interest (SPPI). Debt instruments included within FVTOCI category are measured initially as well as at each reporting period at fair value plus transaction costs.
- ii. Fair value movements are recognised in other comprehensive income (OCI). However, the Group recognises interest income, impairment losses and reversals and foreign exchange gain or loss in profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to profit and loss. Interest earned is recognised under the effective interest rate (EIR) model.
- iii. Currently the Group has not classified any interest bearing debt instruments under this category.

2.3.4 Financial Assets

a) Financial assets (debt instruments) at amortised cost

- i. A financial asset shall be measured at amortised cost if both of the following conditions are met:
 - the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
 - the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding (SPPI).
- ii. They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortized cost using the effective interest method, less any impairment loss.

c) Equity instruments at FVTOCI and FVTPL

- i. All equity instruments are measured at fair value other than investments in unquoted equity shares including investment in subsidiaries. Equity instruments held for trading is classified as FVTPL. For all other equity instruments, the Group may make an irrevocable election to present subsequent changes in the fair value in OCI. The Group makes such election on an instrument-by-instrument basis.
- ii. If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividend are recognised in OCI which is not subsequently reclassified to profit or loss.
- iii. Currently the Group has not classified any equity instrument at FVTOCI.
- iv. If the Group decides to classify an equity instrument as at FVTPL, then all fair value changes on the instrument and dividend are recognised in Profit or Loss.

d) Financial assets at FVTPL

FVTPL is a residual category for financial assets. Any financial asset which does not meet the criteria for categorization as at amortised cost or as FVTOCI, is classified as FVTPL. In addition the Group may elect to designate the financial asset, which otherwise meets amortised cost or FVTOCI criteria, as FVTPL if doing so eliminates or significantly reduces a measurement or recognition inconsistency.

e) Earmarked Funds

Earmarked Funds includes bonus payable to Key Management Personnel of the Parent Company, held for specific purposes as per the SEBI (Depositories and Participants) Regulations 2018, Security against Bank Guarantees, Amount Unpaid against Dividend and Government securities. These amounts are invested in mutual fund units / bank fixed deposits and the same are earmarked in the Balance Sheet. Investment income earned on financial instrument is credited to respective earmarked liabilities and not credited to the Statement of Profit or Loss. The Gain / (Loss) on changes in fair value of mutual fund units of such investments are shown as liabilities / assets and are not routed through the Profit or Loss.

2.3.5 Financial liabilities

a) Financial liabilities at amortised cost

Financial liabilities at amortised cost represented by trade and other payables are initially recognized at fair value, and subsequently carried at amortized cost using the effective interest method.

b) Financial liabilities at FVTPL

Financial liabilities at FVTPL represented by contingent consideration are measured at fair value with all changes recognised in the profit or loss.

c) Fair value of Financial Instruments

In determining the fair value of its financial instruments, the Group uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

d) Equity Instruments

Ordinary shares: Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are recognised as a deduction from equity, net of any tax effect (if any).

2.3.6 Property, plant and equipment (PPE)

a) Recognition and measurement:

- i. Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset.
- ii. The Group had elected to consider the carrying value of all its property, plant and equipment appearing in the consolidated financial statements prepared in accordance with Accounting Standards notified under the Section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 and used the same as deemed cost in opening Ind AS Balance sheet prepared on April 1, 2016.

b) Derecognition of PPE:

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising

on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.3.7 Intangible assets

- a) Intangible assets purchased are measured at cost as of the date of acquisition less accumulated amortization and accumulated impairment, if any.
- b) Amortisation has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.
- c) Intangible assets consists of computer software.
- d) Amortisation methods, useful lives and residual values are reviewed at each reporting date, with the effect of any changes in estimate accounted for on a prospective basis.

2.3.8 Derecognition of intangible assets

- a) An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognised in profit or loss when the asset is derecognised.

2.3.9 Depreciation / Amortisation:

- a) Depreciation has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Name of Asset	Useful life as per Companies Act 2013 (Years)	Useful Life as per Group Policy (Years Till Dec 31, 2020)	Useful Life as per Group Policy (Years From Jan 1, 2021)
Computer Hardware	6	2	6
Computer software – Perpetual	3	2	3
Computer software – Subscription License	3	As per license period	As per license period
Furniture and Fixtures	10	5	5
Vehicle	8	4	4

- b) Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.
- c) Depreciation methods, useful life and residual values are reviewed at each reporting date, with the effect of any changes in estimate accounted for on a prospective basis.
- d) When parts of an item of property, plant and equipment have different useful life, they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Group and the cost of the item can be measured reliably. Repairs and maintenance costs are recognised in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the consolidated financial statements upon sale or disposition of the asset and the resultant gains or losses are recognised in the Profit or Loss.
- e) Amounts paid towards the acquisition of property, plant and equipment outstanding as of each reporting date and the cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work- in-progress. Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

2.3.10 Leases

a) As a Lessee:

- i. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.
- ii. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:
 - the contract involves the use of an identified asset;

- the Group has substantially all of the economic benefits from use of the asset through the period of the lease; and
 - the Group has the right to direct the use of the asset.
- iii. At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.
- iv. The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.
- v. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.
- vi. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.
- vii. The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.
- viii. For short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the lease term.
- b) As a Lessor:**
- Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.
- 2.3.11 Impairment**
- a) Financial assets carried at amortised cost and FVTOCI**
- i. In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.
- ii. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.
- iii. For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument improves such that there is no

longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL. Lifetime ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
 - Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.
- iv. The Group has used a practical expedient by computing the expected credit loss allowance for trade receivable based on a detailed analysis of trade receivable by individual departments.
 - v. ECL impairment loss allowance (or reversal) recognised during the period is recognised as income / expense in the Statement of Profit and Loss.
 - vi. Financial assets measured at amortised cost, contractual revenue receivable: ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

b) Non-financial assets

- i. The Group assesses at each reporting date whether there is any observable evidence that a non-financial asset or a

group of non-financial assets is impaired. If any such indication exists, the Group estimates the amount of impairment loss. An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in Statement of profit and loss and reflected in an allowance account. When the Group considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, then the previously recognised impairment loss is reversed through statement of profit and loss.

- ii. The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

2.3.12 Employee benefits

- a) The Group participates in various employee benefit plans. Post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the Group's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related actuarial and investment risks fall on the employee. The expenditure for defined contribution plans is recognized as expense during the period when the employee provides service. Under a defined benefit plan, it is the Group's obligation to provide agreed benefits to the employees. The related actuarial and investment risks fall on the Group. The present value of the defined benefit obligations is calculated using the projected unit credit method.

- i. Short term employee benefits: Performance linked bonus is provided as and when the same is approved by the management.
- ii. Post-employment benefits and other long term employee benefits are treated as follows:

- **Defined Contribution Plans**

Provident Fund: The Provident fund plan is operated by Regional Provident Fund Commissioner (RPFC) and the contribution thereof are paid / provided for.

Contributions to the defined contribution plans are charged to profit or loss for the respective financial year as and when services are rendered by the employees.

- **Defined Benefits Plans**

Gratuity: In accordance with the Payment of Gratuity Act, 1972, the Group provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the Group. Gratuity for employees is covered by Gratuity Scheme with Life Insurance Corporation of India and the contribution thereof is paid / provided for except for CDSL Commodity Repository Limited. Provision for gratuity is made on the basis of actuarial valuation on Projected Unit Credit Method as at the end of the year.

Remeasurement gains or losses are recognised in other comprehensive income. Further, the profit or loss does not include an expected return on plan assets. Instead net interest recognised in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognised as part of re-measurement of net defined liability or asset through Other Comprehensive Income.

Remeasurements comprising gains or losses and return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are not reclassified to profit or loss in subsequent periods.

Compensated absences: Accumulated compensated absences, which are

expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end. Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as non-current employee benefits. The Group's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year.

2.3.13 Provisions

- a) Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.
- b) The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.
- c) When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.
- d) Provisions for onerous contracts are recognised when the expected benefits to be derived by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are measured at the present value of lower of the expected net cost of fulfilling the contract and the expected cost of terminating the contract.
 - i. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.
 - ii. Provisions are reviewed at each balance sheet date adjusted to reflect the current best estimates. Contingent assets and contingent liabilities are not recognised

but disclosed in the Consolidated Financial Statements when economic inflow is probable.

2.3.14 Investment income

- a) Investment income consists of interest income on funds invested, dividend income and gains on the disposal of FVTPL financial assets.
- b) Interest income on bond is recognised as it accrues in the Profit or Loss, using the effective interest method and interest income on deposits with banks is recognised on a time proportion accrual basis taking into the account the amount outstanding and the rate applicable.
- c) Dividend income is recognised in the Profit or Loss on the date that the Group's right to receive payment is established.

2.3.15 Income tax

- a) Income tax comprises current and deferred tax. Income tax expense is recognized in profit or loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

i. Current income tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted at the reporting date and applicable for the period. The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

ii. Deferred tax

Deferred tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in consolidated financial statements, except when the deferred tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax liabilities are recognised for all taxable temporary differences.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The Group recognises interest levied and penalties related to income tax assessments in income tax expenses.

2.3.16 Earnings per share

- a) The Group reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period.
- b) Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for

each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

2.3.17 Current / Non-current classification

- a) The Group present assets and liabilities in the balance sheet based on current/non-current classification
- b) **Assets:** An asset is classified as current when it satisfies any of the following criteria:
 - i. it is expected to be realised in, or is intended for sale or consumption in, the entity's normal operating cycle;
 - ii. it is held primarily for the purpose of being traded;
 - iii. it is expected to be realised within twelve months after the balance sheet date
 - iv. it is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at-least twelve months after the balance sheet date
 - v. all other assets are classified as non-current.
- c) **Liabilities:** A liability is classified as current when it satisfies any of the following criteria:
 - i. it is expected to be settled in, the entity's normal operating cycle;
 - ii. it is held primarily for the purpose of being traded; it is due to be settled within twelve months after the balance sheet date
 - iii. the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the balance sheet date.
 - iv. all other liabilities are classified as non-current

2.3.18 Operating Cycle

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

2.3.19 Non-current assets held for sale and discontinued operations

The Group classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use.

Disposal groups classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset (disposal group), excluding finance costs and income tax expense.

The criteria for held for sale classification is regarded as met only when the sale is highly probable, and the asset or disposal group is available for immediate sale in its present condition. Actions required to complete the sale/ distribution should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale and the sale expected within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets or disposal group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal groups), its sale is highly probable; and it will genuinely be sold, not abandoned. The group treats sale of the asset or disposal group to be highly probable when:

- a) The appropriate level of management is committed to a plan to sell the asset (or disposal group),
- b) An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- c) The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- d) The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- e) Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Property, plant and equipment and intangible are not depreciated, or amortised assets once classified as held for sale.

Assets and liabilities classified as held for sale are presented separately from other items in the balance sheet.

2.4 New and amended standards

2.4.1 Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

2.4.2 Interest Rate Benchmark Reform – Phase 2: Amendments to Ind AS 109, Ind AS 107, Ind AS 104 and Ind AS 116

The amendments provide temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR).

The amendments include the following practical expedients:

- a) A practical expedient to require contractual changes, or changes to cash flows that are directly required by the reform, to be treated as changes to a floating interest rate, equivalent to a movement in a market rate of interest
- b) Permit changes required by IBOR reform to be made to hedge designations and hedge documentation without the hedging relationship being discontinued
- c) Provide temporary relief to entities from having to meet the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component

These amendments had no impact on the consolidated financial statements of the Group

2.4.3 Conceptual framework for financial reporting under Ind AS issued by ICAI

The Framework is not a Standard and it does not override any specific standard. Therefore, this does not form part of a set of standards pronounced by the standard-setters. While, the Framework is primarily meant for the standard-setter for formulating the standards, it has relevance to the preparers in certain situations such as to develop consistent accounting policies for areas that are not covered by a standard or where there is choice of accounting policy, and to assist all parties to understand and interpret the Standards.

The amendments made in following standards due to Conceptual Framework for Financial Reporting under Ind AS .includes amendment of the footnote to the definition of an equity instrument in Ind AS 102- Share Based Payments, footnote to be added for definition of liability i.e. definition of liability is not revised on account of revision of definition in conceptual framework in case of Ind AS 37 - Provisions,

Contingent Liabilities and Contingent Assets etc.

The MCA has notified the Amendments to Ind AS consequential to Conceptual Framework under Ind AS vide notification dated June 18, 2021, applicable for annual periods beginning on or after April 01, 2021. Accordingly, the Conceptual Framework is applicable for preparers for accounting periods beginning on or after April 01, 2021.

These amendments had no impact on the consolidated financial statements of the Group.

2.4.4 Ind AS 116: COVID-19 related rent concessions

MCA issued an amendment to Ind AS 116 Covid-19-Related Rent Concessions beyond June 30, 2021 to update the condition for lessees to apply the relief to a reduction in lease payments originally due on or before June 30, 2022 from June 30, 2021. The amendment applies to annual reporting periods beginning on or after April 01, 2021. In case a lessee has not yet approved the financial statements for issue before the issuance of this amendment, then the same may be applied for annual reporting periods beginning on or after April 01, 2020.

These amendments had no impact on the consolidated financial statements of the Group.

2.4.5 Ind AS 103: Business combination

The amendment states that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Framework for the Preparation and Presentation of Financial Statements in accordance with Indian Accounting Standards* issued by the Institute of Chartered Accountants of India at the acquisition date. Therefore, the acquirer does not recognise those costs as part of applying the acquisition method. Instead, the acquirer recognises those costs in its post-combination financial statements in accordance with other Ind AS.

These amendments had no impact on the consolidated financial statements of the Group.

2.4.6 Amendment to Ind AS 105, Ind AS 16 and Ind AS 28

The definition of "Recoverable amount" is amended such that the words "the higher of an asset's fair value less costs to sell and its value in use" are replaced with "higher of an asset's fair value less costs of disposal and its value in use". The consequential amendments are made in Ind AS 105, Ind AS 16 and Ind AS 28.

These amendments had no impact on the Consolidated financial statements of the Group.

There were no transfers between Level 1, 2 and 3 during the years.

The management assessed that fair value of cash and bank balances, fixed deposits, trade receivables, and trade payables and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The fair value of the quoted bonds and mutual fund are based on price quotations at reporting date. The fair value of unquoted instruments and other financial liabilities, as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities.
- The fair values of the unquoted equity shares have been estimated using a discounted cash flow model. The valuation requires the management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility, the probabilities of the various estimates within the range can be reasonably assessed and are used in the management's estimate of fair value for these unquoted equity investments.

Disclosure for Level 3

The fair values of the unquoted equity shares have been estimated based on net asset method as per latest financials available.

28 Financial Risk Management

The Group's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to support its operations. The Group's principal financial assets include trade and other receivables, and cash and short-term deposits that derive directly from its operations.

The Group's activities expose it to a variety of financial risks: credit risk, liquidity risk, market risk (including foreign currency and interest rate risk) and regulatory risk. The Group's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Group's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Group assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

- Trade and other receivables**

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer.

The demographics of the customer, including the default risk of the industry in which the customer operates, also has an influence on credit risk assessment.

- Investments**

The Group limits its exposure to credit risk by making investment as per the investment policy. Further investment committee of the Group review the investment portfolio on monthly basis and recommend or provide suggestion to the management. The Group does not expect any losses from non- performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors.

Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they become due. The Group manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The Group's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. The management monitors the Group's net liquidity position through forecasts on the basis of expected cash flows.

* Investment does not include investments in equity instruments of associates.

The Group manages contractual financial liabilities and contractual financial assets on net basis.

Market risk

The Group's business, financial condition and results of operations are highly dependent upon the levels of activity in the capital markets and in particular upon the trading volume on stock exchanges, the number of listed securities, the number of new listings and subsequent issuances and introduction of new services which will ease in doing business in capital markets.

In addition to the above risk, market risk also include following:

- **Foreign Currency risk**

The Group's foreign currency risk arises in respect of foreign currency transactions. The Group's foreign currency expenses is insignificant, while a significant portion of its costs are in Indian rupees.

As a result, if the value of the Indian rupee appreciates relative to these foreign currencies, the Group's expenses measured in rupees may decrease. Due to lessor quantum of expenses from foreign currencies, the Group is not much exposed to foreign currency risk.

- **Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term / short- term investment with floating interest rates.

All investment in Debentures and Bonds are at fixed rate of Interest and does not have material interest rate risks. The Group's investments in floating rate are primarily in FMPs of mutual funds, which do not expose it to significant interest rate risk. The Group's exposure to assets having price risk is as under:-

Regulatory Risk

The Group requires various regulatory approvals, registrations and permissions to operate its business, including at a corporate level as well as at the level of each of its components. Some of these approvals are required to be renewed from time to time. The Group's operations are subject to continued review by regulator and these regulations may change from time to time in fast changing capital market environment. The Group's compliance team constantly monitors the compliance with these rules and regulations.

29. Capital Management

The Group's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Group monitors the return on capital as well as the level of dividends on its equity shares. The Group's objective when managing capital is to maintain an optimal structure so as to maximize shareholder value.

The Group is predominantly equity financed which is evident from the capital structure. Further, the Group has always been a net cash Group with cash and bank balances along with investment which is predominantly investment in mutual funds being far in excess of financial liabilities.

35. Employee benefits

35.1 Defined benefits plan – Gratuity

Gratuity is administered through Group Gratuity Scheme with Life Insurance Corporation of India except for CDSL Commodity Repository Limited. The LIC raises demand for annual contribution for gratuity amount based on its own computation without providing entire details as required by the Ind AS 19 “Employee Benefits”. Hence the Group obtains separate actuarial valuation report as required under Ind AS 19 “Employee Benefits” from an independent Actuary. The expected return on plan assets is based on market expectation at the beginning of the year, for the returns over the entire life of the related obligations.

Such plan exposes the Group to actuarial risks such as: investment risk, interest rate risk, demographic risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to market yields at the end of the reporting period on government bond yields; if the return on plan asset is below this rate, it will create a plan deficit. Currently the plan has a relatively balanced investment in equity securities and debt instruments.
Interest risk	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.
Demographic risk	This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, medical cost inflation, discount rate and vesting criteria.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Group has received the Gratuity fund statement from LIC till December 2021. The Group has not received fund statement from LIC till March 2022. Hence, for the purpose of calculation of plan asset as on March 2022 group has prepared fund movement as per the Group's records and rate of return on plan asset is estimated @ 6.95% p.a. as per actuarial report.

35.2 Compensated Absences

The employees of the Group are entitled to compensated absences. The employees can carry forward a portion of the unutilised accumulating compensated absences and utilise it in future periods or receive cash at retirement or termination of employment. The Group records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Group measures the expected cost of compensated absences as the additional amount that the Group expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Group recognizes accumulated compensated absences based on actuarial valuation. Non-accumulating compensated absences are recognized in the period in which the absences occur. The Group recognizes remeasurement gains or losses immediately in the statement of profit and loss.

During the year ended March 31, 2022 an amount recognized as an expense in respect of compensated leave absences is ₹ 220.85 lakh, (Previous year ended March 31, 2021 is ₹ 263.58 lakh).

36. As per the rule the Securities and Exchange Board of India (Depositories and Participants) (Amendment) Regulations, 2016 (the "Amended Regulations"). The Parent Company has determined the IPF contribution at 5% of profit from depository operation after making such contribution according to the Amended Regulations. The profit from depository operations has been determined by reducing the other income for the year from the Net profit before exceptional items and tax for the year after making such contribution. The movement of IPF provision is given below:

- 37.** SEBI vide its circular no. CIR/MRD/DP/18/2015 dated December 9, 2015 (the "Circular") has revised the annual custody/issuer charges to be collected by the depositories from the issuers with effect from financial year 2015-16. With an objective of promoting financial inclusion and expanding the reach of depository services through depository participants (DPs) in tier II and tier III towns, the Circular recommends that the Depository Participants (DPs) be incentivised by way of two schemes. In the first scheme, the depositories shall pay the DPs an incentive of ₹ 100/- for every new Basic Services Demat Accounts (BSDA) opened by their participants in specified cities mentioned in the Circular. In the second scheme, the depositories may pay ₹ 2 per folio per ISIN to the respective depository participants (DPs), in respect of the ISIN positions held in BSDA across all BSDA accounts in the depository. In order to manage the aforementioned incentive schemes, the Circular has directed the Depositories to set aside 20% of the incremental revenue received from the issuers.

Pursuant to the Circular, the Parent Company has set aside ₹ 586.18 lakh during the year ended March 31, 2021 (₹ 437.29 lakh during the year ended March 31, 2020) being 20% of the incremental revenue received from issuers during the respective years, towards the DP incentive scheme.
