DP IT Official can save multiple incident report which occur during the respective quarter.

- Whenever DP saves the record new incident ID will populate in system.
- Once DP IT official click on “Submit” button then DP will not able to save / modify the record.
- DP can upload supporting documents into the system.
- After generating Incident report, DP needs to attach digital signature in the report and upload in system. Once digitally signed report uploaded in system, system will automatically close the report.
