CDSL/OPS/DP/SYSTEM/2021/398

September 09, 2021

### RELEASE OF NEW MODULE FOR LATEST TECHNOLOGY MODULES

DPs are advised to refer CDSL communique nos. CDSL/OPS/DP/SYSTEM/2021/301 dated July 09, 2021 and CDSL/OPS/DP/SYSTEM/2021/353 dated August 14, 2021 informing about the introduction of module named New Modules. DPs were also informed about discontinuation of few old technology modules.

DPs are hereby informed that new technology **BO Upload** module is released to live on August 20, 2021 and is available inside New Modules. DPs will be able to use both the modules (i.e. Old technology as well as New technology) of BO upload. However, new technology module of **BO upload** allows to upload the files **only in zip format**. Zip files are uploaded faster than the normal files as the normal files are first zipped and then uploaded to the server. Account opening zip file should contain the upload file along with the signature files also make a note that BO upload filename with .zip extension should be same as the original filename i.e., if normal filename is 08033200.04563 then zip filename should be 08033200.04563.zip if there is difference in filename then error message will be displayed as “Zip filename and upload filename are not matching” while uploading the file If DP is opted for encryption, then user has to upload encrypted file and corresponding signature files. If filename is 08010900.00760.enc.34 then zip filename should be 08010900.00760.enc.34.zip. The file name format will be same for other menus like modify upload and signature upload. User can check the upload file status in File status inquiry menu. Success/failure reports can be downloaded from Report module as per existing functionality.

DPs are aware that new technology **Upload** module is already released on live and is available inside New Modules. This new module allows to upload the files normally as well as in zip format unlike the old technology module. As Zip files are uploaded faster than the normal files as the normal files are first zipped and then uploaded to the server.

DPs are hereby informed to note that the upload filename without .zip extension should be same as the original filename i.e., if upload filename is **18010900.20082021.00324.enc.34** then zip filename should be **18010900.20082021.00324.enc.34.zip**. If there is difference in filename than error message will be displayed as “**Zip file name and upload File name are not matching**” while uploading the file.

DPs are hereby informed that the old technology **Upload** module will be discontinued w.e.f. Saturday September 25, 2021.
