COMMUNIQUÉ TO DEPOSITORY PARTICIPANTS

CDSL/OPS/DP/POLCY/2022/577

October 4, 2022

CYBER SECURITY ADVISORY

DPs are hereby informed that CDSL has observed that some of its members are using older version of Windows Operating System (OS) which is not supported or is near end of support from Microsoft.

End of Life / support (EOL) (i.e., security updates and technical support from Microsoft) for Windows 7 has been already happened on January 14, 2020.

End of Life / support (EOL) (i.e., security updates and technical support from Microsoft) for Windows 8.1 will happen on January 10, 2023.

As these Microsoft OS versions are EOL / near EOL there is increased risk for malware and/or ransomware infections since there will be no security patches or bug fixes released after end of support by Microsoft. Also, these systems will no longer be compliant with any regulations/guidelines.

Therefore, we suggest you upgrade immediately from Windows 7 to Windows 10, in case it is still in use. We also suggest upgrading from Windows 8 to Windows 10 on or before 31st December 2022 to avoid any risk of malware and/or ransomware infections.

This is to ensure smooth access to CDSL systems from the members.

Queries regarding this communiqué may be sent to **CDSL – Helpdesk** through e-mail on helpdesk@cdslindia.com or call us on 08069144800.
