January 23, 2025

ADVISORY FOR THE CONTRIBUTION OF INFORMATION TO RBI - FIN TECH REPOSITORY

This is with reference to the above, all the Depository Participants are hereby informed that the **Reserve Bank of India's Press Release No. 2024-2025/393 dated May 28, 2024**, announcing the introduction of **EmTech and FinTech repositories**, which intend to collect critical information regarding EmTech/FinTech firms, their activities, technological applications deployed by them.

The Emerging Technologies (EmTech) repository portal is designed for the entities regulated by RBI such as banks and NBFCs, whereas the FinTech Repository aims to capture essential information of both regulated and unregulated entities. The purpose of the repository is to enhance understanding of the Indian FinTech sector from a regulatory perspective and facilitate the design of appropriate policy frameworks. The repositories being managed by the Reserve Bank Innovation Hub (RBIH), a wholly owned subsidiary of RBI, aims to provide aggregate sectoral data, trends, and analytics that will be beneficial for both policymakers and industry participants.

In this regard, SEBI has advised Depositories to encourage their Depository Participants to contribute information regarding the technological applications to FinTech Repository. The FinTech repository is accessible at the URL: <https://fintechrepository.rbihub.in>.

All Depository Participants are advised to take note of the above advisory and requested to contribute information regarding the technological applications to FinTech Repository.

For further details on the repositories or assistance with submissions, Depository Participants are requested to refer support details available on RBI hub/fintech website.

For and on behalf of
