RELID_CDASWEB INSTALLATION USER MANUAL

Overview:

This manual provides a detailed, step-by-step guide for the installation of the new Cdasweb Application, developed on the Dot Net Core platform.

Prerequisites for Installation of REL-ID and WEBCDAS Applications:

Before initiating the installation process, please verify the following requirements:

- ✓ Ensure you have Administrator login credentials for Windows.
- ✓ Confirm that the operating system is Windows 11 or higher.
- ✓ Verify that one of the following browsers is installed:
 - Microsoft Edge
 - Google Chrome

Prior to initiating the installation of the Webcdas application, the Helpdesk Official must configure the appropriate regional settings to ensure that the DP/RTA user does not encounter issues especially with the report module and report generation.

Regional Settings:

Adjust your computer's setting:				
Action Center	Add features to Windows 8.1	administrative Tools	AutoPlay	RitLocker Drive Encryption
Q Color Management	Credential Manager	Pate and Time	Default Programs	
Devices and Printers	🜉 Display	Ease of Access Center	Elle Li

Taskbar and Navigation	Troubl Customize settings for the	display of User Accounts	Mil Windows Defender	P Windows Firewall
Windows Update	Work F languages, numbers, times	and		

Installation Procedure:

The following steps outline the installation process for the REL-ID and CDASWEB applications:

<u>Step no. 1:</u>

Log in using the Administrator Login ID in Windows. Open a browser of your choice and navigate to the following URL: https://www.cdslindia.com/Footer/help.html.

<u>Step no. 2:</u>

Please download all applications listed under the section titled **"Pre-requisites for Cdasweb Installation"** as indicated by the arrow in the snapshot below.

<u>Step no. 3:</u>

Please extract all the files as illustrated in the snapshot below.

	💳 new_relid_24092024.zip	17-Jan-2025 17:05	Compressed (zipped)	69,716 KB
Ó	💳 PDFFontRegister.zip	17-Jan-2025 17:04	Compressed (zipped)	1 KB
	💳 PKZIP_PKUNZIP.zip	17-Jan-2025 17:04	Compressed (zipped)	817 KB
	🚝 SAP_Crystal_32bit.zip	17-Jan-2025 17:05	Compressed (zipped)	69,911 KB

Step no. 4:

Unzip the **new_relid_24092024.zip** file and double-click on the **CDSLSecureappInstaller.exe** installer to initiate the installation of the REL-ID application, as indicated by the arrow below.

	CDSLSecureapp ver 24.01.03 upgrade user manual.pdf	20-Jan-2025 12:08	Adobe Acrobat Docu	693 KB
\Rightarrow	CDSLSecureappInstaller.exe	20-Jan-2025 12:08	Application	80,078 KB

Step no. 5:

Please select the path and then proceed by clicking the **Next** button.

lease specify the directory where CDSLSecureapp 22.06.08-P1 will be	installed. The installer	will create a subfolder	named
CDSLSecureapp" in the directory path specified below. C:\CDSLSecureapp			Browse

Step no. 6:

The installation process will commence as illustrated in the snapshot below:

		X
←	CDSLSecureapp Setup	
	Installing CDSLSecureapp	
		26%
	Installing component Dependencies	
	Show Details	

Step no. 7:

The supporting software has been successfully installed. Please click the Finish button to complete the process.

Step no. 8:

Upon completing the installation of the REL-ID application, a shortcut icon for **CDSL Secureapp** will be created on the desktop, as indicated by the arrow in the snapshot below.

Step no. 9:

Double-clicking on this shortcut icon, as indicated by the arrow, will open the window shown below, prompting the user to select a valid connection profile to connect to the REL-ID application.

Step no. 10:

Please click on the **OK** button and select the connection profile named **"CDSL-INTERNET".**

Step no. 11:

Navigate to Proxy Settings and choose the **"No Proxy"** option if you are not using a proxy. Then, click the **Save** button to confirm and save the profile settings.

A coc	
💠 CDS	LSecureapp — X
🔶 V	Velcome to CDSLSecureapp
畲	CONFIGURE PROXY TO ACCESS THE INTERNET
Home	Use system proxy settings O Manual proxy configuration O No proxy
Proxy Settings	Proxy Hostname/IP Address Proxy Port
Connection Profile	Proxy Username Proxy Password
Settings	Proxy Bypass List
(?) Help	Save Cancel

Step no. 12:

Navigate to the Downloads folder where the downloaded applications are located. Proceed to unzip the **PKZIP_PKUNZIP zip file** as indicated by the arrow shown below.

≔ new_relid_24092024.zip	17-Jan-2025 17:05	Compressed (zipped)	69,716 KB
💳 PDFFontRegister.zip	17-Jan-2025 17:04	Compressed (zipped)	1 KB
💳 PKZIP_PKUNZIP.zip	17-Jan-2025 17:04	Compressed (zipped)	817 KB
🚟 SAP_Crystal_32bit.zip	17-Jan-2025 17:05	Compressed (zipped)	69,911 KB

Step no. 13:

Next, in the **PKZIP_PKUNZIP/PK** directory, select and copy the four files as indicated by the arrow below.

	Name	Date modified	Type	Size			
						Move to OneDrive	
	s msvbvm50.dll	14-Sep-2023 17:05	Application extension	1,324 KB		Add to Favorites	
	PKUNZIP.EXE	14-Sep-2023 17:05	Application	29 KB	Å	Copy as path	
	PKZIP.EXE	14-Sep-2023 17:05	Application	42 KB	Ŀ	Share	
	VEDAS32.DLL	14-Sep-2023 17:05	Application extension	132 KB		Send to	,
				¢		Copy Paste	

Step no. 14:

After copying the aforementioned four files, navigate to the directories **C:\Windows\System32** and **C:\Windows\SYSWOW64.** Paste these files into the specified folders as indicated by the arrow.

(\\192.9.28.150) (H:)	SysWOW64	13-Sep-2023 23:43

<u>Step no. 15:</u>

Navigate to the Downloads folder where the downloaded applications are stored. Locate and extract the contents of the **SAP_Crystal_32bit.zip** file, as indicated by the arrow below.

≔ new_relid_24092024.zip	17-Jan-2025 17:05	Compressed (zipped)	69,716 KB
PDFFontRegister.zip	17-Jan-2025 17:04	Compressed (zipped)	1 KB
MKZIP_PKUNZIP.zip	17-Jan-2025 17:04	Compressed (zipped)	817 KB
SAP_Crystal_32bit.zip	17-Jan-2025 17:05	Compressed (zipped)	69,911 KB

Step no. 16:

In the **SAP_Crystal_32bit/CRR32bit folder**, double-click on the installer file as indicated below to initiate the installation.

Γ			., 1	
	CRRuntime_32bit_13_0_2.msi	20-Jan-2025 15:49	Windows Installer Pa	73,214 KB

Step no. 17:

The installation process for the supporting software will commence, as illustrated in the following snapshot:

🔄 SAP Crystal Re	eports runtime engine for .NET Framework 4 (32-bit) —	×
	VERSION FOR VISUAL STUDIO 2010	
	www.sap.com/sapbusinessobjects	
Validating inst	all	

Step no. 18:

The installation process has been successfully completed. Please click the **Finish** button to proceed.

Step no. 19:

Navigate to the Downloads folder containing the downloaded applications and unzip the **PDFFontRegister.zip file**, as indicated by the arrow in the screenshot below.

	≔ new_relid_24092024.zip	17-Jan-2025 17:05	Compressed (zipped)	69,716 KB
\Rightarrow	💳 PDFFontRegister.zip	17-Jan-2025 17:04	Compressed (zipped)	1 KB
	💳 PKZIP_PKUNZIP.zip	17-Jan-2025 17:04	Compressed (zipped)	817 KB
	💳 SAP_Crystal_32bit.zip	17-Jan-2025 17:05	Compressed (zipped)	69,911 KB

Step no. 20:

Γ

Navigate to the **PDFFontRegister** folder. Double-click on the registry file, as indicated by the arrow in the screenshot below, to register it in the system's registry editor.

Step no. 21:

Next, select the **Run** button to initiate the registration process.

Step no. 22:

The registry editor will request confirmation; please click the Yes button to proceed.

Step no. 23:

The registry editor will successfully integrate the file into the registry.

<u>Step no. 24:</u>

Please double-click on the **CDSL Secureapp shortcut icon** located on the Desktop and input the login credentials that were configured by the **Database Administrator** within the Cdasweb application.

In the provided snapshot, please enter the **DP/RTA ID** and **User ID (Login ID)** that have been created by the administrator.

Step no. 25:

Please click on the **CDAS NEW icon** in the snapshot below to launch the Cdasweb application.
