### **CDSL launches ‘*m-Voting*’, a mobile app for e-Voting**

**Mumbai, May 26, 2016:** Central Depository Services (India) Limited [CDSL] is pleased to announce the launch of ‘*m-Voting*’, a mobile app for e-Voting. This m-Voting app enables Android based smart phone users to cast their vote on company resolutions even while they are on the move. *m-Voting* can also be used for voting at the AGM/EGM venue. The *m-Voting* app can be downloaded from Google Play Store for Android based phones, while the app for iPhone and Windows Phone would be released shortly and can be downloaded from the App Store and Windows Phone Store, respectively.

CDSL is also pleased to introduce a *Single Sign On facility for e-Voting which* enables clients of registered Proxy Advisory Firms, Depository Participants and stock brokers to vote directly from their registered login. Both facilities, *m-Voting* and *Single Sign On*, are currently being offered free of cost to investors.

CDSL’s internet based **e-Voting** Platform enables shareholders to vote online at a place and time of their convenience. The **e-Voting** Platform can be used to conduct voting at AGMs / EGMs (including Venue Voting), Postal Ballots and other meetings thus obviating the need for shareholders to be physically present at the venue of the meeting to participate in the decision making process of companies. CDSL was the 1<sup>st</sup> company to introduce e-Voting in the country in November 2009 and has currently signed over 4,250 companies for its e-Voting facility, of which, 3,800 companies have used the CDSL system for 8,215 e-voting events till date. To know more about e-Voting, visit [www.evotingindia.com](http://www.evotingindia.com)

**About CDSL:** CDSL, a leading securities depository, is promoted by BSE Ltd. and by leading private and public sector banks.
